## The Store the People Talk About

That's what we want them to do. Every purchase made at this store causes the people to talk. The quality of our goods and the reasonable prices at which they are sold is good reason for them to talk.

Again, we buy all kinds of farm produce at the highest cash prices, and we pay the cash for it, too. This causes the people to do more talking about us. Then if they want goods we sell them what they want and get the money back. They buy here with the cash because they know they can get as good goods at as low a price and in many cases at lower prices than they can get them for elsewhere.

This is a good time to buy RUBBERS of all kinds as we have a lot left which we do not care to carry over. In fact we will not carry them over if reduced prices will move them.

Our READY-MADE CLOTHING is of the latest pattern and style, and the prices sell the goods. Get the habit of examining our clothing before buying, and we are sure you will not go elsewhere.

Call and see our COON COATS. Now is the time to get a bargain.

## BH "ENGLISH" PAINT

SAID THE FARMER. "I never look for bargains in Paint—and I wouldn't buy cheap paint at any price. My time is worth money to me, so I use BRANDRAM-BH 'ENGLISH' Paint whenever I have a job of painting to do. I find it holds its color longer—so I don't have to paint so often. All in all, therefore, BH 'ENGLISH' is the cheapest of all the paints I have used."

### THE RESTLESS MAN.

I'm truly sorry for the gent who when the toilsome day is spent, won't by his fireside linger; who can't serenely sit and read "Rebellion," "Money Moon," or "Queen," or "Tohuermost" humdinger. On fireside pleasures he will dodge: he says "I have to go to lodge as outside guard, dear Sallie; tomorrow night I have to go to act as usher at a show, next night I tend a rally." His patient wife just heaves a sigh and wipes the briny from her eye, and sad and discontented, she murmurs now and then: "I wish that husbands and that kind of fish had never been invented! I used to let my fancies roam, and pictured such a happy home, with evenings long and cheery; alas! my husband's brains turn sour if he must stay here half an hour—it surely makes me weary!" For pleasant evenings by your side perhaps the girl you made your bride is yearning, too, and pining. Disgusted with her Moated Grange it will not seem so passing strange if she goes gallivanting. Methinks that many of the dames who play the frantic suffrage games are there by husbands driven, who when they tiddle home at all, go much like Dobbin to his stall, to eat the grub that's given.—Walt Mason.

### McWILLIAMSVILLE.

Beautiful showers and excellent growing weather, and present prospects are pointing to bumper crops.

Messrs. A. Hooper and J. Lawrence invested in a new buggy each.

The thunder storm which passed over on Thursday last was about the worst of the season. A barn belonging to Mr. Edwin Wells, of Greenside, was struck and burned to the ground.

Mrs. James Whitmore's woodshed was also struck, but fortunately no damage was done.

Born.—To Mr. and Mrs. George Hopkins, a daughter. All well.

L.O.L. No. 1192 have decided to spend the glorious 12th of July in Mt. Forest, and are making preparations for the monster day.

Horses in these parts have been considered high for a number of years, but Mr. Joe Watson, in writing home from Brock, Sask., states that he sold a farm horse for the sum of \$700. He was considered the best in that part.

Alfred and Albert Watson, who left here five or six years ago for the west, went out about thirty miles from Swift Current, Sask., onto the barren prairie wilds, and took up a homestead each. They roughed and toughed it for awhile but the dim clouds rolled by, and last year a railroad passed by their farms, and now a beautiful town is springing up, almost at their door, which makes their property worth big money. We hope Chronicle readers will not think we are boasting by giving the above item.

### CORNER CONCERNS

The very wet weather is rushing crops ahead, and holding work back.

Mr. Thos. Tucker drives a handsome new buggy these days, and that is not all, either.

We have no good fish stories, but have heard of a couple of fox hunts, but they took place on Sunday, and our citizens were horrified at such performances. They don't want to hear it spoken of, and hope the likes will never occur again. Of course, the hunters were from town.

Mr. and Mrs. James Tucker were over to Belgrave last week, to be present at the bedside of the latter's mother, who is seriously ill.

Your Priceville man says they have nothing in the line of ox teams now in his township, and wishes to know how many we could find down here. None in active service, but plenty for the making up. Egremont is always ready for anything.

We are all sorry to hear of the loss J. W. Roberts has sustained by the loss through indigestion of his famous hackney stallion. He met with about the same loss a couple of years ago.

Mr. David Chapman, of South Poreupine, has been renewing old acquaintances and visiting relatives around the old home for the past fortnight.

Mr. Thos. Lawrence, and young son, of Toronto, spent the holiday with the former's parents, Mr. and Mrs. John Lawrence.

Mr. and Mrs. Pete Black are enjoying a visit from their daughter, whose home is now in Toronto.

### BLYTH'S CORNERS.

The excessively fine warm days following the heavy deluge of rain, is producing an excellent growth. The hay crop is almost an assured heavy crop, and everything is simply looking beautiful.

Could those people in the west take a drive along the "old concession" roads, and view the beautiful orchards, seldom, if ever seen with heavier blossom, and the many various and different kind of trees, each seemingly vying with the other for beauty and grandeur, we feel sure none could hesitate to admit that for beauty and splendor, old Ontario takes the lead.

Mr. W. Stockley, of Toronto, visited with the Thompson family over Victoria Day.

Victoria Day was sensibly observed around the Corners, by the farmers, they for the most part attending to their usual work, preparing their mangold and corn ground.

We were slightly in error in stating the departure of pastor Kendall for Edmonton last week. He left Tuesday, the 28th. Choir leader Bro. James Watson will run a risk of moving Bro. James McIvride to tears, should he decide to sing for a voluntary next Sunday "Will ye no come back again."

## MISS DICK

### WASTED TIME AND MONEY

#### BEFORE THEY FOUND GIN PILLS

GALWATA, ONT. "My husband used Gin Pills for Backache and Kidney Disease. The pain in his back was dreadful and the kidneys failed to do their work properly. As he became worse, we found it necessary to begin treatment and unfortunately wasted time and money on remedies that were little or no good. After taking one dose of GIN PILLS, he found them to be exactly what he needed, and after taking two boxes of GIN PILLS, was completely cured. We heartily recommend GIN PILLS, at every opportunity to our friends and relatives." Mrs. JAMES B. MILFORD. Write us, mentioning this paper and we will send you a sample box free. Then, if you cannot get the regular size boxes at your dealer's we will supply you at the regular retail price—50c. a box, 6 for \$2.50—and money promptly refunded if GIN PILLS do not give satisfaction. National Drug & Chemical Co. of Canada, Limited, Dept. A Toronto, 87

We set the pace for the "Royal Company of Corn Growers, Limited," by finishing sowing our corn on May 27th. Not too bad for your humble weather-cock.

Judging from the small number of lambs to be seen, with here and there quite large flocks of sheep, we feel safe in saying this is an off year for lambs in this part, which will mean dear mutton if the shortage is the same in other places. The chief reason is that sheep were in poor condition in the fall, owing to shortness of fodder.

Quite unexpected came the news of the death of Mrs. W. E. McAlister, who passed away on Thursday last, after a very brief illness. We extend our sympathy to the devoted, bereaved husband and relations.

The Grangers of Varney ordered a car load of salt in the fall, 1911 to sow on their mangold and turnip land, with the view in mind of drawing moisture. It's drawing it all right, for it has rained every day since we sowed it on our mangold ground.

The big snow storm last Monday, followed by the very hard frost at night, did considerable damage. It was particularly hard on the alfalfa clover, which was beginning to make a fine showing.

Mr. Henry Seim sold 100 bags of potatoes this spring. Henry is one of the many progressive farmers we keep in and around the Corners.

The excessive amount of rainfall is becoming quite serious with many farmers on low land. Quite a few farmers west of this locality are simply at a standstill, as it is practically impossible to work on the land.

We were among the number to sell at the horse fair in Durham on Thursday last. Prince was a noble horse in every way, but had incurred the habit of running away at every chance, so had to move out.

We have been informed that the decision of the court sitting re the Ayton bridge, which our council tried to shelve on the county, has been awarded against the township. We are not going to censure our council for their somewhat rash act, believing they did it for the best, but we cannot see in the light of common sense why our council should have been so prone to run the risk of incurring the expense of a costly court, when any blockhead could see that they had no grounds to fight on. The idea of trying to have the bridge site changed to bring the length under the requirements of the law, was a complete bluff, and although we are among the ratepayers we commend the judge for his wisdom in deciding against the township. Had he decided otherwise, there would be no end to the building of county bridges. We would suggest to our council to practice a great deal less law, and a lot more brains.

The old village of Orchard is on the up grade, as three retired farmers have purchased property there, and will soon become residents, namely, Messrs. Adam Keller, Jos. Blyth, and Jas. Hopkins, all from around the Corners. We wish them one and all many years of solid comfort and contentment.
