

THE DURHAM CHRONICLE

M. IRWIN Editor and Proprietor.

DURHAM, NOVEMBER 16, 1911

BLYTH'S CORNERS.

Intended for last week. Rev. Mr. Loughheed, a returned Missionary from North Honan gave a very interesting and instructive address in Knox church, Normanby, on Monday night last to a fairly large audience.

North Honan is about the size of Western Ontario, and its people are much larger than the Chinamen to the south. Agriculture is the principal occupation of the people. Everything is in a very primitive stage as yet, but China has advanced more in civilization and Christian progress in the past ten years than she has done in the three thousand years previous. The speaker explained briefly the cause of the present war in China which was chiefly brought on through the blunders of the Government which had its origin in 1901 when the Boxer uprising was in progress. Their motto appears to be "China for the Chinamen," and in their efforts to devise ways and means to accomplish that the people have become greatly burdened by taxation. Hence the present state of open rebellion which the Rev. gentleman hoped would not be successful as he was sure the Government would eventually bring things to satisfactory solution to all concerned.

China wants and in fact is clamoring for everthing Western civilization has except religion. One Missionary can accomplish more now than ten could a few years ago, and one Missionary can do more now than fifty will be able to do in the next generation. Paganism as a religion is dead, and the whole country is in a state of seething and boiling, and if those who profess Christianity will not strive all within their power to give them the uplifting gospel of Jesus Christ, then China will most assuredly drift away into infidelity and perdition. The speaker said as he was driving along the road from Holstein, it made his heart sad, the great contrast with our fine large bank barns and comfortable houses and cultivated farms, the direct fruits of Christianity, as compared with the awful misery now existing in China. In that part of China, the size of Western Ontario, where he is laboring, in all probability not less than one million people will starve to death this winter. What a shocking thought. Yet, in the face of these conditions, how very grudgingly some will give to missions. At the close of the address a free-will offering was taken up which amounted to in the neighborhood of \$20.

The funeral to-day of the late Mrs. Wm. Walker, of Holstein, who died on Thursday, November 2nd, after a somewhat lingering illness from kidney trouble takes place to Maplewood cemetery. The deceased lady, whose maiden name was Lizzie Johnston, was the youngest daughter of the late Wm. Johnston, and sister of Wm. Johnston, of Durham, who, with an only remaining sister, Janet, on the old homestead, are the only surviving members of a once large family. We extend our sympathy to the sorrowing husband and family in their affliction.

The largest number of wild geese we ever saw in one flock passed this way on Monday. There were about ninety in the flock, and their squawking could be heard half a mile away. From our observation pinnacle, we didn't see "The Gander."

Just why some people are possessed with a mania for haggling down those beautiful clumps of cedar bushes along the wayside, is one of the many things we never could understand. We noticed to-day where some blockhead cut down a beautiful clump at the foot of Calvert's hill, near Orchard which in our way of thinking, was a great lack of taste. We have not half enough of these kind of trees along the roads, not only for their beauty, but for their many other advantages, and our township officials could not do a better act than to make a by-law strictly prohibiting the destruction of these trees. Where they are encroaching too close on the road, they can be trimmed up some, and one trimming is all they need. Jimmy Marshall is a man whose taste is not all in his mouth and gave a very good object lesson last winter on the beautiful grove opposite his farm, which will remain a splendid monument to his taste and common sense.

"It is a pleasure to tell you that Chamberlain's Cough Remedy is the best cough medicine I have ever used," writes Mrs. Hugh Campbell of Lavonia, Ga. "I have used it with all my children and the results have been highly satisfactory." For sale by all dealers.

in tea must be distinctive, pleasing and unvarying to merit continuous use. The flavor of Red Rose Tea is all its own; and it never fails to win and hold approval because it never fails in quality. Try it.

EDGE HILL.

Intended for last week. Mr. Clarence Staples, of Markdale, is visiting his brother, Mr. Fred Staples.

Miss Maggie Edge went to Toronto Tuesday.

Mr. Geo. Firth, of Jessopville, was visiting friends in this neighborhood last week.

The Misses Ramage, of Durham, were guests of Miss Kate McFadden on Friday.

Mrs. Jas. Edge spent a couple of days in town with her daughter, Mrs. Wm. Scarf.

Mrs. Hopkins, and Miss McFadden, of town, were visiting at Mr. Wm. Edge's the beginning of the week.

The Edge Hill Union Sunday school social was held in the Grange hall on Friday evening last. Tea was served shortly after 5, when ample justice was done to the bountiful supply of eatables, generously supplied by the ladies. After tea, the program was placed in the hands of Mr. Thos. Banks, former superintendent of the Sunday school, who made an efficient chairman. The program consisted of singing, and recitations, and also some very fine violin music by Messrs. George and Thos. Ritchie. There was no admission fee, but a collection amounting to over \$6 was taken up and is being sent by the Sunday School as a contribution towards the maintenance of the Hospital for Sick Children, Toronto. The meeting was closed with the National Anthem.

A BARGAIN INDEED.

Two cents a week is exactly what it costs to guarantee you the greatest treat you ever enjoyed. That small amount per week, or one dollar a year will secure you the greatest amount of newspaper reading to be had on this continent. We refer to the Family Herald and Weekly Star of Montreal, by long odds the best family and farm paper printed. In addition to the paper, a most beautiful premium picture is included. It is entitled "Home Again," and is well worth the dollar alone. No home in Canada, be it ever so rich, or ever so poor, can afford to be without this bargain.

Credit

JAS. LEGGETTE, Prop. ROBT. BRIGHAM, Auct'r.

CORNER CONCERNS

The assessor has gone his rounds again. Ergemont is experimenting with fall assessment. Mr. Walter Reeves is doing the work.

Mr. Henry Lawrence, of Glenelg, was down in our township near Boothville and purchased a fine young horse at a big figure in the neighborhood of \$200.00.

Mr. Herb McLean is helping Mr. James Johnston build a silo for George Binnie, of Glenelg Centre. It has been bad weather of late for working with cement.

The chicken-pox is prevalent in this neighborhood, but nothing serious is likely to occur. The school average will suffer somewhat in consequence.

Hallowe'en passed off unnoticed so far as annoying pranks are concerned.

Mr. Joe Lennox was so unfortunate last week as to run a nail into his foot far enough to make walking bad for him. We hope no serious results will follow.

Mr. Peter Black, while working in the woods last Thursday was struck by a falling limb which broke his shoulder bone and made a bad cut in his head and left him for some time unconscious. His dog, we learn, was the first to give the alarm by coming home and acting in such a way as to cause Mrs. Black to follow him to the scene of the accident. Dr. Jamieson was in attendance and we hope the patient will soon recover.

The Orangemen of surrounding lodges attended St. Paul's church on Sunday afternoon to the number of about fifty, which added to the general congregation made a crowded house. Rev. Mr. Hartley addressed them from the Book of Esther, by way of comparison showing how the evil plotting of designing men can be frustrated and even turned against themselves by the working of Divine Providence, and advised all who wished to have their efforts successful to pursue right objects in accordance with Divine teaching. Politically and otherwise he directed their efforts to fair play, equal rights and privileges to all, and special favors to none. Giving just dues to everyone leads to a peaceful and satisfied state of affairs, while special privileges to any class will lead to contentions and ill-will. In conclusion he spoke of the religious duties of all Orangemen in attending church service regularly and furthering the spread of the Gospel. After the service a hearty vote of thanks was tendered the speaker for his able address.

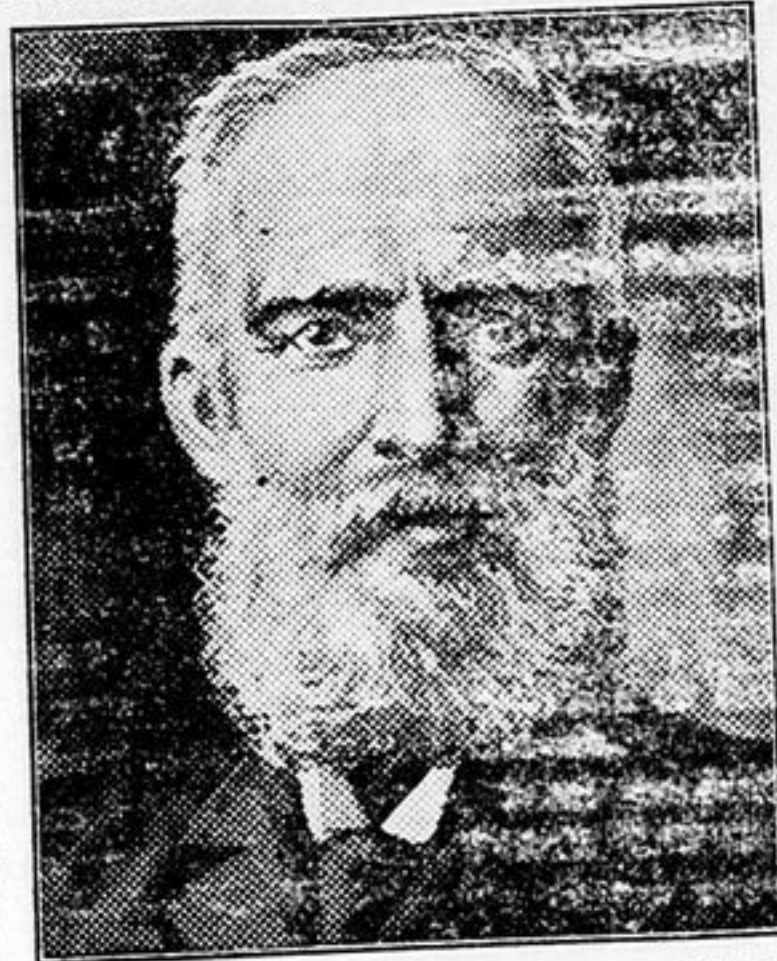

Our Sunday School concert seemed to have everything favorable and was consequently one of the best ever held in this place. In fact many pronounced it the very best. The night was fine, the roads good, and all the invited entertainers present and in the very best trim. The order, too, was so good as to draw favorable comment

TORTURED FOR THIRTY FIVE YEARS

I really could not live without "Fruit-a-tives"

FENAGHVALE, ONT. Jan. 29th 1910. "For thirty-five years (and I am now a man over seventy) I have been a terrible sufferer from Constipation. No matter what remedy or physicians I employed, the result was always the same—impossible to get a cure. About two years ago, I read about 'Fruit-a-tives' and I decided to try them.

I have used 'Fruit-a-tives' ever since. They are the first and only medicine that suited my case. If it were not for 'Fruit-a-tives' I am satisfied that I could not live." JAMES PROUDFOOT.

The greatest remedy in the world for all forms of Indigestion and Dyspepsia, is "Fruit-a-tives". Doctors as well as hundreds of people proclaim it.

"Fruit-a-tives" cures all stomach troubles because it makes the liver active, strengthens the kidneys, purifies the blood and keeps the stomach sweet and clean. "Fruit-a-tives" is the only remedy made of fruit juices. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

from one of the entertainers. The school children acquitted themselves well under the skillful training of Miss A. Scott. Amongst the entertainers were five members of the Green Grove Literary society, in a well-rendered dialogue. The McClocklin brothers, Mr. Frank Irwin, and Mr. Hoig, of the Standard Bank, rendered vocal selections, which were well received, and Mr. Wm. and Miss Mary Ramage, and Miss Mary Brown, well maintained the high reputation they have won, as sweet singers. Rev. Mr. Hanson, of Varney, made a neat little speech, and a goodly number of acquaintances and friends during the evening. The Gordon family gave some good instrumental music. Mr. Thomas Tucker read the school report. Rev. Hartley occupied the chair, and gave a good reading. The choir rendered some good music; also a duet by Mr. and Mrs. Wm. McFadden. Prizes given to the scholars, and hearty votes of thanks to those from a distance who had so ably assisted us with our program, also to Miss Scott for her pains in training the children, preceded the singing of the National Anthem. Proceeds \$20.

MORTON'S COUGH POWDER FOR HORSES AND CATTLE

If any of your stock have a cough, (and they are just as liable to take a cough or cold during the changeable weather as a human being) don't put off getting something reliable for it, as a little cough often leads to more serious trouble.

MORTON'S COUGH POWDER

is the most reliable preparation made, it contains ingredients which have a direct action upon the lungs and bronchial passages.

Don't be induced to buy something you or the seller knows nothing about. Get the old reliable preparation.

Morton's Cough Powder
