

**\$3,600**  
in Cash Prizes for Farmers  
**Your Photograph May Win a Prize**

**AMONG** the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, falling this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly.

Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Circular and book.

**CONFONATION PORTRAITS**

The Chronicle has made arrangements by which our readers can secure most beautiful Coronation portraits of their Majesties. King George and Queen Mary. They are by the celebrated "Langfrier," of London, and copyrighted. The Family Herald and Weekly Star of Montreal, has secured the Canadian rights, and are now offering these portraits free of charge to all who subscribe to that great weekly for the balance of 1911 a Fifty Cents. We will include the Chronicle with the Family Herald for the same period for only 70c, and each subscriber will receive the Coronation pictures. The two portraits are on the one sheet, size about 18x15 inches, a most convenient size for framing. They are acknowledged by competent judges to be the best portraits of Their Majesties in existence, and will become historical growing in value year after year. The small sum of 70c. will bring you both papers until January 1st, 1912, and the Coronation portraits. The latter alone could not be bought for the price.

**CORNER CONCERNS**

Mr. and Mrs. W.J. Cook, of Zion, visited their daughter, and also other Egremont friends last week.

At the Baptist service in St. Paul's church a week ago Sunday Charlotte Bel Patterson, and Amanda Elizabeth Matthews received the rites.

For some time past, we have refrained from making any remarks about young men going to spend a day or two with their best girl, and it is lucky for some of our young fellows that we have, or their performances would have been looked into this week.

Mr. Herbert McLean has purchased a handsome new buggy, which will help to while away the next three weeks, which he expects to go idle, owing to a dislocated wrist, which he got last week, he scarcely knows how

Mr. Robt. Matthews was so unfortunate as to have a horse killed by lightning on Saturday.

The fine rains of late have caused all vegetation to look very prosperous. Hay, especially, looks long and strong, and promises a most abundant crop.

**Got Father Morrissey's "No. 10"**

Just In Time To Save His Life.

Mr. Aylward's letter tells the story: Campbellton, N.B., Feb. 5, 1909. Father Morrissey Med. Co.,

During the winter of 1907, while travelling on the Gaspé Coast, I contracted a severe Cold which settled upon my lungs.

After I returned home I wrote to Father Morrissey explaining my case. I received a letter from him with a prescription for his medicine, which could not be filled at the time here. After one week's delay I received it, just in the nick of time to save my life. After one month's use I felt like a new man.

Yours truly,  
Jno. Aylward.

There is not much time to lose when a cold settles on the lungs. Pneumonia kills within a week. With Father Morrissey's "No. 10" at hand, you don't even have to wait for a doctor. "No. 10" cures all throat and lung troubles. It is a real Lung Tonic, and fortifies against future attacks. Trial bottle 25c. Regular size 50c, at your dealer's, or from Father Morrissey Medicine Co. Ltd., Montreal, Que.

**HAMPDEN.**

Some of those who took in the excursion to the Model Farm, at Guelph last week were Mr. and Mrs. Wm. Henderson, Mr. Thos. Young and son Clarence, and Messrs. Alex. Sharp, James Park, John Burns and John Blasing.

Mrs. David Robinson is visiting with relatives in Galt.

Miss Maggie Geddes is in Preston, at the sulphur springs, to regain her health.

Mrs. Michael Byers, and daughter May, are visiting friends and relatives in Galt.

We were completely shocked last week, on reading Varney news, to see a Chronicle correspondent advocating dog poisoning, and very much afraid some of your scribes might bring him into the menagerie as the Varney Dog Poisoner, and disgrace the whole show, but we are pleased to hear he was entirely unknown, and may never be heard of again.

A fair representation went from this part to the O.A.C. on Saturday. It is usually a profitable day for all who go.

Mr. Jas. Eden was so unfortunate last week, as to lose a mare, caused by choking on oats. A young foal is left motherless as a consequence.

Although a goodly number of entire horses pass through this section this season, they are all of the heavy class, except Young Picador, owned by A.B. McLellan, the well-known Durham agent.

The census enumerator has not called on us yet, so we have not heard any of the fool questions asked, but those who have had a call tell us it reminds them of the old saying that it takes a very wise man to answer all the questions that a fool can ask.

The American Wonder peas distributed by the Roger firm last spring—that may not be their real name—but they have kept so many wondering and watching, that the name has got fixed to them, are now well out in blossom, and have looked of a vigorous growth since they came through the ground, and a great bulk of straw at one time predicted, but the bloom so soon is again causing wonder.

The crowd from this part will likely divide pretty well between the Grange picnic, and the Orange garden party on the fine grounds of Mr. Thos. McFadden, on the 23

When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes:

"For some time I had been in a low, depressed condition. My appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this.

At last Dr. Morse's Indian Root Pills were brought to my notice, and they are one of the most wonderful medicines I have ever known. My blood was purified in a very short time, sores healed up, my indigestion vanished. They always have a place in my home and are looked upon as the family remedy."

Dr. Morse's Indian Root Pills cleanse the system thoroughly. Sold by all dealers at 25c a box.

A Prince Edward county man, who refused to answer the questions of the census enumerator, was brought before a magistrate and fined \$25, and promised that the dose would be repeated if he persisted in refusing.
