## THE CHALICE OF COURAGE

Continued from page 6.

Her ablutions in common with those of the rest of the campers had been by piecemeal of necessity. Here was an opportunity for a plunge in a natural bath tub. She was as certain that she would be under no observation as if she were in the privacy of her own chamber. Here again impulse determined the end. In spite of her assurance there was some little apprehension in the glance that she cast about her, but it soon vanished. There was no one. She was absolutely alone. The pool and the chance of the plunge had brought her down to earth again; the thought of the enlivening exhilaration of the pure cold water dashing against her own warm young body changed the current of her thoughts—the anticipation of it rather.

Impulsively she dropped her rod upon the grass, unpinned her hat, threw the fishing basket from her shoulder. She was wearing a stout sweater; that, too, joined the rest. Nervous hands manipulated buttons and the fastenings. In a few moments the sweet figure of youth, of beauty, of purity and of innocence brightened the sod and shed a white luster upon the green of the grass and moss and pines, reflecting light to the gray brown rocks of the range. So Eve may have looked on some bright Eden morning. A few steps forward and this nymph of the woods, this naiad of the mountains, plunged into the clear, cold waters of the pool—a water sprite and her fountain!

### CAMPAIGN AGAINST CANCER HAS BEGUN.

New York, Nov. 15.—With the statement that practically 25 per cent. of women afflicted with a form of cancer peculiar to the sex, can be cured permanently if the disease is treated in its early stages the Clinical Congress of Surgeons at its meeting last night in the Academy of Music, Brooklyn, took steps to start a crusade of publicity throughout the country, which, it is believed, will help largely to check the ravages of the usual fatal malady. A committee of five of the leading gynecologists of the country was appointed to begin the fight at once and to report at the next congress. Dr. Cullen, who read a paper on "Radical Operation for Cancer of the Cervix," had explained previously the necessity for such a campaign.

"The reason why so many women die of cancer," said he, "is because they conceal their symptoms too long. When they finally go to the physician for a diagnosis they are too late for any cure. From 20 to 25 per cent. of cures could be effected by the radical Weithem operation if it were done in time."

The committee was instructed to write or have written articles to be published in the daily press, the weekly or monthly magazines, as may prove most expedient in disseminating the information.

The committee: Dr. Thomas S. Cullen, chairman, associate professor of gynecology at Johns Hopkins, Baltimore; Dr. Howard C. Taylor, of Columbia; Dr. C. Jeff Miller, of Tulane University, New Orleans; Dr. F. F. Simpson, one of the leading abdominal surgeons of Pittsburg and Dr. E. C. Dudley, of Chicago.

Dr. Thomas Cullen, mentioned in the above despatch, is the son of the late Rev. Thomas Cullen, who died while pastor of Askin street Methodist church, London, Ont., in 1895.

### HOUSEHOLD HELPS.

The addition of the juice of half a lemon and a tablespoonful of Worcestershire sauce will make a decided improvement in the flavor of meat soups. Bean soup may also be improved by lemon juice.

To remove the white stains made by hot water or tea on a lacquered tray, dampen a soft linen or flannel cloth with alcohol and rub gently over the stains until they disappear.

A soft rag moistened with lemon juice and then dipped in silver whitening will be found excellent for cleaning piano keys.

A pair of cotton blankets make better lining than cotton batting. They require little tacking, and can be washed successfully.

When baking potatoes; rub dry and grease. This causes the outer skin to peel off very thin, thus saving the most nourishing part.

When silk is spotted with grease rub it with French chalk or magnesia, then hold the spotted portion near the fire. The chalk will absorb the grease and can be brushed off, taking the grease with it.

There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever, and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy, and the first dose eased them, and three bottles cured them" says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by all dealers.

### SANCTUARY FOR ANIMAL SPECIES.

Kangaroo Island, which is situated some six hours' steaming from Adelaide, the capital of South Australia, is regarded as an ideal place in which to preserve permanently animal and botanical species distinctive of the Australian continent. At present 175 square miles on the island are utilized as a fauna and flora preserve, and it is now suggested that the area should be considerably increased. Certain islands in various lakes have been set apart as bird sanctuaries; close seasons for different kinds of birds are proclaimed, and in various other ways efforts are made to prevent the destruction of the native fauna and flora. Recently the attention of the South Australian commissioner of crown lands was drawn to the desirableness of protecting the opossum, which he had ascertained is now being destroyed in large numbers for the sake of its skin, for which there is a good market. To prevent the wholesale destruction of the marsupial, and also to give power to the State Government to protect other native animals from time to time, as occasion may require, the commissioner has directed that a bill shall be prepared for introduction into Parliament at an early date to provide for the protection of wild animals.

### TORONTO WOMAN BATTERED TO A DYING CONDITION.

Battered and left for dead by a brute, who she claims is Percy Kemp, of 217 Avenue Road, a woman who gives her name as Mrs. Shiek was found in what is believed to be a dying condition at her home, 20 Rainsford avenue, shortly after 11 o'clock on Friday. The woman was so badly injured that she could not tell a coherent story as to what happened, but from what the police were able to learn while removing her to a hospital she was attacked by the man, who attempted to assault her, and, in a battle for her honor received her injuries.

### WATER MAIN BURST.

Montreal, Nov. 15.—Considerable excitement and damage was caused by the bursting of a water main on St Antoine street, a short distance east of Windsor street, with such a force as to raise the pavement between the street railway tracks for a distance of at least twenty-five feet, out of which poured forth mud, water and gravel, flooding the surrounding business, filling the cellars. Among the worst sufferers are the Davis Cigar Store on St. Antoine street, and the Diamond Clothing House on St. James street, near the Grand Trunk Bonaventure station. At this particular store there were seven feet of water in the basement and several inches on the first floor. The clothing in several wardrobes was slightly damaged, the surrounding stores were similarly affected, with more

## WILL GIVE \$500 TO SICK READERS OF THE CHRONICLE.

Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers \$1.00 Package Free to Sick and Ailing

In order that every reader of The Chronicle who may not have heard of this wonderful "Home Treatment" may have an opportunity to test this celebrated medicine, the now famous scientist, Dr. James W. Kidd, offers to give absolutely free a full size \$1.00 package to five hundred readers of this paper, to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

People who suffer from Rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lumbago, Piles, Urinary Disorders, Female Weaknesses of any kind, the weak, worn-out, broken-down and despondent will be delighted at the effect of a few doses. This wonderful treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic.

Any reader of The Chronicle who will try this extraordinary medicine that has created so much excitement by its cures can obtain absolutely free a full \$1.00 treatment by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it to-day to James W. Kidd, Toronto, Canada. No money need be sent and no charge of any kind will be made. As this offer is limited, you should write at once, in order to be sure to receive your free treatment.
