

THE DURHAM CHRONICLE

W. IRWIN, Editor and Proprietor.

DURHAM, MARCH 30, 1911

SENATOR McMULLEN IS AGAINST RECIPROCITY

Senator James McMullen was a pronounced free-trader and unrestricted reciprocist in the 18 years in which he sat in the House of Commons preceding 1900.

The Toronto Globe has interviewed the senator upon the question of reciprocity, and reports him as follows:

In this northwestern district of Ontario, North Wellington County, one could not come to a better place to get opinions on the proposed reciprocity agreement.

To-day, however, the senator believes that President Taft and the Republican party are on the eve of defeat, and that these reciprocity measures have been adopted by the Republicans to make up for the breach of faith which President Taft made in not lowering the tariff immediately after his election.

"Supposing reciprocal trade in natural products were adopted," said he, "the history of our dealings with the United States have proven that they would bring pressure in one way or another to allow their manufacturers entrance to our markets on the same basis as those of Great Britain."

"I give the Government great credit for their trade legislation of 1897, which brought the British markets closer to Canada, and which has developed a fleet of cold storage steamers to cross the Atlantic, worth millions of dollars," said the senator.

"I believe that reciprocity will be of advantage to the Maritime Provinces with their hay, potatoes, apples and fish, but I have no sympathy with the Western farmer and his demands," he said.

"In addition to this," said the senator, "we give any settler 160 acres of land free, and now they want to cut themselves off from the East."

The Grand Trunk Pacific Railway had been undertaken at a cost of \$150,000,000 and the senator thought that the country should avoid anything that would mitigate against its success.

BOGUS STATESMANSHIP

Editor Chronicle. I was amused on reading last issue of the Durham Review, wherein he publishes the opinions of a number of residents in and around your burg, relative to the merits and demerits of the Reciprocity treaty.

misfortune gave them the reins of power. Take the treaty of 1854-56 as an example. The first year of that treaty, over and above our exports to them, left us \$11,468,000 in debt.

In 1873, by a brazen falsehood, the Grits, under the renowned? Alex. MacKenzie, attained to power at Ottawa, and at once opened the flood-gates of Free Trade.

In October, 1878, Sir John Macdonald resumed power, and without waiting for the assembling of Parliament, by Order-in-Council re-improved the tariff, whereupon the Toronto Globe of that day raised a piteous howl, accompanied by a vindictive screech, denouncing Sir John's treachery by improving the tariff before the timbermen got in their winter supplies.

During the 1873-78 period, I saw pea-fed pork sold at Flesherton Station for \$1.79 per cwt., the average being \$1.55 for the whole period.

To revert to the budding statesmen who figure in the Review, not one of them can speak from experience, or from the experience of those who "went through the mill" as I did, under the old treaty.

To one and all, let the past be a guide to the future.

Respectfully, S. L. M. LUKE,

BOOTHVILLE.

You will think we were asleep, but "have been too busy to write" attending literaries and grange meetings.

Boothville is pushing itself to the front this year. Lately a Farmers' Grange has been organized, with nearly twenty-five members.

Slighing will soon be a thing of the past, as the snow is fast disappearing.

Miss Mary Wilson is home from Flesherton, after spending the winter months there.

Mr. John McQueen, of Durham, visited friends and relatives here.

Mr. Neil Cameron had a nice lot of wood cut on Thursday, by the men around here.

On St. Patrick's night, a good Irish program was given by Boothville Literary. Then it was decided to have a Scotch night last Friday before the roads would break up.

HUTTON HILL.

Spring is coming, slow but sure. It just gets a nice start, when a few cold days puts it back again and a late cold spring is being prophesied by some.

Quite a number around here have been suffering from la grippe Mrs. Wm. Alexander, and Mrs. Wm Sharp, have been under the doctor's care for some time.

Miss B. Donnelly was suffering from a bad cold but is her usual self again.

As mentioned before in your columns, Mr. M. Grierson had added to his home, a fine Dominion piano for his daughter, Miss R. Grierson who has commenced taking lessons from Miss Meredith, Durham.

Mr. Wm. Smith purchased a Bell piano from Mr. Snell, Durham. His daughter, Miss Annie, is taking lessons from Miss McKenzie, town.

Miss Dora Bradley, Arthur, spent a few days of last week with her sister, Mrs. John Lawrence.

We notice some of the other scribes are waxing hot over the Reciprocity question. We would like to have something to say in the matter, but, being like a young lady who had refused an offer of marriage, was entreated to be, at least, good friends.

Inspector Campbell paid an official visit to the school, and found the progress satisfactory.

Mrs. Graham, and sister, Mrs. Buckler, who have been visiting with their aunt, Mrs. D. Hopkins, since Christmas, have commenced dressmaking in town.

A few around this part tapped their trees, but unfortunately they missed the first five days, and got the buckets out in time for the snow storms and the recent rains.

Mr. E. Armstrong disposed of his fat cattle to Mr. Limin, for a good figure.

MOTHERS!

Preserve Your Children's Hair Every mother should see that her children's hair is dressed with Parisian Sage, the wonderful hair restorer and germicide.

Parisian Sage is a rigidly guaranteed hair restorer, and cures all scalp diseases, prevents hair from falling out, and creates a rich luxuriant growth of hair.

A pleasant hair dressing—ladies like it, and your druggists Macfarlane & Co. guarantee every bottle that they sell at 50c., and stand ready to refund your money if it fails to do its work.

SAUGEEEN VALLEY.

We are sorry to hear Mrs. J. Gray of the 5th con., is ill of la grippe.

Mr. Herb. Allan, of the 5th, was the guest of Miss B. Cuff, Bentinck Mr. Geo. Arnett visited the parental home Sunday, and spent a very pleasant time.

We have had a very long winter but the snow is slowly disappearing. We saw a little robin a few days ago, with his chirping songs of spring.

Mr. Geo. Gray, son of Mr. John Gray of the 5th con., has left for the West to procure a homestead for himself.

Owing to illness, Rev. Mr. McCausland was not able to officiate at Glenelg Centre on Sunday.

THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders A doctor's first question when consulted by a patient is "Are your bowels regular. He knows that 95 per cent. of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rectal Orderlies are a positive pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

THE CURSE OF THE NATION IS CONSTIPATION

"Fruit-a-tives" Alone Cures This Disease

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the Kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver, relieves the congestion—increases the quantity of bile—and strengthens the bowel muscles.

NORTH-EAST NORMANBY.

Intended for last week.

Well, Mr. Editor, you will soon have to join with the rest of us in bidding good-bye to the snow for this winter.

Mr. Samuel Caldwell, formerly of this place, but lately of Varney, had a few teams moving his furniture to Durham for shipment to the West. Mr. and Mrs. Caldwell leave this Tuesday for Lumsden.

Mr. Jacob Fortney passed this way homeward with a fine grey mare, which he purchased in Durham.

Mr. Jas. Baird's colt, which was about 22 months old, sold for \$225 at his sale.

Mr. Geo. L. Sharpe, and Alfred Shillemore are cutting wood at Bonny Doon, and keeping batch hall this week.

We notice the Blyth's Corner man is either turned Grit, or else is contemplating to become a noted politician. He quotes in last issue, a somewhat eloquent lecture in favor of Reciprocity. It may be all right for Uncle Sam but not for Jack Canuck in all things.

We are all trying to shovel up some dollars as we go along. These fellows in Ottawa were lucky to get a big shovel. Perhaps it is our luck that bothers us all when we get the small shovel. We agree with the object of the Grange, but not with all the lecture, and the Treaty.

We notice that,—the Macs, are a bit queer folk—when anything new strikes up. Turn, Donald, turn! for why will ye vote wrong? Master Norman Marshall is slightly on the mend, after a bad attack of pneumonia.

NOTICE

Parties to whom the late Colm McDonald Blyth is indebted, will please inform the undersigned of the respective amounts due them

Colt for Sale

WELL BRED YEAR OLD COLT for sale. Will make fine driver. —Geo. Finney, Durham. 323td
