LETTER TO THE EDITOR

This is Thanksgiving Day, and the people of this prairie can be truly thankful for the delightful change in the weather, which for the past ten days has been such as to bring joy and comfort to the grain growers, whose hopes were in the last two months down to zero several times every week, and at their wit's end to know what to do, to put the grain in stack meant heating, and to thresh it meant moulding in the granary, and the safest men in the end were those who left it in stock, as it is now in better condition than at any time since cutting, in this district November 4th, about 75 per cent. of the threshing is done. The yield is very good, but the grade is away off, No 3 Northern being the best. Every farmer has from two to ten thousands and bushels wheat, and as the price is very good for the quality, it will mean considerable cash in circulation in the west. Other grains and vegetables are also good but as there is not much outside market for them, owing to heavy freight charges, it does not pay them to ship. Ontario would not allow us the American market which is the nearest, and the rail haul is too far to put oats and barley on the eastern market, and leave the grower a profit.

Ontario may have her own good reasons for voting against reciprocity, but rural Manitoba, the cradle of the g. g. Assa, and the parent, the child of the farmers of that province, to be strangled by the parent, passes understanding. When we consider that wheat at Minneapolis is from 8 to 12 cents a bushel higher than at Fort William the year round, and on barley and flax, the margin is much greater. That any intelligent western farmer, who gave the matter thought or consideration, would so far forget his own interest and vote for a restricted market, is beyond comprehension, but sentiment means much with some people and it is wasted words fighting for a "Lost Cause" and I will accept defeat as I often did before with as good grace as possible and trust that the Borden Government in whose platform there are a number of splendid planks and if they are all implemented which doubtless they will, we may not regret the change, and the country go on to prosper, and if we have good government it matters not be it Tory or Grit. The Liberals were not all that was expected of them seeing the manufacturers "had nothing to fear" as they were told in pre-election speeches, and the Railways and Express Companies are not much afraid of the Commission as they do business in about the same way, at the old rates which according to the Winnipeg Free Press the C. P. R. charges Canadians more for hauling a loaded car a hundred miles than they do the Americans on the "Soo Line". The rejoicing in Ontario at the defeat of the Pact reminded me of the story of "The boys and the Frogs", it was fun for the boys in the east, but something different to the boys of the west, in Saskatchewan and Alberta, who voted for a free exchange of natural products, 15 to 2

CAN YOU ASK MORE?

Your Money Back for the Asking You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to everyone who uses it according to directions, who is not perfectly satisfied with the results. We exact no promises, and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want everyone who is troubled with indigestion or dyspepsia in any form, to come to our store, and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. If they don't please you, tell us, and we will quickly return your money. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c., 50c., and \$1.00. Remember, you can obtain Rexall Remedies only at our store—The Rexall Store, Macfarlane & Co.

RED PAINT.

I have painted towns and cities in the good old fashioned way, and I tell you, William Henry, that such painting doesn't pay. I am in the red and yellow, and my life's not worth a darn: I am working as the butler of a fourth-rate livery barn: I am everybody's servant, but for everybody's jeer: even mules reach out and kick me when they see me standing near, I might own this blooming village—that is truth without a taint—if I only had the money I have blown for crimson paint, I might ride in chug-chug wagons, I might cut all kinds of dash, if those scarlet decorations could be realized in cash. To us poor old worn-out codgers memories are running sores; we are running trifling errands, we are doing childish chores, taking kicks and jeers and curses for the pennies that they yield, just to keep our bones together till we land in Potter's Field, and our thoughts of youthful folly make us sick at heart and faint—we might live in peace and honor, but for ventures in red paint!—Walt Mason.

RIVERDALE.

Quite a number from here took in the Whitney meeting in Durham last Wednesday night and heard a good address.

The municipal pot is beginning to simmer, and with Wm. Weir out for the reeveship, and Bob Lindsay and Jim Atkinson out for the council things will likely be pretty lively in this part.

Quite a pleasant time was spent at the home of Mr. and Mrs. Thomas McGirr last Friday night when the members of the Literary Society, to the number of about forty met to make arrangements for a debate which will take place in the latter part of December. Mr. Ernest McGirr and Miss Anna Scott are captains.

Mr. George Aljoe has finished fitting up part of his stable with cement flooring. It is fitted up with steel stalls and stanchions of the famous Loudon make, sold by George Arrowmith, of Durham.

Mr. Wm. Atkinson has bought a dandy new cutter and he intends to make things go.

Mrs. Robert McFadden spent a couple of days at her old home at Traverston last week.

The election campaign is now on in full swing, though not so lively as the last. There are a great many questions to be considered. The present Government has given good service during the past seven years and while they continue the people have no thought of turning them out and replacing them by others of whom we know little or nothing. It would be foolish to do so or even to think of such a thing. Vote for Jamieson, Whitney and progressive Government.
