

THE PEOPLE'S STORE

The Store the People Talk About

DRY GOODS

WE HAVE still left a few Prints and Gingham to clear out at a low price. Call and see them and you will not go elsewhere as we have the Goods that will please you.

LADIES HOSE

LADIES' COTTON HOSE, 2 pair for only 2⁰⁰. Also Lisle Hose, cashmere, either black or tan, that we do not wish to have left and will sell them at a REDUCED PRICE.

LADIES' GLOVES

NOW is the time to buy them before they are all gone. We have them in silk, long or short, lisle and cashmere.

SHOES

HOW about a new pair of Shoes. A nice tan or patent pump would be nice or a nice strap Oxford. In Men's Shoes we have tan or black. The Imperial Shoe is the Best on the Market.

SUMMER HATS

YOU will need a new hat for Summer. We have it—a nice straw or soft hat. We also have some nice caps that we do not wish to carry over, and will sell them at a REDUCED PRICE.

We Want Your Butter and Eggs.

Highest Price Paid for Wool.

Robert Burnett

CORNER CONCERNS

Miss Katie Allan is home from Toronto on a short holiday.
Miss Mabel Mead is home from Toronto on a two weeks' vacation.

Mr. Robt. Mead left on the western excursion on Friday for Yellow Grass, to visit his sister, and get some idea of the prairie province.

Mr. James Mathews goes to Saskatoon on one of the later excursions, to look after some interests he has out there, visit friends, and take in the sights.

Miss Anna Scott returns on her duties in our school this Tuesday, having been re-engaged for another year.

Miss Jennie Cook, of Eborale, spent a week with her sister, Mrs. Wm. McFadden, jr.

We are sorry to report that Mrs. Wm. McFadden, sr., is in very poor health at present, and confined to her bed, and under the doctor's care. For the past five years she has been in delicate health, but is now much worse than usual. We hope to soon hear of her recovery.

Mr. and Mrs. J. W. Poole and family, of Buffalo, and Mrs. Wm. Poole, of Toronto, spent last week holidaying at our ranch.

Mr. John McMeekin and family have gone to reside in Hanover for a time.

The very late harvest is keeping many away from the Toronto Exhibition, who otherwise would have gone.

We all sympathize with Mr. Wm. Andrews in his severe loss by fire. Most of us know the struggle there is to get a good barn on the place, and how much we value it.

Harvesting is a slow business this year. Most of the grain could be cut but one way, yet most of it is cut. And now the hauling in, owing to the repeated rain storms, is equally slow. But the crop is an average one, and we hope to get it housed without much loss. Root crops are looking well.

Your Priceville man says barley is black as lead in his part, and it is equally black here. We are afraid it would not have been taken by Uncle Sam at a high figure even if reciprocity had passed, so we have lost nothing in that line so far by rejecting it.

Miss Nellie Allan is home from Toronto, bright and cheerful as ever. Yet a couple of weeks' holidays will likely do her some good.

Will we mention that Misses May and Millie Hopkins left last week for Toronto, or will your McWilliamsville man write a budget any time in reason?

Few, if any medicines have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood has given it a wide reputation. For sale by all dealers.

Normal air contains about 21 per cent. of oxygen, and 0.05 per cent. of carbon dioxide, and to determine how greatly these proportions are changed when the air ceases to support combustion was the purpose of the experiments lately brought to the notice of the Coal Mining Institute of America by G. A. Burrell. Different lamps were placed under a ten-quart bell jar until their flames were extinguished, when the air was analyzed. A bonneted Wolf lamp went out when the atmosphere contained 16.5 per cent. of oxygen and 3 of carbon dioxide; an unbonneted lamp of the same kind, in an atmosphere of 15.82 per cent. of oxygen and 3 of carbon dioxide, and a candle flame with 16.24 per cent. of oxygen and 2.95 of carbon dioxide. A natural gas flame from a Bunsen burner was extinguished in 13.9 of oxygen and 3.25 of carbon dioxide. The flame of an acetylene lamp continued until the oxygen was reduced to 11.7 and the carbon dioxide was increased to 6.30—qr, much beyond the point where the atmosphere became dangerous to human life.

The Traders Bank of Canada and the Royal Bank of Canada United

The Royal Bank of Canada authorized to increase capital to \$35,000,000

It is announced that the amalgamation of The Royal Bank of Canada and The Traders Bank of Canada has been approved by the Treasury Board and the Cabinet Council, Ottawa. Under the new management the combined capital and reserve is \$24,000,000 and total assets \$180,000,000.

The combined assets make one of the strongest banks in the Dominion and places it in the front rank of the large financial organizations of the continent, and owing to favorable conditions and distribution of the business of these two institutions, the result must be to greatly extend and increase banking facilities.

The continuance of all branches except in a few places where both have offices and the taking over of the Traders Bank staff will practically make little or no change in the relations of the bank with its customers.

The Royal Bank of Canada was established in 1869 and in addition to branches in Canada has agencies in London, England, New York and the West Indies. The formal transfer was made on September 3rd, and our town is to be congratulated on having an agency of this strong bank.

Depositors, both Savings and Current may exchange Traders Bank of Canada Pass Books for new ones bearing the name of The Royal Bank of Canada at their convenience.

WINDSOR SALT BRAN and SHORTS always kept in stock.

Goods delivered to all parts of the town on short notice.

MR'S. A. BEGGS & SON

HONEYMOON WITH SAVAGES.

Three newly-wedded couples have sailed from Philadelphia with a party of thirteen young missionaries of the Presbyterian church, who are bound for the Belgian Congo, 1500 miles into the heart of Darkest Africa. For three years the young pioneers of Christianity will labor in fever-infested Matadi, where King Leopold's agents aroused the world by their atrocious cruelty in the rubber plantations, and natives still offer human sacrifices to the sun god.

Hardware and Furniture

Buy your poultry netting from us and protect your garden from the hens.

A stitch in time saves nine. You will escape the flies by purchasing your window screens and doors early. Different styles to choose from, also all sizes of wire cloth in stock.

To have your lawn kept green and cut clean, you must have a fountain spray and lawn mower. Buy them from us, and get value for your money.

The Samson garden and field tools—no better tools made. Every article guaranteed.

Agents for National Portland Cement.

Now that house-cleaning time is here, you will want to buy or rent our Vacuum Cleaners. They save time and hard work.

Here is something for everyone who is going to paint his or her home inside or out. Use Brandram-Henderson English Paint, the purest and best paint sold. I challenge any person to dispute this fact.

Floor paints by the same makers have no equal. Floorglaze is our standard seller. China-lac for making old furniture look like new.

We have in stock the famous Blue Flame oil stove, two and three burners; also Boss gas-line stoves. Each stove is tested before leaving store.

FURNITURE

To have a comfortable night's rest, buy from us an Ostermoor mattress. Pillows at popular prices.

We have now in stock the latest styles in picture mouldings. Call and see our samples.

Coal Oil and Gasoline.

All Goods Delivered. Cash for Eggs.

F. Lenahan & Co

All of the brides are under 22, and they have all been married less than a week. They will live in mud huts, in a country so dangerous that no white man can live more than four years, surrounded by thousands of fierce Balubas, subjects of King Zappa Zappa, a latter-day Solomon, who owns a thousand wives. They will bear from home once in three months, and they will be the only white women in an area of 5000 square miles.

The implicit confidence that many people have in Chamberlain's Colic, Cholera and Diarrhoea Remedy is founded on their experience in the use of that remedy and their knowledge of the many remarkable cures of colic, diarrhoea and dysentery that it has effected. For sale by all dealers.
