

March 7th, 1912.

SCOTT'S EMULSION

has helped countless thousands of thin, weak, delicate children—made them strong, plump and robust.

It creates an appetite, aids digestion, fills the veins with rich red blood.

After illness or loss of weight from any cause, it brings strength and flesh quicker than anything else.

ALL DRUGGISTS 11-16

has two experienced instructors and pupils get individual attention. Our courses are thorough and practical and we assist graduates to positions. Pupils may enter at any time. Write for free catalogue now. D. A. McLACHLAN F. W. KAHLE President.

JUSTICE OF THE PEACE

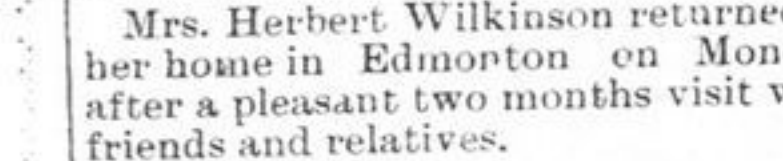

Mr. J. E. Arsenaull, a Justice of the Peace, and station master at Wellington, on the Prince Edward Island Railway, says:

"Four years ago I slipped in the station and fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead of doing so it developed into a bad ulcer, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged. My doctor said I must stop work and lay up."

"After six months of this trouble I consulted another doctor, but with no better result. I tried all the salves, liniments and lotions I heard of, but instead of getting better I got worse. This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that at last I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the eczema."

Such is the nature of the great cures which Zam-Buk is daily effecting. Purely herbal in composition, this great balm is a sure cure for all skin diseases, cold sores, chapped hands, frost bite, ulcers, blood-poisoning, varicose sores, piles, scalp sores, ringworm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., upon receipt of price.

CORNER CONCERNS

Mr. Jas. Mathews and daughter Jane leave this Monday morning for Saskatoon to look after the effects of the late Wm. E. Mathews. We all wish them a pleasant and successful journey.

Mrs. Herbert Wilkinson returned to her home in Edmonton on Monday after a pleasant two months visit with friends and relatives.

Mr. Wm. Patterson will return this week to Edmonton after a three months stay in the old home. He missed the cold weather of that country by being here.

Mrs. Jas. McMeekin spent the past week in Durham visiting her daughter and other friends.

Mr. Geo. Lawrence was somewhat indisposed on Saturday and Sunday. We trust not seriously but his regular attendance at church for the past number of years was cause for anxious solicitations by all as soon as his absence was known. Now in that there is great consolation for us fellows who don't go so regular, for we know that if we are absent through sickness it will cause no alarm.

The raise in Barbers' prices occurs at a most unfortunate time, coming Spring. The Blacksmiths raised the price of horse-shoeing but it was in the Fall and as a consequence farmers let their horses run bare-footed all winter. Had the price of hair-cutting been raised at the same time they could also have let their hair grow and went bare headed.

News is somewhat scarce around here at present, but we hope for better times in that respect, in fact dame rumor whispers that some great social events are close at hand.

Mr. T. Patterson moved last Friday to the Leeson Farm near Varney and the people of that burg will find him and his estimable wife good citizens.

We notice that almost all the men who attended the Mt. Forest Horse fair carry marks as evidence of the stormy cold day it was. Some remained for a few days until the weather and roads were more passable.

The special Sermons that Rev. Mr. Hartley is preaching through Lent, on the seven exclamations of the Saviour from the Cross is spoken highly of by his hearers.

BLYTH'S CORNERS.

Mr. and Mrs. Jake Fortney are worthy of hearty congratulations on the arrival lately of boy "No. 7."

The many friends of Miss Alice Lawrence, who taught successfully in this section, will be pleased to learn of her good fortune in striking the town of "Plenty" in Saskatchewan, and is engaged teaching school at a salary of \$720. Should we experience another lean year like the past one, we certainly will be tempted to "strike the trail" for some place of a similar name, for, goodness knows, grain in particular is none too plentiful in old Ontario this year. We cannot remember a year when grain was as scarce. The prosperity the farmers have enjoyed for the past fifteen years, has gone to the d—l since Sir Wilfrid and his able staff moved out. Mr. John Moore, of Wilson, Mich.

attended the funeral on Wednesday last of his aged mother, Mrs. Moore.

Mr. James Ball has engaged to work for Mr. Wm. Bradley, of the gravel road, for the summer months.

Mr. Geo. Seim has engaged the services of Mr. Jas. Ryan, near Ayton, for a year.

Dr. Jamieson certainly made a very good attempt in moving the address in reply to the speech from the throne. Judging from the amount of taffy he gave the Whitney Government, he must not only have licked, but entirely swallowed "the blarney stone."

If Geordy Kendall had his sails set, he certainly would have no trouble in catching the breeze today, Monday.

Exceedingly cold, frosty weather as we March along.

Mr. Jake Fortney has had a long, hard job moving for the past five weeks, and finished the last load of house furniture on Friday last. He has rented a 200-acre farm in Carrick township, about mid-way between Neustadt and Mildmay. Jake is a hard working man, and we wish him success in his new locality.

A telegram was received in Durham on Saturday last, announcing the sudden death in Teeswater of Mrs. Geo. Moore, jr., nee Maggie Morice. We have no particulars.

The deceased was well and favorable known in this locality. She leaves behind, four of a family, all pretty well able to shift for themselves. To the grief-stricken family and relatives, we extend our heartfelt sympathy.

As we predicted in our last week's budget old Knox church did do her duty, and gave a very decided answer in favor of church union, the vote being \$2 for and 7 against. In Amos congregation the vote stood 122 for, and 12 against. This speaks well for the members of these two congregations, in not being at all bigoted in their church form, and quite in keeping with an enlightened and progressive age.

Those farmers who have silos erected have not experienced it all down hill sliding this winter, on account of the silage freezing to the walls so much, and these institute speakers would do well not to blow silos and silage up too much, until some means are conceived of overcoming that annoying difficulty.

Messrs. Andrew and George Marshall each sold a team of horses at the Mt. Forest fair a week ago, for big figures. The storm that day was the worst we ever experienced and interfered considerably with the success of the fair.

Living is so high now that it would almost pay a man to die to save expenses—but there's the undertaker to reckon with.

FREE IF IT FAILS

Your Money Back if You are not Satisfied with the Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine, or descending colon. No expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Ordeslies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 36 tablets, 25 cents; 80 tablets, 50 cents. Sold in Durham only at our store—The Rexall Store, Macfarlane & Co.

ALLAN PARK.

Mr. Frank Wise moves from the Livingston property this week to his new home in this place. We wish them continued success.

We notice, Mr. Editor, that your barbers are going to raise the price of barbering. Well they will surely make a better job when they cut one's hair and not leave it like a brush fence. We are likely to have a man to open up business in our burg and perhaps he will do it for the old price.

What is the use of going to town for baking when we have a first-class pie baker in our burg.

A Mr. Kennedy, of Saskatoon, is visiting at Mr. Andrew Myers for a while.

As Mr. and Mrs. John Hopkins and family were about to retire from the active duties of farm life in Bentinck a number of their friends and neighbors assembled at their home near this place on Friday evening, March 1st, and proceeded to take possession of their home. They mingled in pleasant conversation while the time flew swiftly by. The company soon organized and began a more formal business of the evening. Mr. Robert Brigham, who was appointed chairman, explained the nature of the gathering and called on Mr. and Mrs. Hopkins. The following address was read to them by Mr. David Adlam and the presentations made by Messrs Henry McCaslin and George Mighton. The presents were a pair of upholstered chairs. Mr. Hopkins made an appropriate reply thanking the friends for the beautiful gifts. A number of short addresses were made by the visitors present and while the ladies provided luncheon to which ample justice was done by all. It was pronounced a very happy and pleasant evening.

THE ADDRESS.

To Mr. and Mrs. John Hopkins. Dear Friends,—We, your friends and neighbors have learned that you have decided to retire from active life in our midst, at least for a time. We have enjoyed your company and friendship so long that we fear we may lose that which has been our privilege. You were ever ready to meet your friends in private life and mingle with them in social mirth and glee. Your house has always been open to entertainment where all could join in innocent amusement and pleasant enjoyment, so we all meet here to-night, as perhaps we have all done before, to spend with you an evening of friendship and pleasure. We desire to express our appreciation of your many good qualities as friends and neighbors. We ask you to accept these chairs at our hands; we ask you not to value them for their intrinsic worth but as a token of our esteem and love for you and for the many kindnesses we have received from you. And now in bidding you all good-by, we hope still to meet you and enjoy that friendship that death alone can end. Wherever your lot may be cast our hope is that you may enjoy a long life of comfort and happiness and usefulness. This is the earnest prayer of your friends.

Signed on behalf of friends and relatives—George Alexander, Henry McCaslin, George Mighton, David Adlam.

HAMPDEN.

Mr. Austen Derby who has been working in a real estate office in London for the past two months, is home suffering from an attack of inflammatory rheumatism.

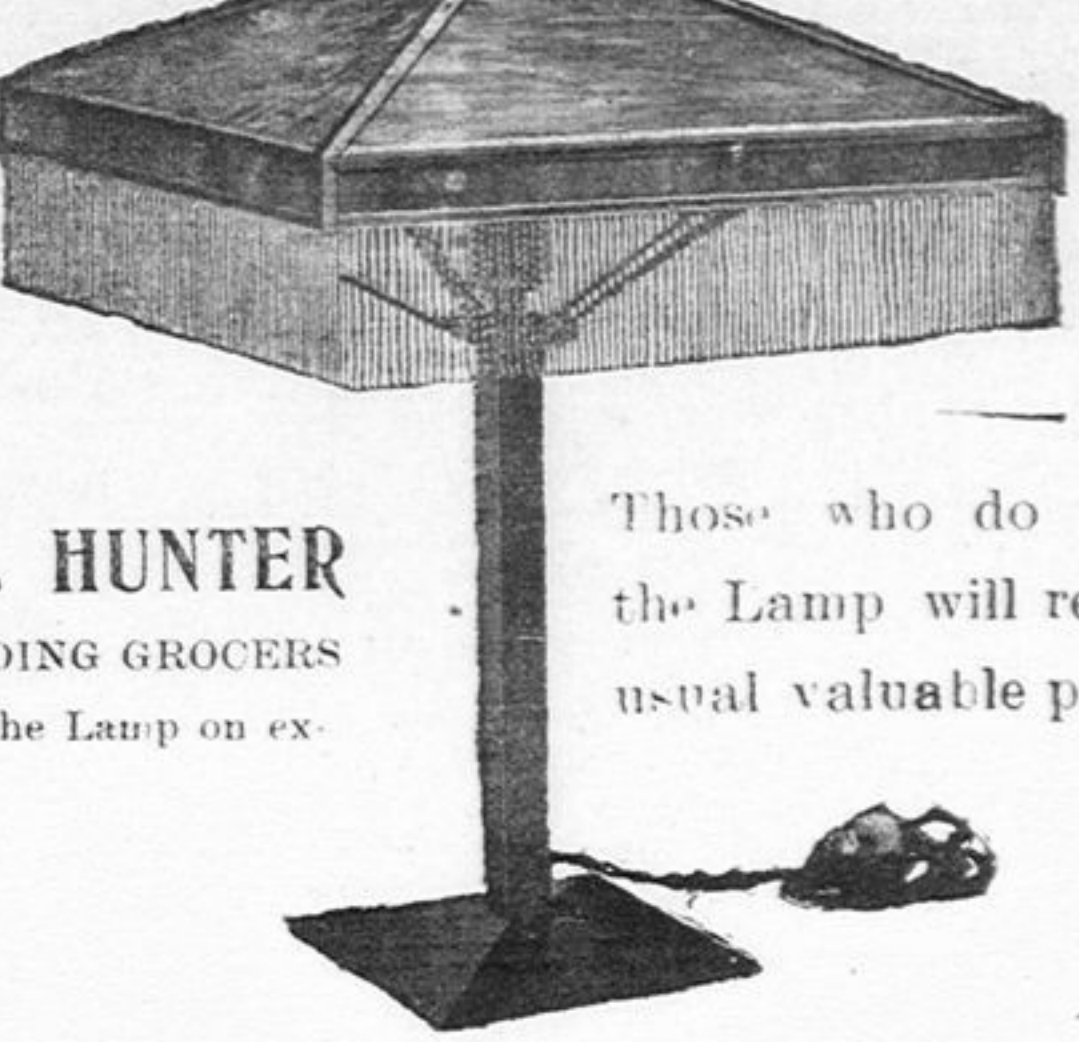

Mr. Hughess and son, James, who spent three months with the former's parents, Mr. and Mrs. John Cooper, left last week for their home in Western Canada.

The Hampden Guild journeyed over to St. Andrew's Presbyterian church, Hanover, on Tuesday night of last week and spent a very pleasant evening with the young people there. A great number were kept at home on account of the bad roads.

Mrs. J. Park, of Detroit, spent three weeks with her sister, Mrs. Robert Nichol, and brothers in this locality.

Rev. Mr. and Mrs. McLeod, of Hanover, called on a number of the Hampden congregation last week.

NOTICE!

All Customers having Accounts at Our Store, are requested to call and settle the same during the month of March as we leave town shortly. All account then unsettled will be placed in other hands for collection and costs will be added.

We are prepared to sell all the goods in the store at and below cost. Our assortment in everything is large and purchasers will save money by buying goods here before we leave.

LEVINE & CO.

DURHAM, ONTARIO

BUNESSAN

Another serious fire occurred in this burg on Thursday night, the 22nd of February when Mr. Perry Pennock's barn was completely destroyed by fire together with his implements, feed and grain. The fire was caused by the upsetting of a lantern. Mr. Pennock on going to the stable about eleven o'clock found one of his horses had got loose and got into the feed passage, and on trying to get the animal back, it jammed him against the partition, upsetting the lantern and spilling the oil in some hay which in a moment took fire. Mr. Pennock tried hard to extinguish the fire, but it soon got beyond his control. It was with difficulty that the stock was got out as Mr. Pennock was alone. We learn there is an insurance which partly covers the loss.

Mr. William Edwards purchased a new concrete mixer from a London firm. It is run by gasoline and is one of the latest make. William is prepared to do all kinds of work in the concrete line.

Mr. Isaac Poole has rented his farm of 150 acres to Mr. Duncan Smellie and Mr. Thos. Ritchie and intends having a sale sometime this month, after which he will remove to the West.

Mr. and Mrs. Donald McFarlane visited with their friends in Egremont a week ago Sunday.

Mr. Johnny May and sister Miss Laura of Bellwood were visitors last week at their Uncle's, Postmaster Edwards.

Mr. and Mrs. Perry Pennock attended the funeral of Mr. Pennock's father at Holstein on Monday of this week.

Miss Mary McFarlane came home from Toronto on Saturday.

Mr. Angus McArthur lost a valuable cow last week from indigestion.

Mr. Ira Pennock left for Toronto a couple of weeks ago and is engaged as fireman with the C. P. R. running to North Bay.

Not only this but these as well

DON'T think that concrete can be used only for building bridges, silos, walls and walks; because if you do, you will probably overlook all the places where you can use it now.

"What The Farmer Can Do With Concrete"

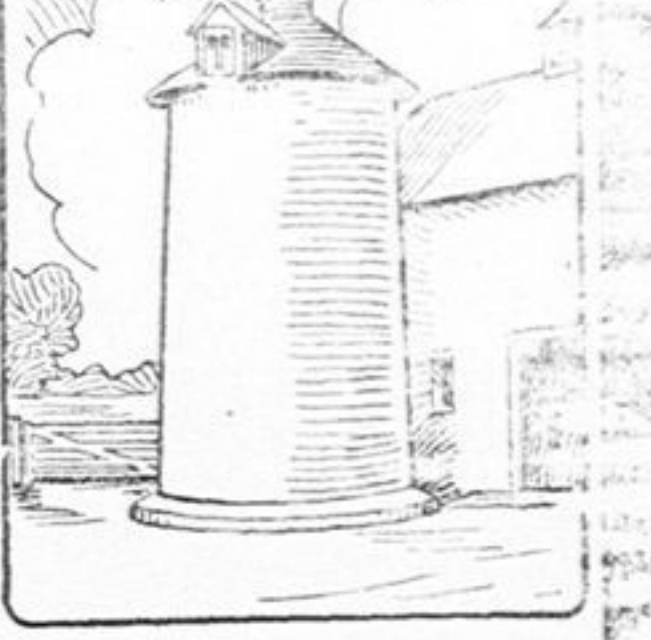

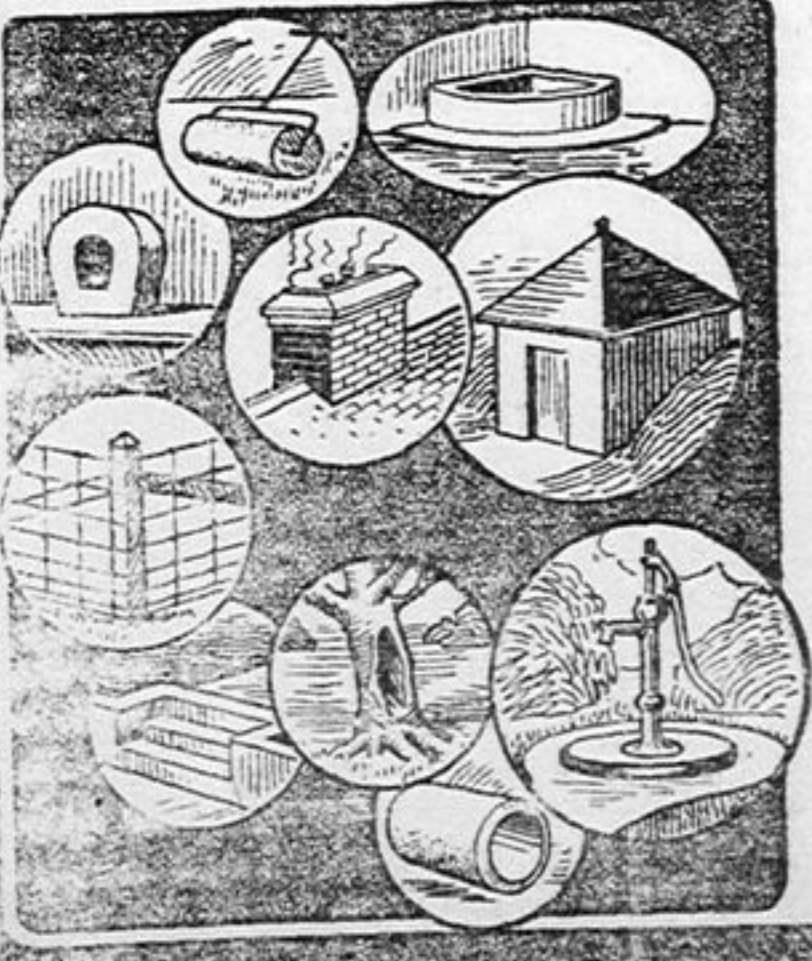

It will open your eyes to the hundreds of uses that other farmers have found for this material. In plain language, and with the aid of many photographs, it explains just what these uses are, and how they can be applied to your farm.

Concrete can not only be used for all the purposes to which wood has been applied, but also many others for which wood would never be suitable.

It is not only a building material; it's a "handy" material, something that you'll grow to depend upon more and more, as you learn its possibilities.

So write for this book. You'll find it isn't a catalogue, nor an argument for you to buy our cement. Every one of its 160 pages is devoted to telling you what farmers have done and can do with concrete.

IT'S FREE FOR THE ASKING. Your name on a postal, or in a letter, will bring the book to you by return mail. Or use the coupon. Address CANADA CEMENT CO., Ltd. National Bank Building MONTREAL
