

THE PEOPLE'S STORE

The Store the People Talk About

DRY GOODS

WE HAVE still left a few Prints and Gingham to clear out at a low price. Call and see them and you will not go elsewhere as we have the Goods that will please you.

LADIES' HOSE

LADIES' COTTON HOSE, 2 pair for only 25c. Also Lisle Hose, cashmere, either black or tan, that we do not wish to have left and will sell them at a REDUCED PRICE.

LADIES' GLOVES

NOW is the time to buy them before they are all gone. We have them in silk, long or short, lisle and cashmere.

SHOES

HOW about a new pair of Shoes. A nice tan or patent pump would be nice or a nice strap Oxford. In Men's Shoes we have tan or black. The Imperial Shoe is the Best on the Market.

SUMMER HATS

YOU will need a new hat for Summer. We have it—a nice straw or soft hat. We also have some nice caps that we do not wish to carry over, and will sell them at a REDUCED PRICE.

We Want Your Butter and Eggs.

Highest Price Paid for Wool.

Also a nice stock of stoles and muffis of the most approved styles, nifty, yet genuine comfort, at the following prices, per set

\$6.00 8.00 9.00 9.50 10.00 12.00 15.00
See the Display in the Window

Also a fine stock of Telescopes, Suit Cases and Trunks, neat and stylish, and fresh from the factory.

TEA EXPERTS

Inform us that in the preparation of tea it is necessary to see that fresh water is put in the kettle or in other words, no reboiled water should be used. The teapot should be thoroughly cleaned and warmed before putting the tea in. See that not too much tea is used—see that the water is boiling when put into teapot. see that the water is never boiled as it is then unpleasant and injurious. Try the above on the Light of Asia, black at 35c. The Star of India, black, 25c. Fine Green, 25c. Perfect Green 35c.

We carry at all times a large stock of Fresh Groceries.
Our Boots and Shoes are full in all lines.

The Highest Prices for Butter and Eggs.

Judges—C. Firth, G. Binnie.

A porous glass for ventilation is being made in France, the holes being small enough to exclude dust and drafts.

SMALL FRUIT CULTURE.

The failure of many who occupy land to grow an abundance of small fruits, at least for their own use, is due to a mistaken idea that it requires too much time to look after a garden. This is the view taken by Mr. W. F. McComb, the Dominion Horticulturist, and expressed in a paper read by him last winter before the Senate Committee on Agriculture and Forestry. This paper, which constitutes a pamphlet of thirty-five pages, is an exhaustive treatise, expressed in the plainest terms, on the culture of small fruits. The fruits dealt with are the strawberry, raspberry, blackberry, gooseberry, and the several classes of currants. Besides giving full instructions for planting and cultivation, notes are given on the relative merits of varieties. This pamphlet contains an interesting table on the cost of growing and the returns from an acre of strawberries. At a net value of five cents per box, a net value of eighty-four dollars is shown. A section is devoted to preparation and application of insecticides and fungicides that are useful in fruit growing. Having the information of this paper to guide him, there is no reason why every farmer should not have a productive fruit garden. A large edition has been printed to be sent free to all who apply to the Publications Branch, Department of Agriculture, Ottawa.

EBENEZER.

When is the wet weather going to quit? This is the question every one is asking.
Mr. James Livingston spent Sunday at his home here.
Miss Addie Collinson, of Hamilton visited Mr. and Mrs. Charles Reay.
Mrs. Wm. Torry and son, T. H. visited friends in Hanover last week.
Mr. Spence Hopkins, of Mulock, spent Sunday at Mr. D. Donnelly's.
Mr. Stanley Livingston has a situation in the Royal Bank at Elmwood.
Mr. Jack Wells visited friends in Durham on Sunday last.
A number from around here intend taking in the Holstein Fair on Wednesday next.
Mrs. Grat Wise is not improving very fast. Hope to hear of her speedy recovery.

It is noted that the top strands of a wire fence are more apt to rust than those which pass through the dew-laden grass. A possible explanation has been offered in the fact that the wires running close to the ground are slightly electrified.
