THE TENDERFOOT'S WOOING Continued from page 6.

my assistance or die. Does it mat-

Jim looked at him stupidly.

"To you," the doctor added. "No, I don't know as it does matter a whole heap. I rode that devil here in a day and a night to get you. He of Brandon, went on to say; wasn't broke when we left," and he pointed to the weary roan. "I've lied to poor old Bill; I've stolen a horse and done my best to steal a man. now like drunken stars along the edge of the bank not half a mile away.

"If you had told me that it was for a woman I would have come." "But it wasn't." "No?" hesitating questioningly on

the monosyllable, "but you told Bill so. Why didn't you lie to me?" "It wouldn't have helped. didn't go for Bill's woman."

The doctor flinched for the first defend himself, but thought better of it, and shrugging his shoulders asked: "Have you got all my instruments and things there? That is my bag, I think," and he pointed to the satchel strapped upon Jim's horse.

"Yes, I got them before I left."

him, the doctor explored the interior out weigh the advantages.

"Our friend Bill got these, I imahis own case. He always is. Wrap them up in this and put them on the Jim struck another match and the

doctor finished his examination.

"I guess so." but the water-proof case will save from the outside. some of them. I'm glad you brought

that, Mr. Combe." tened the bag in its place again, the will be seriously affected." lights were growing very close now. and the voices of the searchers plainly audible. Combe could distinguish his own name, uttered from time to wheat?"

"Well, what are we waiting for? Aren't you coming?" "Back to Sola Creek?"

"No, to the Risky. Isn't that where you wanted to take me?"

has gone and I can't break the lock." "is the so, and Jim Combe can't cross this bit of a river without a the way," and the dare-devil, crammed the only top hat in Caribou more tightly on his head, spurred his beast into ting his horse now as firmly as Comba himself might have done; slipped again, and the next moment was swimming, horse and man, deep in the angry waters of the Frazer.

Continued next week.

Tobacco, love, and olives are all acquired tastes: a man must eat nine olives, smoke nine cigars and love at least nine women before he

The tobacco habit has its com- torily answered?" pensations. It has been largely the means of putting McGill University on a sound financial basis. Sir Wm. Macdonald. the tobacco king, has given almost ten million

CLOVER SEED WILL BE SCARC Reports from the Ontario red clover districts report that the prospects for seed are extremely poor. Even in the Lake Erie counties, the dry weather during May and June shortened the hay and pasture to such an extent that much of the second growth will be used for fodder. Where the first growth blossomed well considerable seed is forming, which is not usual. However, the clover midge is taking some toll.

tawa Valley and St. Lawrence for the production of seed. If it blosom well, the harvest should be good; if not, it can be turned into hay or pasture. It is easy to harvest clover seed. Mow it when the After it has lain two or three days in the swath to cure, rake it up market." into good sized bundles. It should be damp with dew in order to prevent shelling. It may be housed in a week or ten days. In Decem- more concretely?"

#### HON. CLIFFORD SIFTON STILL OPPOSES RECIPROCITY.

Hon. Clifford Sifton, after announcing his intention not to seek re-election in his old constituency

"I shall be willing to do anything in my power to assist in don't suppose it does matter," and he the campaign against reciprocity. sat down on one side of the boulders The views I have expressed in He could see their lanterns flashing the House have become stronger as the discussion has proceeded.

From a business standpoint the arrangement is upon the whole injurious. General phrases about larger markets and greater freedom of trade are meaningless without application to the partime, and opened his mouth as if to ticular conditions of the country. In any arrangement of the kind proposed there will be some benefits and some injuries. I regard the benefits as largely probla-"Very thoughtful of you. Hand th m matical while the injuries in many up for me to look at. I'm too stiff to cases are certain. Taking the sit- her markets in the past has been Jim obeyed, and by the faint light uation as a whole it appears to a prime factor in making Canada of a match, which Jim had to hold for me that the disadvantages largely

If plenty of con- price at the world's centre of the cave surface is used and the first trade. From there it stiffens the row of teeth removed to create a demand and raises the price at all draft, the seed will be very well the shipping markets of the world. The United States buys its fifty If a Winchester Springs farmer million bushels wherever it is most can grow 5% bushels per acre on convenient, the market price en-4% acres, realizing over \$55 per hanced by the United States deacre for seed besides the value of mand. It makes not the slightest the first cut of hay, it will surely difference where the wheat is the world gets the benefit of the increased demand and the enhanced price caused by the shortage in the States.

"Incidentally I may remark that a study of the statistics and the agricultural conditions of the U.S. does not indicate that she is any

a wheat importing country than she was twenty years ago." But the most serious features

of the arrangement is the sacrifice of our fiscal independence. The more you look at it the more certain does it become that from the moment the treaty takes effect our policy will be controlled by store and dwelling, barn, other fram ? what is done at Washington. Today we are the most independent country in the world. We absolutely control every department of our administration. Once we put ourselves into a state of depend- Lands bought and sold. Debts collected ence upon American markets and American tariffs our freedom is gone. With it goes the mainspring of our national life.

that the policy followed by United States in excluding us from self-reliant and independent country. It was at first a hardship, and there was every excuse for those who sought reciprocity. Now we have overcome the difficulties and won our way through to independence and prosperity there is no excuse for throwing away the advantages of our position. The true path for Canada is the path she has been following-a dignified independence in policy and a vigorous development and careful conservation of her own resources. The treaty is the first step towards the exploitation and subordination of Canada."

HOPES FOR PATRIOTIC ACTION "Have you any opinion to offer

regarding the probable result of the election?" · . "No, but I hope and trust that

of Liberals in Canada who are patriotic enough to put country before party and stand by our true national interests. Particularly I hope that the thousands of young A blend of 1 Manitoba and 1 Ontagio men who have lately been forming themselves into non-political Canadian clubs for purposes of discussion will see that the ideals regardless of party affiliations, throw themselves into the fight. It makes little difference to the Is made from selected winter whe future what is the name of the party which is in power for the next five years, but it is of incalculable importance that the true lines of our national development "The problem before Mr. Borden should be firmly and zealously
