### VARNEY.

Since we last wrote we have lost some of our neighbors and got some more. An old Noble has moved from the James Gray Farm to the farm that he bought from A. S. Hunter and Nelson Eden has moved from the Leeson Farm to the one that A. Noble left. Palmer Patterson has moved from the James Johnston Farm in Egremont to the one that N. Eden left. We wish them one and all the very best of success in their new homes.

Dr. Leeson was very poorly for a few days last week but is about his usual health again.

There has been a very small attendance at our school for the past few weeks on account of so many of the children being down with the measles. There are very few homes that have escaped the disease.

The box social held by the L. O. L. was a slim affair. There was a very small crowd on account of the weather. Alf McCabe was the auctioneer and they say he did well, so Brigham and McPhail had better look out or they will lose some jobs.

The first tramp of the winter was along last week and put in a night in our barn. It must have been a pretty cold roost.

We were very sorry to hear of the death of our old friend, Mr. Alex. Archibald of Allan Park. He was for many years on the board of the Varney Circuit. We extend our sympathy to the bereaved ones.

J. W. Blyth has ordered and will soon have on hand 500 rods of wire fence so any one needing wire had better call and get his prices before buying.

Adam Hillis and Wm. Bogle were busy last week cutting wood for John Kerr and this week Billy is helping James Wilton cut wood and logs.

Norman Kerr has a good lot of logs and shingle and lath timber in the mill yard. It does not look as if timber was getting scarce. He has engaged Robert Webber for the summer so he will have the above timber all in shape for sale as soon as the Spring opens.

Mrs. J. W. Blyth spent a week ago Sunday and Monday with her niece, Maud Burnett. Miss Winnie was helping with the work last week and Eva this week. Maud is not getting better as fast as we would like to see her but she is so very patient, more so than most of us would be I think.

The train wreck at Varney last Friday brought great crowds here all the afternoon and away on in the night people came to see. We watched the two wrecking crews until 4 a. m. Saturday morning. This is the second wreck at the same place in a very few years. It seems almost like judgment on the G. T. R. for not answering the prayers of the people of the entire neighborhood by putting in a switch. Surely they will give it to us now, we hope so at any rate. We should have had it long ago.

Dr. Leeson, Mr. Richardson, Wm. Long and Mr. Wm. Allen accompanied the injured to the hospital in Mt. Forest. The above people and many others gave their assistance to help get the injured from the wrecked car. Robert and James Bryan who saw the car go off the track were on the scene in a few moments. A traveller named Wilson hobbled up to the store and the train left him. He stopped at A. McCabe's until the next day. A Mrs. Boyd from Flesherton was taken to Mr. James McLaughlin's where she was well looked after by the inmates of the home and four different doctors. She recovered so much from her injuries that she was able, with the assistance of her husband to be removed to her home. They had to carry Mrs. Boyd to the train on a stretcher. This wreck will not soon be forgotten as many have souvenirs of the wrecked coach.

The Women's Institute At Home in the Hall at Varney on Thursday night of last week was a grand success. The Hall was well filled and after a good programme of several selections by the Grange Glee Club, recitations by Mrs. Stonehouse and Winnie and little Ruby Blyth, a solo by Mrs. Stonehouse and a grand address by the Rev. Mr. Farquharson. After singing God Save the King, they partook of refreshments and went home happy.

The Varney Grange held their regular meeting on Friday night last when the order of business was the receiving of the report from Mr. T. McNeice and Geo. M. Leeson, delegates to the Dominion Grange meeting held in Toronto. They gave a splendid report so much so that they were moved a hearty vote of thanks. The Grange will hold an open meeting on the 23rd of March when there will be a good programme rendered. Admission 10c

Miss Mamie Moutian returned on Saturday from a week's visit with friends in London.

Herb Murdock has rented one of the Russel farms, the one next Mr. T. Grasby. We wish Herb the best of success.

Our school has been closed from Tuesday until Monday last week, on account of our teacher Miss Petty being away attending the funeral of her aunt Mrs. Geo. Moore in Teeswater.

A new type of wagon known as the "bull-dog" has been introduced by the Canadian Express Co. for its Winnipeg service. This wagon is the first to be constructed by the company in the West and although apparently of light construction has the unusual capacity of twelve tons and stands level with the floor of the ordinary box car.

### INEXPENSIVE JOYS

It doesn't cost a penny to hum a blithe and cheerful tune as you lope down the road; the sight of you, so bright and gay, may cheer some pilgrim on his way and ease his weary load. It doesn't cost a wooden cent to say good morning to the gent you meet upon the walk; and it may bring a pleasant glow to some sad heart that grief and woe have made as hard as rock. It doesn't cost a pewter mark to carry light to places dark by wearing cheerful mien; a happy, bright, contented face will be a lamp in any

Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burns taking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

place, and light the darkest scene. It doesn't cost a leather yen to stimulate your fellow men and nerve them for the fray; just illustrate your firm belief that joy's a better thing than grief and that the world's O. K. It doesn't cost a bogus crown to be an asset to your town, and to be known as such; serenely do your daily stint and wear a brave and hopeful front, and you'll accomplish much. Your influence for good or bad is greater than you know, my lad, so use it wisely well, don't wall around or tear your robe, but always boost this good old globe on which we mortals dwell.—Walt Mason

### RIVERDALE.

Miss Mary Peters of Traverston visited with her Aunt, Mrs. Robt. McFadden last week.

Mr. and Mrs. Jas. Atkinson visited over Sunday with friends at Boothville.

Miss Victoria Aljoe spent from Friday to Monday with Miss Mary Backus of Poplar Hill.

Mr. Alf Heather spent Sunday with friends at Traverston.

The Bible Class met at the home of Mr. Thos. McGirr last week. The lesson was taken by Mr. Wm. Glass of town who gave a very instructive and interesting talk.

Quite a number from this part took in the At Home of the women's Institute at Varney last Thursday night and report a very good time.

Mr. M. J. Staples who was laid up with the measles is getting better and we hope will soon be able to be out.

Mr. Thos. Whitmore is also recovering from an attack of the measles.

Mr. John Newell came home from Mr. Greenwoods last week suffering from an attack of appendicitis, but is recovering.

Messrs. D. and J. Witty and Mr. W. Gatesman of Lunash spent over Sunday at Mrs. Robt. Bell's.

Don't forget the Irish night in the school on Friday night. There will be a mock Parliament. The following are the speakers on the Government side—A. Aljoe and Alf. Heather. The Opposition speakers are Wm. Weir and Robt. McFadden.

### OWEN SOUND BY LAWS CARRIED

Owen Sound, March 10. —By a comparatively overwhelming majority the three important industrial by-laws were carried by the ratepayers yesterday. The drydock and ship building by-law carried by a vote of 1,794 to 85; the Aetna Rubber by-law carried by 1,863 to 28, and the cement by-law carried by 1,820 to 51. The three-fifths vote required to carry the by-laws was 1,482 so that all the measures were endorsed by substantial majorities.

The drydock and shipbuilding proposition, which is the largest ever placed before the rat-payers of this town, contemplates the construction of a plant to cost in the neighborhood of one and a half million dollars. It is understood that the scheme is being financed chiefly by English capital. By the terms of the agreement the town is to bonus the company to the extent of \$10,000 yearly for twenty years, in addition to taking \$50,000 common stock and granting exemption from taxation for ten years. The company has been assured of receiving the Government subsidy and is bound to install a complete shipbuilding plant, besides a large graving dock and floating dock. A sum of three quarters of a million will be spent in labor in installing the plant, which is expected will occupy two years. When completed the concern will be the most modern and extensive on the Canadian side, and fully as well equipped as the very best American drydocking and shipbuilding plants.

The rubber Company by-law provides for the gift of a five-acre site and a fixed assessment of \$20,000 to the Canadian branch of the Aetna Rubber Company of Cleveland. The cement by-law provides for exemption from taxation of the merger of the Sun Cement Company and the Grey and Bruce Cement plant. The merger Company will take the defunct Grey and Bruce Company's plant and install a crushed stone system, whereby they hope to manufacture cement cheaper than under the old man system.

### AN EPOCH IN THE HISTORY OF CO-OPERATION.

Delegates from eleven Farmers' Clubs of Grey county met in convention at the Department of Agriculture office on Wednesday afternoon of last week, for the purpose of centralizing and consolidating the agricultural interests of the district. Very interesting reports of the work carried on by the respective Clubs were given by each delegate, and all were enthusiastic and optimistic concerning their plans for future co-operation.

A central organization, known as the Grey County Board of Agriculture was formed, and a constitution drawn up for the same. The Board consists of two delegates from each Club, and corresponds to a town or city Board of Trade. At the annual meeting of such Board, and executive committee of five is elected by ballot from among the delegates present; the District Representative being a permanent member of the committee. The Executive for 1912 consists of the following members: N. Perdue, Massie; W.C. Milson, Goring; L.E. Bowes, Strathairn; D. H. Shore, Clarksburg; J.F. Dolphin, Tara, and H.C. Duff, Markdale.

This concerted action on the part of the Farmers' Clubs, marks an epoch in the history of co-operation. The proud and independent tiller of the soil has ever shown a marked reluctance toward recognizing a common interest, and has neglected many an opportunity for coming to a mutual understanding with his fellow farmer. It speaks well, indeed, for the intelligence of the agriculturists of Grey, that they have come to realize the prime importance of the controlling factor of Political Economy in the welfare and progress of the fundamental industry of which they form a part.—Com.

### BLYTH'S CORNERS.

Mr. and Mrs. Dawson, Brandon, who have been visiting the latter's sisters, formerly the Gadd family, returned to their home on Monday.

Miss Maud Thompson returned home from the Queen City on Monday, and will remain for some time, recruiting her health.

Last Friday night being the monthly meeting of the Varney Grange, a considerable number were in attendance, but the usually quiet little hamlet was greatly excited over the railroad wreck, which interfered considerably with the business part of the meeting and not much business was done.

The members decided to have an entertainment on Friday evening, March 22nd, which will be an open meeting, and an enjoyable time may safely be expected. Admission, 10 cents.

Messrs. Geo. and Willie Halliday left on Monday for the west. Truly the blooming west is robbing old Ontario of youth and manhood.

Mr. and Mrs. Andrew Marshall are receiving congratulations on the arrival of another baby girl last week. We were in error last week in reporting a son being born to Mr. and Mrs. Jake Fortney. We found out, when too late, we were rather previous.

Mr. John Thompson delivered a nice blocky mare to Ed. Limin on Saturday last. The price paid was \$200.

Mr. John Brown was on the line on Friday last, and purchased some cattle from Mr. Andrew Stewart and your honorable scribe. The price paid was 5 1/2c. lb.

One day last week, a farmer was sitting in his sleigh on the street in Ayton, holding his team, a pretty fine span. A horse buyer approached and asked if they were for sale. On being answered no, the buyer said "I'll give you \$550." "No," said the farmer, "\$600. No. \$650. But the farmer still stuck to it, and the buyer became discouraged, or disgusted, we don't know which, and walked away. Normanby can do it, and always does do it on a large scale.

### EDGE HILL.

Mr. Thos. Ritchie was over to Mildmay on Tuesday.

Mr. Herb. L. Greenwood left for his home in Antler, N.D., Tuesday, after spending the winter with friends in this part.

Mr. Wm. Ritchie is in London this week, attending the meeting of the Provincial Orange Grand Lodge.

Mr. Jas. Edge was down to Mt. Forest on business on Tuesday.

Mr. A. Anderson sold a fine horse to Mr. Peter Campbell recently. He realized over \$200.

Mr. Herb. Ritchie left Tuesday for Bagot, Man., where he will spend the summer in the employ of his uncle, Mr. W. Davis
