DIRECT TO WESTERN CANADA

The Canadian Pacific "Winnipeg Express" leaving Toronto at 10.10 p.m. daily, carries colonist, tourist and sleeping cars for Winnipeg and Pacific Coast. The colonist cars, in which berths are free, are new leather-seated cars, and are exceptionally comfortable. This is the only train from Ontario points to Western Canada, and runs the entire distance thru Canadian territory, making the fastest time between Toronto and Winnipeg by several hours, and ensuring a fast and comfortable journey to the West, without change of cars or transfer trouble.

BLYTH'S CORNERS.

This week's budget. Last Wednesday night, March 7 was a red letter night in the history of Varney. The meeting called on that evening for the purpose of organizing a branch of the "Grange" was a decided success in every respect. Mr. W. L. Smyth editor of the Sun, and organizer W. Dickson, of Alma, were present. Mr. Jas Moore occupied the chair, and called the meeting to order shortly after eight o'clock, and after a few brief remarks, called on Mr. Smyth to address the meeting. Mr. Smyth on rising, was given a very hearty reception, and after a few remarks, by way of introduction, entered into the subject with a vim and earnestness, coupled with a thorough knowledge of the great problems confronting our country at the present time, and for nearly an hour the large representation of farmers were held spell-bound by the able ability with which he handled his subject. Mr. Smyth referred briefly to the large deputations of farmers which went to Ottawa in December, the largest deputation that ever appeared before Parliament, and one of the most imposing sights he had ever witnessed, as they marched from their place of meeting to the Parliament house. The object of that deputation was to impress upon the Government the necessity of better and closer trade relations with the United States. Mr. Smyth went on to show how the rolling years have greatly changed the political aspect of the country. In the city of Toronto alone, there is a large section where you can scarcely hear the English language spoken. These people for the most part, have no high ideals for the up-building of this country, and their votes can, and are, being purchased, by our bloated monopolists. Taking up the cry that reciprocity would ruin our manufacturers, Mr. Smyth showed very clearly, by one example, that cry to be entirely groundless. In the year 1891 there was only one factory in Canada manufacturing cream separators. In five years, that industry had increased twelve fold, notwithstanding the fact that cream separators were admitted free into this country. Continuing, Mr. Smyth went on to show the unscrupulous practices which have taken place in this Canada of ours, behind the high tariff wall. One factory, which manufactured exclusively wagon and buggy wheels, were paid \$5000 a year for ten years, just to close up their shop and do nothing. These fellows took this money, or part of it, and purchased autos to chase the farmers off the road. By many infallible proofs, the speaker showed that with closer trade relations, our country would be immensely benefited. Protection, as it stands to-day, is greatly enriching the classes at the expense of the masses, and as an instance in the city of Ottawa alone there are no less than thirty-one millionaires. We are the speaker contended, fast approaching the same condition of affairs as they have it in England, the whole country under the control of a few wealthy landlords. Turning to the special session of Congress, called by President Taft in April, Mr. Smyth was firmly of the opinion, that the Democrats being greatly in favor of the treaty, would insist on a

Good tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea." RED ROSE TEA is good tea NEVER SOLD IN BULK Your Grocer Will Recommend It

EDGE HILL.

Mr. A. Cranston, of North Dakota, was the guest of his cousin, Mrs. D. Edge, last week. He leaves this week for his home. Mr. and Mrs. Sam Jack, Bradford, are spending a few days with his sister, Mrs. H. Williams. Mr. and Mrs. John A. Little, of Proton, were visiting with Mrs. R. Ector, and other relatives. Miss Mary Edge, who is teaching near Atwood, was home from Friday till Monday. Mr. Jas. Edge leaves on Tuesday, to spend the summer at Elbow, Sask. Mr. Clifford Howell, who has been for over a year employed with Mr. Thos. Ritchie, left last week to work with a farmer near Paisley. Mr. Thos. Greenwood disposed of a nice colt, rising two years old, to Mr. Alex. Allan, Egremont. Mr. Albert Irvine, of Grand Valley, spent a week with Mrs. R. Edge and family. Misses Maggie Firth, Petherton and Fanny Ector, Narva, spent the last of the week at their respective homes. Miss Aggie Moffat, of Narva, was the guest of the different Ritchie families in the neighborhood. Miss Amy I. Edge is teaching at Bunnassan during the illness of the regular teacher, Mr. W.S. Farquharson. Mr. Sam. Edge, who has spent the winter with his mother, and other friends here, returned to his home at Antler, N.D., on Wednesday last. Mr. Archie Ector's sale on Thursday last was well attended, and good prices were realized by auctioneer Brigham. On Tuesday evening last the neighbors, young and old, of Mr. and Mrs. Archie Ector, met as a surprise party at their home, to enjoy an evening with them, before their departure for their new home at Elbow, Sask. Mr. John Moffat was appointed chairman, and for the first number on the program asked Mr. and Mrs. Ector to come forward, when a short and appropriate address was read to them by Mr. C.H. Moffat and a presentation of a handsome set of dinner dishes was made by Mrs. H. Williams. Younger members of the family were not forgotten either, as a generous treat of candy was given each of them. Mr. Ector replied briefly, thanking them for their kindness to him and his family, and assured them it was not without considerable regret that he had decided to leave Edge Hill for the golden wheat fields of the West. As he finished his reply, all joined in singing "For he's a jolly good fellow." Short addresses were given, all testifying to the personal worth of Mr. and Mrs. Ector, and the high estimation in which they are held. Along with the speeches, were some singing and recitations. After the program was over, the time was very pleasantly spent in games, singing and dancing, which was kept up till the small hours. Mr. and Mrs. Ector and family are leaving this week for Elbow, Sask. We extend heartiest wishes of the community for their success and prosperity in their new home. The following is the address: Mr. and Mrs. Archie Ector. Dear friends.—We, your neighbors, have gathered here to spend a social evening with you before your departure for the Great West. It is with sincere regret that we see you depart from our community, as during your lifetime amongst us, we have always found you kind and obliging neighbors your good qualities being too well known to need mention, and we feel assured that a change of climate will not alter alter your characters. As a slight token then, of our appreciation of your many acts of kindness, we would ask you to accept this set of dishes. We unite, one and all, in wishing you every success in your new home. Signed on behalf of the neighborhood.—Aggie Williams, Grace Moffat, J. Y. Moffat, H. Williams.

still wider sweep of the tariff, and in that case our manufacturers would use every conceivable means to block the treaty from going through, and money is already now being spent as freely as water among the foreign element of our immigrants, to baffle the agreement from being put into effect. The hope of this country, said the speaker, lies with the farmers, they are the only independent people, who can, and should, act for the general good of the country. With thousands of employees, completely under the control of the employers, coupled with thousands of foreigners ready to sell their votes, where else can the hope of the country lie but with the farming population, and if the reciprocity agreement is ever going to become law, it remains entirely with the farmers to put their shoulder to the wheel, regardless of party feeling, and put it through. Mr. Dickson was the next speaker, and the time being late, he briefly pointed out the advantages of organization, as instanced by the Cowan Drainage Act and the Lancaster Bill, relating to cattle guards in railways, both measures which were procured by united effort on the part of farmers, in bringing influence to bear on Parliament, and also the taxation of railways. The Grange aims to bring producer and consumer closer together, thereby saving a needless outlay to the middle man. He related an instance where a lady near Fiesheron was supplying a lady in Toronto with butter at 22c. per lb. The supply running short the lady in the city purchased a few pounds from the retail merchant, who charged her 35c. per lb. almost half of the cost of manufacturing it. A branch was organized, with 25 members joining before the meeting broke up, the officers elected as follows: Jas. Moore, Master; Dr. Mansfield Leeson, Secretary; J. A. Watson, Lecturer. The Treasurer was not appointed, and the next meeting will be held on Tuesday evening, March 14th, at the same place. Versey, when it is expected that a large number more will join. Intended for last week. The congregation of Knox church Normanby, have installed a system of gas lighting in the church, which appears to be giving entire satisfaction, and are certainly a big improvement on the oil lamps. Mrs. Jas. Ross, of Holyrod, Bruce county, is over to Normanby at the old home, to see her brother Andrew McIlvride, who, we regret to say, has had a very acute attack of asthma and intends to leave for the West again in the latter part of this week. Mr. John Grant, of B.C., gave us a pleasant call one day last week. John has seen a good share of the working ways of the world, and being a genial fellow, he makes a very interesting talker, and we shall look forward with delight to having another visit from John. The Dundalk Herald says: The promoters of the People's Railway, which has a charter to build and operate an electric railway from Guelph to Collingwood, are considering a survey through Osprey township. It is reported that the meetings will be held in the township, in order to ascertain the views of the ratepayers as to the possibility of the municipality investing in the stock of the company.
