MEANING OF THE CROSS

This cross (in red) has been adopted in Canada and all over America as the emblem under which the Crusade against Consumption is carried on.

Every reader knows of the ravages of this disease; how, too often, the bread-winner of the family falls a victim, or the young man or young woman, with a promise of a happy and useful life, is stricken down.

This modern Crusade, like the one of old, is a winning fight. The death rate from Consumption in this province shows a decrease of over 25% in the past few years.

Nearly 6000 of these poor sufferers have been cared for in our Consumptive Homes in Muskoka and near Weston. To-day we have 300 patients under treatment—patients who, if they had the money, could not through fear of contagion gain admittance into other hospitals.

In the Muskoka Free Hospital alone we are now caring for 156 patients. 128 of these cannot pay a single cent for the cost of their maintenance, 15 pay 70c. per day, 1 pays 57c. per day, 12 pay 50c. or less per day.

Our Trustees, having faith in the generous-hearted people of Canada, have continued to carry on this work during the past year.

Money to pay doctors, food, nursing and caring of these sick ones, is urgently needed. Will your readers help and have the joy of sharing in a work that has the promise of the Master's reward?

ly with heart trouble, Mr. Muir had recovered to apparent health and was about as usual. He presided at the last meeting of the council here and last week attended County Council at Owen Sound until Thursday when feeling unwell he returned home, but it was not expected the end was so near.

Mr. Muir has been a life-long resident of Artemesia and the esteem in which he was held was shown by the number of years he elected councillor and reeve of the township. He was a progressive farmer, paying considerable attention to stock breeding, especially in sheep. In politics he was a Liberal and in religion a Presbyterian, an elder in St. Columba church at Priceville, to which place the funeral takes place on Wednesday. His surviving widow, formerly Mrs. Brown, of Priceville, and seven children, have the deep sympathy of the community in their loss.

HE BURNT HIS WAD.

When Newton Allen, postmaster at Marlbank, east riding Hastings, was away during the afternoon and evening of Monday, last week, one of the family took a roll of money, \$400 and stuck it in the waste paper basket for safe keeping. Believing that if burglars should nose around, they would never think of looking there. Mr. Allen arrived home during the night. He was up bright and early, however, and cleaning up about the office he dumped the contents of the waste paper basket into the stove and touched a match. The result was that \$400 in good bills went up in smoke.—Ex.

THE TOWN OF SEAFORTH GETS NIAGARA POWER.

At about 4:30 p.m., on December 1st, Mayor McCallum, of Seaforth, touched the button initiating the successful transmission of Niagara energy to the town of Seaforth for all purposes. While the power users are not yet permanently connected, yet the domestic and street lighting service is quite complete.

Telegraphic advice has been received at Grand Trunk Headquarters to the effect that the main line of steel on the Grand Trunk Pacific Railway had passed the Great Divide between Alberta and British Columbia. Rapid progress will now be made with the line in British Columbia, as this extension carries the work well into the mountain division and completes 1044 miles of main line track west of Winnipeg. The Great Divide is 250 miles west of Edmonton.

TRAMPS SLEEPING IN KILN CAUSE \$15,000 FIRE.

Owen Sound, Dec. 1.—Fire broke out at an early hour in the big dry kiln of the plant of the Keenan Woodware Company, in the northern part of the town. The blaze had gained serious proportions when discovered by the night watchman, who had made his rounds but a few minutes previous. Before the fire brigade reached the scene, after a run of about a mile, they found that it was impossible to save the dry kiln, and it was only after a stubborn three hours' fight that they saved the big factory of the Woodware Company. The loss, which included all the contents of the dry kiln, is placed conservatively at \$15,000, partly covered by insurance. The fire is supposed to have been of incendiary origin, as three men of the genus tramp were seen hurrying from the premises shortly after the discovery of the fire. It is thought that they had crept into the kiln to spend the night and had inadvertently set the tinder dry contents alight.

A WONDERFUL OLD MAN.

The Teeswater News reports the following: It is with pleasure that we announce this week the birthday of Mr. James Whytock, of Culross, perhaps the oldest gentleman in Western Ontario, which event took place on the 23rd of this month, when he celebrated his 99th birthday and from that day started on his 100th year. A wonderful old man is James Whytock. He is still healthy and gives promise of still living for a number of years. His intellect is good and he can crack a joke and enjoy one as well as ever. Not long ago an old friend remarked that would see 100 years. He said, "Yes and I will just put down a mark like this (making a figure 1) and start over again."
