HALF OF THE J. M. HUNTER property, six rooms. Apply to Mrs. Ned McKeehan, Durham Sept. 21, 11

OPEN SORE Baffles Doctors.

Morrissey's No. 4 Eczema Ointment Healed Like Magic.

Nauwigaauk, N.B., Oct. 3, 1910 "I can gladly recommend dear Dr. Morrissey's Eczema Ointment because it cured me of a sore which I had on my ear for over 8 years. I did everything to have it cured, and had the most skillful doctors treating it, but it would not heal up. I went under treatment with Father Morrissey's Ointment, and in a short while it was cured. That was 3 years ago, and I am sure the cure is permanent. When I think how quickly No. 4 Eczema Ointment cured me it seems wonderful indeed, because you know I doctored with several skilled physicians who could not help me. You surely must have a big demand for this wonderful Salve. My only regret is that I did not use it at first, as it would have saved me over 8 years of pain, to say nothing of an unsightly ear and expensive doctor bills." John Ryan

The above prescription is not a "Cure-All" or so-called patent medicine. Dr. Morrissey prescribed it for 44 years, and it cured thousands after other doctors failed. Price, 50c. per box at your dealers, or Father Morrissey Medicine Co., Limited, Montreal.

BLYTH'S CORNERS. Mr. John Marshall has purchased the 200-acre farm formerly occu- pied by Mr. Robert Morice. The price, we understand, was \$4,500.

If lots of rain in the autumn is a forerunner of good crops the suc- ceeding season there certainly will be a big harvest next year, this Thursday being the second day lately that it rained all day.

Invitation cards are out announc- ing the marriage of Miss Mary A. Stewart to Mr. Albert Ruttle. To take place on Wednesday, October the 25th.

Rev. Mr. Moyer, the newly ap- pointed minister in Conn and Woodland congregations occu- pied the pulpit in Knox church on Sunday last and delivered one of the ablest, if not indeed the ablest sermon in our humble opinion, ever preached in old Knox. Cer- tainly it was a most masterful subject, most forcefully and elo- quently delivered and a royal treat.

Friday night last was above the average nights in Varney, the un- usual stir being occasioned by the monthly meeting of the "Farmers' Grange." Fully two-thirds of the members were present and two new members were initiated into the fold. Mr. S. Koenig, of Nor- manby, and Mr. Reid, of Egremont. The subject for discussion was "Fall Cultivation," led by Mr. Wil- bert Blyth, of Varney, shallow or deep cultivation and the results of studied observations were decid- edly in favor of deep plowing as the best way of retaining moisture and increasing fertility. Continu- ing along the same line of discus- sion the best means of destroying Canadian thistles was thoroughly threshed out, some favoring light plowing immediately after harvest and deeper plowing later in the fall. Others favored deep plowing right after harvest. Some gave good experiments of killing in dry weather; others gave equally as good results in wet seasons.

Mr. Jas. Watson is making a brief summary, said it was evident to all that thistles could be killed, at all times in different ways, plowing in dry or in wet weather and as a fitting finish, Mr.

Wilton told of an experience he had with a thistle in 11 where the thistles grew so rank that they were ashamed of themselves and died the next season of heart failure which, needless to say, was the cause of hearty laughter by those jolly old farmers.

During the session three special trains and an auto passed through the village, but we are not aware of any taking advantage of cheap rates. Through the united effort of the Grange bringing pressure to bear on the G. T. R. regarding the getting on and off at the flag stations of passengers, complete satisfaction was guaranteed and a new time-table issued which is al- ready in effect. Hats Off, to the Grange. Mr. Thomas McNiece was appointed to attend the annual meeting of the Dominion Grange to be held in Toronto on the 6th and 7th of December. At the next meeting in November, Dr. Leeson will give an address on Medical Science and a free entertainment and lunch to all members and fam- ilies of the Grange.

The very Rev. Dean Houston, M. A., D. C. L., Dean of Niagara, who died in Toronto on Monday of last week, was one of the pioneer clergymen of Mount Forest, and was born in Carleton Place in 1834. He served in the ministry for 51 years, all of which were spent in the Diocese of Niagara. In 1851 he entered Trinity College, Tor- onto, matriculating with honors, being the first prizeman of his year. At Easter, in 1859, he was ordained priest by the Right Rev. John Strachan, first Bishop of Toronto. After his ordination Dean Houston was sent as travelling missionary, ministering to the spiritual needs of six townships lying midway between Guelph and Owen Sound, a comparatively re- cently settled district, where much travelling had to be done on horse- back. He had his headquarters at Mount Forest where he resided. After his arduous work for seven and one-half years he was pro- moted to a parish in the vicinity of Hamilton, consisting of Grace Church, Waterdown, and St Mat- thew's on the plains west of Bur- lington, near Burlington Bay. In October, 1878, Dean Houston was appointed rector of Christ church, Niagara Falls, where he officiated for 31 years, until the time of his retirement from active duties last year. At the jubilee celebration of his alma mater in 1908 the Convo- cation conferred upon him the degree of doctor of common law. In 52 years of his ministerial life missed only two Synods of his Di-ocese—the portion of the Diocese of Toronto, afterwards incorporated as the Diocese of Toronto. The fu- neral took place at Niagara Falls on Thursday.—Mt. Forest Correspondent.

When you have a bad cold, you want the best remedy obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion. "I have sold Chamber- lain's Cough Remedy for fifteen years," says Enos Lollar, of Sara- toga, Ind., "and consider it the best on the market." For sale by all dealers.

ALGONQUIN NATIONAL PARK. The high altitude of the Algon- quin National Park of Ontario is one of the attractions and has much to do with the benefit derived from a visit to it. The elevation above sea level at Algonquin Park Station, the objective point on the railway, is 1700 feet. There is tonic quality to the air which must be experienced to be under- stood. With prevailing winds from the north and west, the air is pur- rified by its journey over millions of square miles of forest land, much of which is pine and balsam. The "Highland Inn" offers ex- ceptionally good accommodation to visitors and any season of the year is a good time to visit this territory. The inn is open all the year round. Handsome publication and all information free on ap- plication to A. E. Duff, District Passenger Agent, G.T. Ry., Tor- onto, Ont.

A DEADENING HABIT. A fault-finding, criticizing habit is fatal to all excellence. Nothing will strangle growth quicker than a tendency to hunt for flaws, to rejoice in the unlovely, like a hog, which always has his nose in the mud, and rarely looks up. The direction in which he looks indi- cates his life aim, and people who are always looking for something to criticize, for the crooked and ugly, who are always suspicious, who invariably look at the worst side of others, are but giving the world a picture of themselves.

The disposition to see the worst in the best grows on one very rapidly, until it ultimately

Good tea is the result of care and experience in blending—must be the combination of fine flavor, smooth strength and richness. Because all these elements are so generously included in Red Rose Tea it well merits the term "good tea."

NEVER SOLD IN BULK  
Your Grocer Will Recommend It

strangles all that is beautiful and crushes out all that is good in oneself. No matter how many times your confidence has been betrayed, do not allow yourself to sour, do not lose your faith in people. The bad are the excep- tions; most people are honest and true, and mean to do what is right.—Success.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Chamber- lain's Cough Remedy for his boy, who had a cold, and before the bottle was all used, the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers.

MUSTARD KILLED BY SPRAYING.

Replying to your interrogation, we may say that in the year 1910 we secured an outfit for spraying mustard, and used it that season, but with rather unsatisfactory re- sults. This year the sprayer was a success. We used it on two fields, about twenty acres, and there was scarcely any mustard perceptible at threshing time. In other years the grain would be a third mustard. We sprayed this summer just when the mustard was beginning to flower, and used about 12 lbs. of bluestone to 40 gallons of water. We boiled the water before putting it on the bluestone, as the chemical dis- solves so much more easily. We put about 100 pounds of bluestone in a large barrel, and measured the water we put in and kept con- stantly stirring till it was dis- solved, and put about a tenth of the mixture to 40 gallons of wa- ter in the tank on the sprayer. We strain the water through cheese- cloth before putting in sprayer, also the bluestone mixture; the wire strainer on the sprayer is not sufficient of itself.—Advocate.

DEATH OF MRS. W. K. FLESHER.

At the advanced age of eighty- six years, and eight months, and being the gratification of her oft- expressed desire during her last illness that the Lord of Life would take her to rest before the storms of another winter would sweep over the land, Mrs. William K. Flesher passed peacefully away on Saturday afternoon at the home of her son-in-law, Dr. T. S. Sproule, M. P. Mrs. Flesher's long life in Canada was spent mainly in Flesheron and Markdale. She was born in Alkboro, Lincolnshire, England in 1825, and at the age of 22 years in the picturesque village of Alkboro, united hand and heart with William Flesher. Immediately after the wedding Mr. and Mrs. Flesher set sail for Can- ada, the voyage occupying nine weeks, and they first settled at Bolton village, where Mr. Flesher engaged in the milling business with his brother, John Flesher. In 1853 they moved to Artemesia township, being almost the first settlers in that district. Mr. Flesher was the founder and for many years one of the most prominent citizens of Flesheron. In the early days of settlement he was post- master, magistrate, druggist and even sometimes doctor. He exert- ed a great influence in the affairs of Artemesia township, being reeve for 15 years, 7 of which he was warden of the county. He also stepped into the parliamen- tary arena and for a number of years was the Conservative mem- ber in the House of Commons, the

position being held since his retire- ment by his son-in-law, Dr. Sproule. While in England, four years ago in December, which, by the way was his 35th trip across the Atlantic, he passed away at the age of 80 years. About 12 yrs. ago, Mrs. Flesher came to reside with her daughter, Mrs. Sproule, and tenderly and affectionately and at much personal sacrifice, the latter has taken care of her aged mother during her declining years. In Flesheron, where Mrs. Flesher lived for nearly forty-six years, there were few in the earlier days who, in some way, had not basked in the beautiful radiance of her disposition. "Always the same" is said of her. She was a beautiful character, an affectionate wife and mother and a consistent Christian, being a member of the Flesheron Methodist Church dur- ing the years of her long residence there. Her sweetness, simplicity and sympathy won every heart that ever communed with her. One sister at the age of ninety- one still resides in England. To Mr. and Mrs. Flesher were born three boys and three girls, of whom the following survive: Mr. J. W. Ainsley, of St. Catharines; John Flesher, of New Zealand; and an adopted daughter, Ida, now Mrs. Abram, of England.

The funeral took place on Tues- day afternoon to Flesheron ceme- tery. Rev. Jos. Young conducting a short service at the house be- fore the funeral cortege took its departure. The pall bearers were: Messrs. W. J. Bellamy, W. G. Pickell, Wm. Flesher, John Heard Thos. Clayton and R. J. Sproule.—Markdale Standard.

CLASSIC CITY CHRONICLES.

During the summer a few expe- iments in farm products were con- ducted in the school garden of the Normal School. One of the most interesting of all experiments was in connection with the growing of potatoes.

Six rows of potatoes were plant- ed containing seven hills to a row. In the first row the sets were one- half ounce cut from four-ounce po- tatoes. In the second the sets were one-eighth ounce, cut from four- ounce potatoes. In the third the sets were one-half ounce cut from whole four-ounce potatoes were used. In the fifth row whole four-ounce po- tatoes with some of the eyes remov- ed were planted. The following re- sults were obtained:—

From the first row 42 potatoes weighing 111 ounces were dug; from the second 29 potatoes weigh- ing 46 ounces; from the third, 66 potatoes weighing 158 ounces; from the 4th, 59 potatoes weigh- ing 138 ounces; from the 5th, 61 potatoes weighing 144 ounces and from the 6th, 60 potatoes weigh- ing 105 ounces.

The Turkish Club of the city held one of their famous Pow-wow and Moon-feasts in their Grand Tent in the Oasis, City Hall, last night, the 19th. Twenty-seven can- didates crossed the burning sands of the desert and were duly and properly put through the mysteries and impressive rites of the Tribesmen's Society. A charac- teristic Turkish Band furnished indescribable music during the in- itiation which greatly assisted in keeping up the drooping spirit of the traveller during the hot peril- ous journey over the weird lonely solitudes of the Great Sahara. Car- avans from outlying oases brought many tribesmen who came to spend a few delectable hours with their brother Turks. A sumptuous Moon-feast followed the great pow-wow. It was an unspeakable time as your scribe can readily testify as he was one of the can- didates.

Night classes have been organ- ized at the Collegiate Institute this fall and are open to all free of charge. Last night there were 198 citizens in attendance who are taking advantage of this excellent opportunity to improve their edu- cation.

The political teapot is beginning to boil. The Conservatives of North Perth held a convention in Mitchell to-day for the purpose of selecting a candidate. This is the riding in which Hon. Nelson Mon- teith lives. The president of the Normal School Literary Society, Mr. Chas. Ramage of Durham, is proving to

Get the Proper Form Farmers taking notes at a sale should be careful to see that they are properly drawn. A mistake in the form does not always render the note void, but usually causes trouble. The proper forms to use may be obtained from this office without charge. Ask for them.
