CHAS. HARE MEETS DEATH AT MARKDALE POWER HOUSE

Deplorable beyond the reach of the saddest words was the fatal accident which happened to our respected townsman, Mr. Charles H. Hare, on Thursday last. He was employed by Mr. J. W. Ford running his choppe in the power house. Mr. George Hartley was working outside the power-house endeavoring to remove some timbers of a shingle mill which had been erected there some years ago. Mr. Hare was in the mill, watching Mr. Hartley's operation from an upper window when he suddenly came outside to assist Mr. Hartley with his work. Mounting a ladder which was leaning against the mill, he endeavored to dislodge a stick of timber, and keeping one foot on the ladder he placed the other on the timber. When the latter gave way to his efforts to dislodge it, he was unable to re-adjust himself on the ladder and fell heavily on the timbers below, a distance of fourteen feet, striking the back of his head on a log. Mr. Hartley was immediately carried him to his house nearby where doctors were called but could do nothing to save his life. He lingered for about an hour, never regaining consciousness.

Dr. Bibby, coroner, of Flesherton, was called next morning and when he made an examination of the premises and learned the particulars, he deemed an inquest unnecessary. Charles Hare was born in St. Vincent township about 42 years ago, where he resided until about four years ago when he went to Toronto and worked at the carpenter trade for a few months. He then bought a farm at Vandeleur on which he remained for about two years. A year ago last February he came to Markdale and bought the dray business from Mr. T. H. Wilson. This he successfully handled for five months when he sold to Mr. Wilson and has since been employed with Mr. Ford in his chopping mill. One more day and his contract with Mr. Ford would have been completed. He was married five years ago to Miss Sarah Johnston, daughter of Mr. and Mrs. Arthur Johnston, of Vandeleur, who with two children, a boy and a girl, are left to mourn their sudden and severe loss.

Two brothers reside in these parts, James, in St. Vincent, and Samuel, in Thornbury; also three sisters survive, viz: Miss Margaret, in Woodville; Miss Sarah J., in Thornbury, and Mrs. W. H. Kinney at Tacoma, Wash. Mr. Hare was a member of the Canadian order of Foresters at Vandeleur and that body, joined by thirteen members in the Markdale Furniture Factory, and a number of local members, took charge of the funeral on Saturday. Rev. Mr. Phalen, Presbyterian minister, conducted a short service at the house, when the body was conveyed to the Markdale Cemetery for interment. The Order conducting an impressive burial service at the grave. The pall bearers were Messrs. Ed. Baker, Alex. Wilson, Geo. Pritchard, Geo. Warling, W. J. Hutchinson and Albert Jackson.

Mr. Hare was a highly respected citizen and while in the dray business on the confidence and good will of the business men. His tragic death while in the flower of manhood and with prospects of a bright and successful future, comes as a distinct shock to all who knew him.

It is almost needless to say that the heart of the town bled for the young widow and little children. Indeed if sympathy could avail to lighten a grief so sudden and so severe, the family have it in flowing volume, and Mrs. Hare on her part deeply appreciates the goodness and condolences of the community.

HAMPDEN.

Mr. Thomas Young and daughters, Hazel and Ethel visited with Owen Sound relatives not long since.

Mr. Andrew Geddes left for his home in Melville, Sask. after a month's visit with relatives and friends in South Grey.

Mr. Austin Derby who passed his final examination at Mt. Forest business college is laid up at his home here with a very severe attack of inflammatory rheumatism and is being attended by Dr. Easton of Ayrton. His progress toward recovery is as favorable as can be looked for.

Mr. and Mrs. William Little arrived home after a three weeks visit with friends in Western Canada.

Mr. John Laidlaw returned to his home in Pittsburg. Mrs. Laidlaw will remain for a short time with her parents Mr. and Mrs. Walter Geddes. Mrs. Geddes is improving very slowly from injuries sustained by falling on the ice.

Rev. Dr. Scott of Waka, Sask. who is a Medical missionary to the Galicians occupied the pulpit here last Sunday and gave a very interesting talk on his work there.

None of the farmers in this community have started seeding operations owing to the very backward spring and when the weather does take a change for the better the agriculturalists will have to "reciprocate" some. That word may be in its wrong place but one hears and sees it so much these days that a person is apt to come across it almost anywhere right and wrong.

Having read a prodigious amount on the subject "Reciprocate" written by optimists, and pessimists, sitters on the fence and party antagonists we will not long hence give our views to the reading public in a radical, tragical, incomprehensible and ludicrous manner just to show the four above class of writers that a really fine subject reciprocity is for a debate, re-narration, quarrel or free fight for all.

AT WORK IN 3 WEEKS

\$4 Worth of Father Morrissey's "No. 7" Cured Her of Inflammatory Rheumatism.

Mrs. Agnes Edgar, of Grand Falls, N.B., had a terrible time with Inflammatory Rheumatism. Anyone who has had this most painful disease will understand her suffering—and her joy when she found Father Morrissey's "No. 7" had cured her. She says:

"I took Father Morrissey's Prescription for Inflammatory Rheumatism. I had suffered everything with it, but in three weeks after starting Father Morrissey's Prescription I was able to do my work, and after taking four dollars worth of medicine I was well. I highly recommend it any sufferer with Rheumatism."

Rheumatism comes from bad kidneys. The poisonous Uric Acid which they should remove stays in the blood, accumulates in joints and muscles, and causes agony. Father Morrissey's "No. 7" puts the kidneys right, removes the Uric Acid from the blood and the whole system, and cures the Rheumatism. For a box at your dealer's, or from Father Morrissey Medicine Co. Ltd., Montreal, Que. 63

GRAND TRUNK SYSTEM BUILDING

At Festival of Empire, Crystal Palace, London, England.

The progressiveness of the Grand Trunk in connection with their publicity propaganda is again demonstrated in the erection of a magnificent structure to house their exhibit at the Festival of Empire, which is to be held at the Crystal Palace grounds, London, England, this year. The building is ornate in its architectural style, and is reproduction on a small scale of the new Grand Trunk passenger station now nearing completion at Ottawa.

At this exhibition the Company are putting up one of the finest exhibits that they have ever installed and will embrace all portions of the System, including the Grand Trunk Railway, the Grand Trunk Pacific Railway, and the Grand Trunk Pacific Steamship Company.

The several tourist and fishing and hunting districts in Eastern Canada will be represented through large photographs and a valuable collection of mounted fish and game. Western Canada will be put before the visitors in an interesting and instructive way by large pictures, showing the agricultural possibilities and developments, as well as by the exhibit of grains in the straw, grasses and the products of the land from Manitoba, Saskatchewan and Alberta. The mountain division of the Grand Trunk Pacific will be well portrayed through a series of oil paintings of some of the principal show places of the Canadian Rockies, painted by G. Horne Russell, the well known Montreal Artist, who spent last summer in these mountain fastnesses. The centre of the interior of the building will be occupied by a large model about ten feet square of the "Chateau Laurier", the Grand Trunk's beautiful new hotel at Ottawa. There will also be a large oil painting of a portion of the city of Ottawa, showing the new station and hotel, the parliament buildings and surroundings. Models of the steamships "Prince Rupert" and "Prince George" of the Grand Trunk Pacific North Pacific Coast service will be on view. A separate room has been provided in the building for the projection of cinematograph pictures, and the subjects owned by the Company will be shown several times each day. Among these cinematograph films are Lachine Rapids, Maskinonge fishing near Ste. Anne de Bellevue, Apple Culture near Whitby, Ont., several scenes in the "Highlands of Ontario", Niagara Falls views showing the construction of the new National Transcontinental Railway, and agricultural scenes in Western Canada. Thousands of publications will be distributed. Mr. S. W. Cummings will be in charge of the exhibit.
