OF HAMILTON, who in musical tours from coast to coast have won golden opinions. Three renowned Artists, Voice and Violin.
Call, or Write to Officers for Programs and Prize Lists.
GEO. BINNIE, PRESIDENT. C. FIRTH, SECRETARY.

NOT GENERALLY KNOWN

Little Bits of Information that Come From Far and Near
Under the sceptre of the Czar of Russia live thirty-eight different nationalities, each speaking its own language, which is foreign to all others. Sixty years ago the population of the United Kingdom was only 27,000,000. In 1901 it was returned at 41,458,721. It is now estimated at 45,500,000.

If there were but one potato in the world, a careful cultivator might produce 10,000,000,000 from it in ten years and thus supply the world with seed again.
Natural gas has been used in China for many centuries. It issues from fissures in the earth near the coal mines, and is led through bamboo tubes to the point where it is consumed.

Where the telephone wires are overlaid the speed of transmission is at the rate of about 16,000 miles a second. Where the wires are through cables under the sea the speed is not more than 6,000 miles a second.
Mr. William Frederick, a commercial traveller, of New York, is said to be the only man who has committed the Bible, with its three and a half million letters, to memory. He can repeat any passage in it, given a start.

A Yorkshire collector of medals, Dr. A. A. Payne, Hillsborough, Sheffield, has been amassing medals for over twenty years, and has a collection of 2,500, worth \$120,000. He has fifty medals that have been connected with either the peerage, baronetage, or knighthoods.

Bands of schoolboys in the agricultural areas of the Karst Mountains, Austria, striving to keep down the plague of locusts, have captured eleven railway-wagon loads. The number of locusts which have been converted from a pest into a valuable food for farm stock is estimated at 45,000,000.
Bull-fighting levies a heavy toll upon human life. During a recent season in Madrid at least twelve bull-fighters were killed and 111 injured, a record of casualties unprecedented in the history of the national sport of Spain. It has been computed that about 2,500 bulls and 3,500 horses are killed every year in Spanish bull-fights.

AN EXPERT BEGGAR

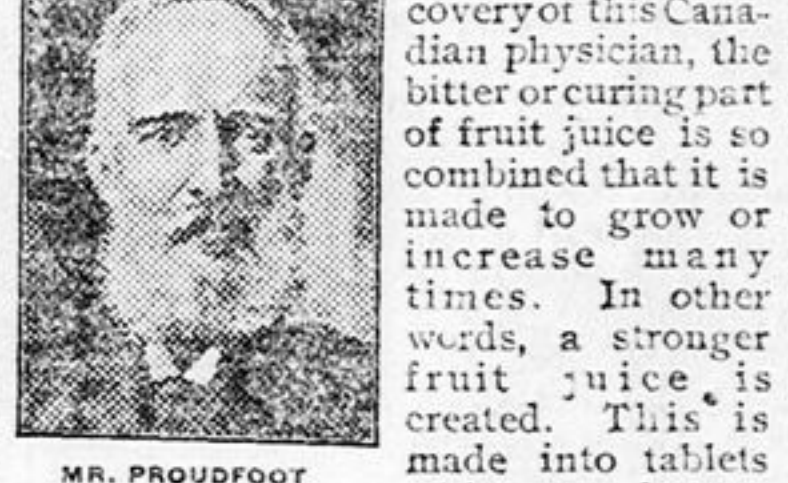

How Lord Rothschild must hate bazaars! At the last one he attended he was badly victimized by a well-known woman author. "Won't you buy? Won't you buy?" she cried, as he walked past her stall. "I would willingly," he said, "but really, the articles you have for sale are rather bulky."
Then, catching sight of a little pile of papers, each bearing the author's signature, he added: "But I shall be proud to purchase your autograph."
With ready wit the lady writer took a slip and scribbled above her name the words: "Received from Baron Rothschild the sum of fifty pounds for charity."

If the baron was staggered he did not show it. Gravely handing her a bank-note for the amount, he said: "Madam, this autograph shall occupy an honored place in my collection."

A DISCOVERY THAT IS BENEFITING THE WHOLE WORLD

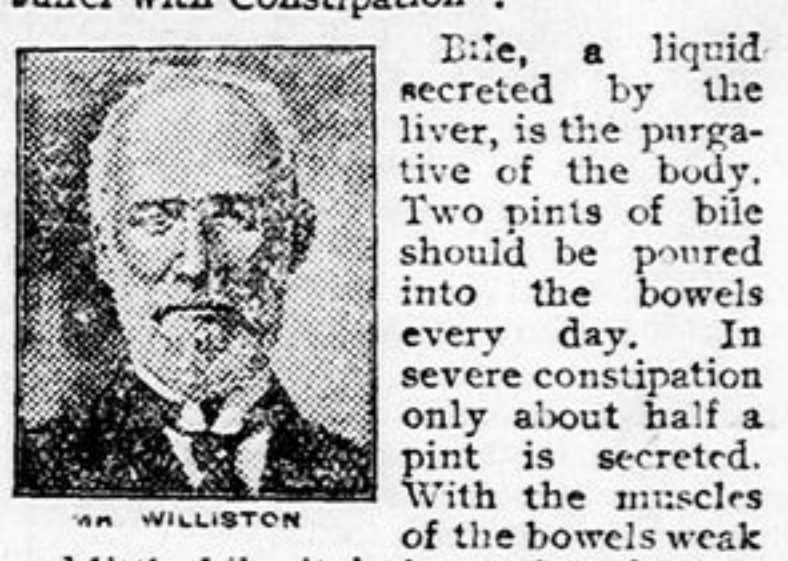

CANADIAN PHYSICIAN MADE IT Wonderful New Substance Formed By Combining Fruit Juices

It takes Canada to do the really big things that are being done. For thousands of years, people have known that fruit was good for them without knowing exactly why. A Canadian physician experimented until he found out.
Fruit juice is about nine-tenths water and one-tenth solid matter. And this solid matter is eight-ninths sweet and one-ninth bitter. It is the bitter principle that is the curative part of fruit. To get the full benefit of fruit, one must eat great quantities of fresh fruit. By the discovery of this Canadian physician, the bitter or curative part of fruit juice is so combined that it is made to grow or increase many times. In other words, a stronger fruit juice is created. This is made into tablets which are known

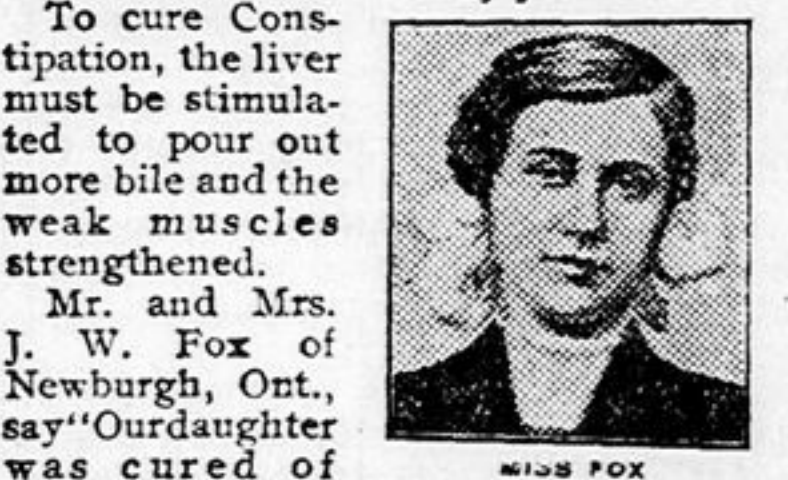

all over Canada under the name of "Fruit-a-tives". "Fruit-a-tives" is the only medicine in the world that cures Constipation. JAMES PROUDFOOT, Esq., of Vankleek Hill, Ont., says "If it were not for 'Fruit-a-tives' I am satisfied I could not live!"

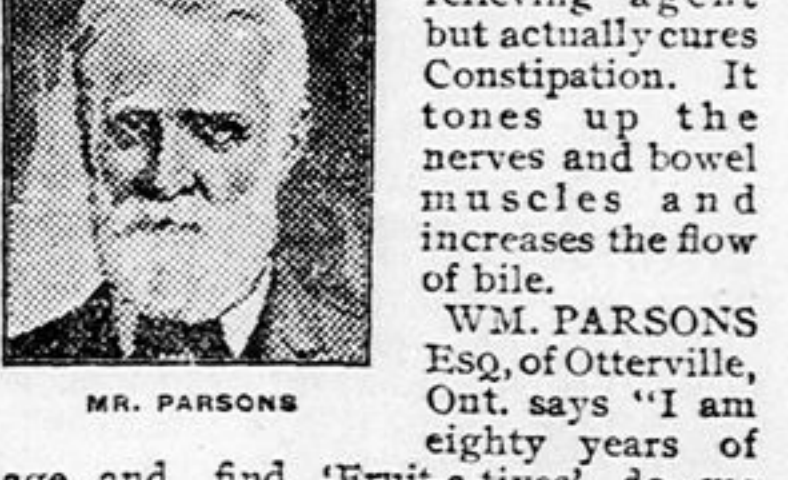

Chronic Constipation means Paralysis of the Bowels. There are two layers of muscle in the bowels which during constipation become thin and weak and cannot act. In severe cases, people go three and even ten days without the bowels moving. N. JOUBERT, Esq., of Grande Ligne, Que., says "I heartily recommend 'Fruit-a-tives' to all who suffer with Constipation!"

Life, a liquid secreted by the liver, is the purgative of the body. Two pints of bile should be poured into the bowels every day. In severe constipation only about half a pint is secreted. With the muscles of the bowels weak and little bile, it is impossible for the bowels to move regularly. A. G. WILKINSON, Esq., of Hardwick, N. B., says "I tried 'Fruit-a-tives' and now I am well from Chronic Constipation from which I suffered for many years!"

To cure Constipation, the liver must be stimulated to pour out more bile and the weak muscles strengthened. Mr. and Mrs. J. W. Fox of Newburgh, Ont., say "Our daughter was cured of Appendicitis by 'Fruit-a-tives' after an operation could save her life!"

age and find 'Fruit-a-tives' do me more good than any other remedy". Remember — chronic Constipation cannot be cured in a day, but 'Fruit-a-tives' will quickly relieve the trouble and certainly cure you if taken a reasonable time.

Senator JOHN COSTIGAN of Ottawa, says "I have been a dreadful sufferer from Constipation for over thirty years. After taking 'Fruit-a-tives' for a few months, I feel I am well from this horrible complaint!" "Fruit-a-tives" will cure you. 50c. a box, 6 for \$2.50, or trial size 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

Ven. Archdeacon Dewdney, of Saskatchewan, who was the English church minister in this parish twenty-one years ago, preached to large congregations last Sunday morning and evening. His sermons were impressive and practical. His old friends were delighted to see and hear him again, and were surprised to notice so little change in his appearance, after so many years' absence. He left on Tuesday morning for Owen Sound, where he took the boat for Port Arthur, and then proceeds by C. P. R. to Prince Albert, Sask. While in Durham he was the guest of Mr. and Mrs. W. B. Vollet.

LOCAL NEWS

Remember Durham Fair, September 26th and 27th. See ad., page 5.
For sale.—1 parlor cook coal stove, good heater, almost new. For particulars apply at this office.

New dress goods, velveteens, velvet ribbons, tray cloths, pillow covers, five o'clock tea cloths etc., at Grant's.

Call at Grant's when you want anything in dry goods. No trouble to show our goods; we consider it a pleasure.

Missionary anniversary services will be conducted in the Methodist church here and at Zion next Sunday, by Rev. A. E. Marshall, B. A., of Holstein.

For sale.—Two first class Yorkshire sows, rising two years old, due to pig last of October. Apply to Franklin Murdock, Bentinck 1 1/2 miles south-west to Durham.

Rev. Randolph Nie, of Palmerston, will conduct the services in Trinity church next Sunday. Rev. W. H. Hartley will conduct Harvest services in Palmerston at the same time.

The party who stole the bicycle from Jos. Firth's stable in upper town a couple of weeks ago is known, and will save himself considerable trouble by returning it at once to Thos. Ryan, at the Middaugh House, or leaving it at the stable where he got it.

The Gazette, Niagara Falls, N.Y., says: "Miss Victoria Stares, a very talented singer, was heard in two solo numbers—they were most delightful—her voice showing excellent culture, beautiful range, and full round tones, and was used with most pronounced musical understanding." Will be heard on 27th inst., in Durham town hall, at Show night concert.

"Miss Madge Murphy, by her performance, proved that she is one of the most gifted and accomplished women violinists appearing in public to-day. Her agile fingers, supple wrists and powerful bow-arm were used with knowledge and authority of a musician. The tone produced was always full, even and sweet, in the most complicated passage work, in which the execution was invariably clear, certain and brilliant." Appearing at the great concert on Show night under the auspices of South Grey Agricultural Society.

The charivari, that old relic of barbarism, has been revived in Durham, and threatens to become a public nuisance, if the authorities don't take hold of the perpetrators and make them pay the penalty of their folly. A young couple has a perfect right to get married and settle down peacefully without interference from the rougher element. Two or three times of late, these abominable charivaris have been indulged in, and it is a downright shame to allow them to continue. We sincerely hope that some of the perpetrators may be hauled up short and be taught a very salutary lesson by our police magistrates. Only on Monday night a very respectable young couple were insulted by a maudlin crowd as they returned from their honeymoon, and the night was made hideous, not only to the young couple themselves, but to the residents of the neighborhood. Much indignation is expressed over the affair, and such conduct must be stopped at any cost.

DEATH OF MRS MCGOVERN

At 9:45 Monday morning, the cries of "fire," and "help," caused excitement to run high. It was soon whispered around that Mrs. Matt. McGovern was frightfully burned in her home in Fuller Ave. She was cleaning the carpet with gasoline, and stepped on a match, the gas was immediately ignited, and in an endeavor to stamp out the flames, her skirts, which were permeated with the fumes, burst into flames, and before help could reach the unfortunate woman, her clothing was burned from her body.

She was hurried to the hospital, and all that skill and loving hands could do to alleviate her suffering was done, but to no avail, and about nine o'clock Tuesday evening the death angel came to relieve the suffering one in the only way that relief could come.
The deceased leaves four small children, the oldest only twelve years, a husband, and a community bowed in tears over the untimely demise of one but in the prime of life, and so universally admired by all.—Bowdle, S. D. Pioneer.
Deceased was the eldest daughter of Mr. W. K. Reid, of this place.—Ed. Chronicle.
