Mr. R. J. Ball, M.P., was in town Tuesday.

### VARNEY

Mrs. J.R. Richardson, of our departmental store, visited friends in Harriston for a few days last week.  
We are very pleased to see Fred Keller back from the Fergus hospital again, and we sincerely hope he may not require to go back as he has been there three times.  
Miss Maggie McLaughlin and Messrs. Norman Kerr and Wm. Bogle spent an evening with the young people of our home, one night last week.  
Mr. and Mrs. Chas. Ritchie, from near Durham, visited one day last week with the latter's sister, Mrs. James Brown.  
Miss Petty, our teacher, intends visiting the city during the holidays.

Mr. and Mrs. M. Barber visited Toronto this week for the purpose of Mr. B. seeing a specialist, as he has had trouble for some time with his eyes.  
We had a pleasant visit from Mr. Will Lauder one night last week.

Mrs. N. Eden, Mrs. J. McLachlan Mrs. J. W. Blyth, Eva and Winnie Blyth attended the Woman's Institute held at Mrs. Charles Ritchies on Thursday last. They say it was a splendid meeting.

Mrs. Wm. Allan and baby, of Allan's Corners visited her parental home at Mr. and Mrs. J. McLachlan's one day last week.

The Grange meeting last Friday night was not very largely attended on account of the dark night and bad roads, but we took in one new member. The reports from Treasurer and Secretary regarding corn and seed was received and a committee appointed to get up and circulate a petition to the Grand Trunk Railway asking them to put in a switch at Varney.

Mr. Andrew Picken, near Poplar Hill is preparing to build a new barn this summer. He is getting his lumber sawed at the Varney mill.

Elsie McLachlan is spending her holidays at her sister's, Mrs. Wm. Allan.

We are sorry to learn that Elmer Fee had the misfortune to cut his foot badly last week. While cutting wood he missed the wood and hit his ankle. He will be laid up for some time.

Margaret Kerr was sick for a few days last week with LaGrippe, but we are glad to see her around again.

### Her Case is Hopeless.

A little girl became so accustomed to exaggeration and misstatement that nobody could believe her, and her parents were greatly annoyed by the unfortunate reputation that she was acquiring.

One afternoon her mother said to her: "Now, listen, Lillian, and heed my words. What has happened to one sinner may easily happen to another. You know what happened to Ananias and Sapphira, don't you?" "Yes'm, I do. They fell dead on the street corner, and I saw 'em carried into a drug store."

### Premature Jubilation.

Willy—I found mother the other day crying over your book of poems. His Sister's Fiance (delighted)—Oh, is that so? (Aside) Ah, what glory! What fame awaits me! For a man to bring tears to the eyes of such a flint hearted woman as that is certainly a great achievement. (To Willy) She was really weeping, Willy? Willy—Yes; she said it nearly broke her heart to think that a daughter of hers was going to marry an idiot who could write such rot as that.—London Tit-Bits.

### A Future Financier.

A very nice young man was calling on his sister. To make things easy, he gave him a beautiful new penny, saying, "Save each penny and soon you will have a dollar." "I'll soon have a dollar!" replied the boy, with great eagerness. The young man smiled good naturedly, dug into his pocket, saying: "Well, just how much more do you need?" "Only 99 cents." He soon had a dollar.

### Useless Rifles.

In the French arsenals there are 1,825,000 old service rifles and carbines which are not the slightest use in case of a mobilization, as the cartridges required for them are no longer made. They are weapons of the 1874 to 1890 patterns and have a calibre of eleven millimeters. Most of them are reported to be in "fair" condition, but more than half a million are admittedly quite useless.

### The Ti Tree.

An Australian tree called ti contains a substance from which, if its chemical composition could be altered a fraction, it would be possible to extract vanillin, the flavoring used in vanilla ice cream and chocolates.

### A Word to Study.

Snellpaardelooszoondeerspoorwegpit-roofrijting—that's the technical and locally accepted name of the automobile in Flanders. "Snell" (note that the second letter is n, not m) means "rapid," "paardeloos" means "horseless," "zoondeerspoorweg" is the recognized way of describing a thing "without rails," and, finally, "pit-roofrijting" implies a thing "driven by petroleum." So you have it, quite simply, and mere white whizzers and drab devils are outclassed. But how'd you like to be hit by a real "snellpaardeloos"—etc.—St. Louis Republic.

### TRAVERTON

The roads are too bad to obtain any news items this week.

The Council fathers had difficulty in reaching the Township Hall on Saturday. Dearly earned the paltry two dollars.

Mrs. J. J. Peart spent from Thursday until Monday with her sister, wife of Councillor H. Metcalfe of Hanover suburbs.

Nurse Falkingham has been helping to care for Master J. Whitechurch in town the past week or so. She has the qualities that help restore a patient.

When the warble of the bluebird is heard, 'tis almost a sure indication of Spring and as his rich notes filled the woodland on Friday and Saturday, we were hopeful of dry fields and dusty roads; but it hasn't a very spring like feeling as we write these lines. However a vast amount of snow disappeared in those two days.

Sugar-making hasn't been a howling success so far and some are predicting that it will prove a non-paying business this year.

Elmo Edwards, our oldest laddie, who has a good position as book-keeper in the Cost Dept. of the American Laundry Machinery Co. of Toronto, came up on Thursday night and returns this Monday. 'Tis quite a change from office work and city side-walks, to the sugar bush and waist deep in slush and mud, but he seemed to enjoy revisiting old haunts, the old home, and school mates of other days.

The pupils of S. S. No. 5, gave their retiring teacher, Mrs. John Love, a surprise on Thursday last. They presented her with a purse of money and a complimentary worded address. Mrs. Love has proved a most successful teacher and the ratepayers reluctantly part with her.

The Vet despatched our gray horse on Wednesday of last week, as his broken leg refused to knit. "Fred" was of more value than his appearance would indicate.

## ARE MICROBES IN YOUR SCALP?

It has been Proved that Microbes Cause Baldness

Professor Unna, of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe caused baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will we honestly believe, remove dandruff exterminate the microbe, promote good circulation in the scalp, and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this Remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money paid us for it. Two sizes, price 50 cents and \$1.00. Remember you can obtain it in Durham only at our store—The Rexall Store, Macfarlane & Co.

# SPRING Skin Troubles

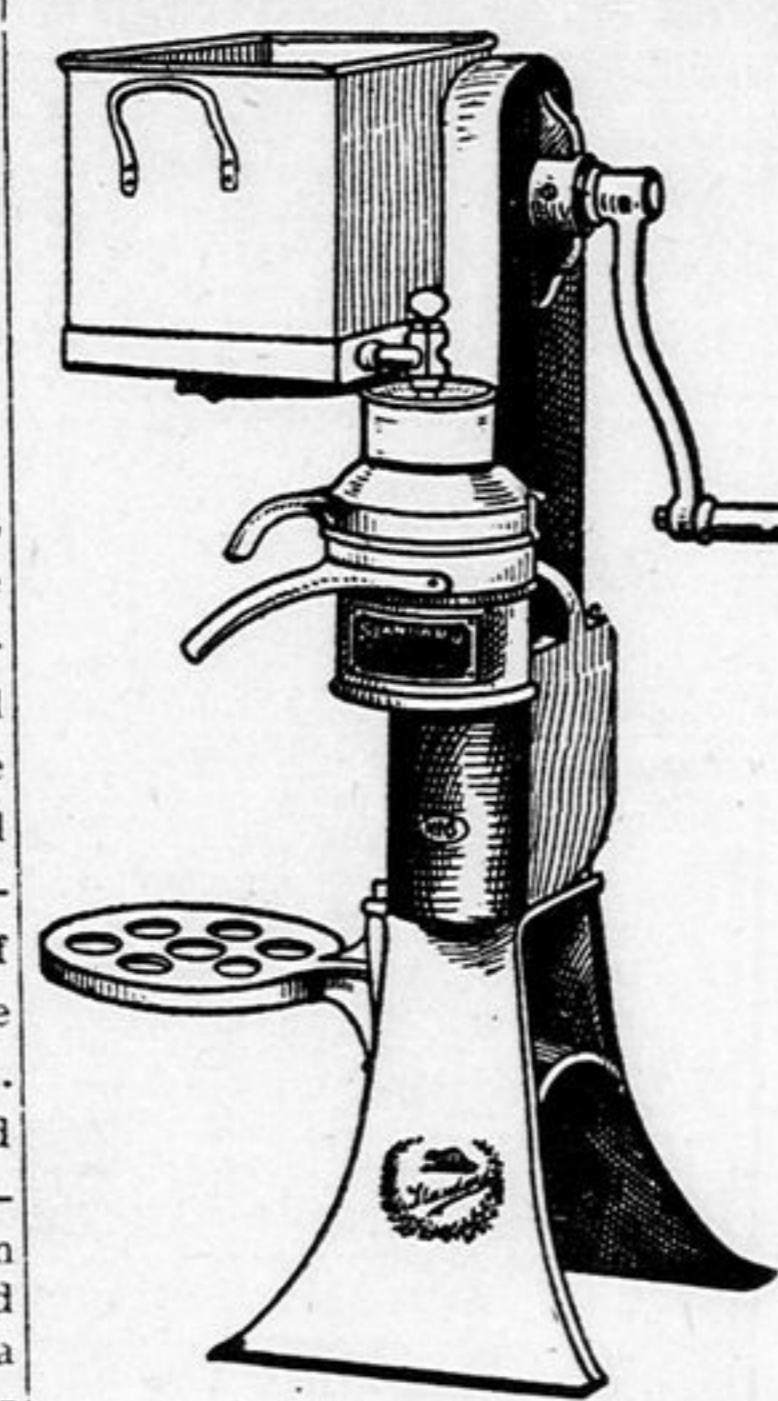

Mothers who have used Zam-Buk know how it cures Spring Skin Troubles in Children or Adults. Mothers who have not yet tried it should note these facts:—Zam-Buk was unknown ten years ago, yet such is its merit that to-day it has become the standard salve in the homes of four continents! Zam-Buk is purely herbal; contains no poisonous coloring matter; is used by leading medical men; used in the British Army and Navy; used by all best fitted to know the needs of the skin. Make it your family balm!

Mr. J. C. Bates, of Burks Falls (Ont.), says:—"Zam-Buk cured my three children, who were all broken out in sores to such an extent that it was pitiable to see them. These sores had defied all remedies previously applied, but I am glad to say Zam-Buk healed them."

Miss S. G. Hamilton, of Alliston (Ont.), says:—"My face and hands were one mass of pimples and blotches. These would itch, and when rubbed, broke out into sores. Whenever I put water near the affected parts it caused a stinging sensation and much pain—just as if I had been scalded. Nothing that I applied seemed to do me any good until I tried Zam-Buk. That gave me relief, and a few weeks of the Zam-Buk treatment resulted in a perfect cure."

Zam-Buk cures: pimples, skin eruptions, cuts, burns, bruises, bites, festering sores, ulcers, blood-poisoning, eczema, ringworm, dandruff, itching rashes, and all skin diseases and injuries. Rubbed well into the parts affected, it cures neuralgia, rheumatism, and scalds. All Druggists and Stores sell at 50c. box, three for \$1.25, or post free from Zam-Buk Co., Toronto, for price.

sulting either the council or the Commissioners and using the same for firewood, and as complaint has been brought before the council that beautiful shade trees on the side of the road have been cut down in the past year, this council wishes to notify all rate-payers or others that this is a serious offence. \$20 and costs is the last fine that can be imposed on anyone guilty of such. These are the property of the municipality and it is the duty of the council to see that these are protected. Anyone wishing to cut anything within the road limit of four rods wide should first consult either the council or commissioner representing such division. Further, anyone found guilty of such will be dealt with according to law.—Carried.

McLachlan—Lothian—That an order for \$1 be issued in favor of Chas. McInnis for Statute labor performed in 1910.—Carried.

P. Mutch paid \$1.50 into treasury being refund of gravel account. Resolved that the following accounts be paid:—W. B. Sutton, express charges, 40c.; Muul Worl, schedules, etc., \$4.10; Review Office, printing, \$23; Reeve, telephoning, 25c.; Jos. Campbell, gravel, \$1.60; Clerk, quarter's salary, \$45.52.
