BLYTH'S CORNERS.

Mr. Wm. Carson is on the fair road to recovery under the skillful aid of Dr. D. B. Jamieson.

One of the twin infants born to Mr. and Mrs. Geo. Seim on April 1st, died on Sunday last. The other little chap and mother are progressing favorably.

Not in a long while have we seen the fall wheat look sicker than it does this spring. The unusual hard crusted snow banks around the fences and the ice on the other parts of the fields, have taxed its enduring qualities pretty severely.

Mr and Mrs. Stockley, formerly Olive Thompson, came up from Toronto one day last week, the latter to stay over for a short time with her parents, Mr. and Mrs. John Thompson, to recruit. Her health being, we are sorry to say, somewhat indisposed and under the doctor's care. Mr. Stockley returned to the city on Monday last.

The cattle market must be nipping up a bit, as the cattle buyers are hustling around lately and fairly good prices are being realized according to quality. Messrs. Limin and Calvert purchased four head from us to be delivered on Monday next at \$5 25 per cwt.

Mr Willie Watson, of Detroit, spent a few days vacation at the parental home in Normanby the past couple of weeks, and returned back to the city on Wednesday last.

At a congregational meeting of Knox church, Normanby, last Thursday, it was decided to keep the gas lights, which appear to be giving good satisfaction.

When we started to write up the

news of this locality we had not the slightest idea that we ever would be promoted beyond the common class, but to our surprise and complete satisfaction we have been whether worthily or unworthily, promoted head and shoulders above the Gander and the wonder is by himself at that.

To be accredited "weather-cock" of this fair township of Normanby is no small honor and we would be greatly obliged to you, Mr. Editor being as you are more familiar with the sly old bird, if you will convey to him our heartfelt thanks for the magnificent honor he has conferred upon us.

Of course it has its humiliating feature and that is the measly surroundings, and the still more measly official, who figured so prominently in the coronation. What he says as regards the Sessional Indemnity, is quite true and no wonder the dilapidated condition of the choking, gasping, quaking Gander on the one hand and the splendid oratory of Mr. Miller on the other, really confused us so much that our brain for the time being, became somewhat deranged.

HOLSTEIN.

Too late for last week.

The Manse is undergoing a thorough renovating to be in readiness for the incoming pastor, Rev. Mr. Malcolm. Messrs. Boulding and Brown are the artists.

The joint auction sale of Dr. Brown and W. J. Kedzie was held on Monday. M. Coulson was the auctioneer and did well.

Still the move goes on. This week W. P. Ellis moved to W. J. Kedzie's residence, and F. McClocklin moved to the residence vacated by W. P. Ellis.

On Monday of this week Mr. and Mrs. Robert Mickleborough had the pleasure of celebrating the fiftieth anniversary of their wedding day. James W. Mickleborough of Toronto, and Mrs. L. B. Nicholson were the only members of the family present.

W. J. Kedzie and family left for Regina on Wednesday. We believe there is a good opening for a tailor here.

We heard the distant but not yet far distant sound of wedding bells.

The Rev. Mr. Matheson of Knox College, spent the early part of the week in one of the homes in the village.

Mr. Andrew Ailes returned on Saturday after spending the winter with his daughter, Mrs. McLellan of Montreal.

James W. Mickleboro' of the Mickleboro' & Muldrew, Toronto, accompanied by his wife, were the guests of his parents and were present at the golden wedding.

Mr. Geo. Alexander's little boy is very ill with pneumonia.

It is with regret that we announce the death of Mrs. Dunlop, who passed away on Friday evening last. Her death was not unexpected as she was ailing and confined to her bed for the last two years. She was 82 years old and a native of Scotland, and was living with her daughter, Mrs. Wm. Brigham, for a number of years.

The funeral took place on Monday to the Hanover cemetery, and her remains were followed by a large cortege of friends and neighbors. The service was conducted by the Rev. Mr. Farquharson of Durham, in the absence of her own pastor. We extend our sympathy in their hours of sorrow

Psychine is the greatest builder of the age. For thirty years Psychine has been curing almost every disease that runs down vitality.

There are still thousands suffering from disease, however Psychine can benefit.

There are still thousands who gradually losing their vitality whose body the necessary power to disease is slowly slipping away.

There are still those who hear the dread "call in the night" and do not take prompt action. To these we have the above to say: "Let us buy a 50-cent bottle of Psychine from your druggist and to you, free, to prove its great value."

That 50-cent bottle of Psychine will be for you. It will give you an unmistakable indication of its wonderful power. It will give you the power to see the phagocytes (the white corpuscles of the blood) and the policemen or scavengers of the body.

The Surgical Department of Japanese Army, in the Japan War, first drew the attention of scientific world to the function of white corpuscles of the blood or leucocytes.

Foreign medical men were astonished to see Japanese soldiers with so that had not been cleaned or disinfected for days, that were apparently ill-kept, and altogether unsanitary. Yet these dirty wounds healed velocity; no army the world had known had such a wonderful result.
