FLESHERTON.

Intended for last week.

The Methodist Sunday school anniversary on New Year's evening was very successful. After an excellent tea, served in the school room of the church, the auditorium above was filled with a large audience, who found an engaging picture in the bevy of young faces on the platform filled with scholars of the school. The pastor, Rev. Mr. Wellwood, presided, and conducted a very interesting program of choruses, solos, recitations etc., such as is usual for the excellent talent of this school. We cannot enumerate the many pretty numbers by the children, all of whom acquitted themselves well. "Three Green Bonnets," by very little tots, Dorris Boyd, Evelyn Wellwood and Evada Wilson, was very cute. "Mother Goose's Reception was a very taking number. A selection from Queen Esther by a number of the young people was well rendered and highly pleasing, as was also an excellently rendered trio by Mr. R. Wilcock, Dr. Murray, and Rev. Wellwood. Editor W. Irwin, of Durham, was a visitor, and responding to an invitation from the chairman for a speech, he was given a very hearty reception, showing the esteem in which he is held, and the warmth of feeling still existing towards him here. Mr. Irwin was in a pleasant reminiscent mood and referred to his first coming to Flesherton on New Year's day 27 years ago; his attendance at this school's anniversary then and the succeeding eleven years in which he resided here. The freewill offering was about $63.00.

Sloan—Orr.—A pretty wedding took place at the home of Mr. and Mrs. M. Guy Orr, on New Year's day morning, when their daughter, Annie Victoria, was married to Mr. John I. Sloan, of Artemesia. Rev. H. E. Wellwood, B.A., B.D., conducted the ceremony, which took place beneath a pretty arch in the bay window banked with ferns. Mrs. Ed. Orr, of Seattle, played the wedding march, and the bride's little nephew, Master Russell Cameron, two years old, was a cute ring bearer. The bride, who was unattended, entered the parlor on the arm of her father, and looked charming in her bridal veil and dainty gown of pale mauve silk with white lace yoke and pearl trimming. After the ceremony and joyous congratulations, a choice wedding breakfast was served, and the bride donning her neat travelling costume of brown velvet with hat to match. The young couple left on the afternoon train for Paisley, and will be absent a couple of weeks, visiting at Streetsville, Toronto and other points. On their return they will reside in their new home near Saugeen Junction. The bride received a large number of valuable wedding presents, that of the groom being a gold watch and chain.

HARNESS THE OCEAN, BANISH ICEBERGS AND WARM BRITAIN.

A plan for abolishing icebergs is to be laid before the United States Congress. The New York Board of Trade and Transportation announces its endorsement of a bill which Congressman Calder, of Brooklyn, will submit at Washington, calling for a government commission to study the feasibility of constructing a huge jetty across the Grand Banks of Newfoundland.

The idea, which the members of the Board were at first inclined to jeer at, but later adopted, was explained by its originator, C. L. Ricker, a Brooklyn engineer. He said he would obstruct the Labrador current by laying a steel cable 10 inches in diameter, across the grand banks, where the ocean bed is a level plateau, against which the current would deposit sand and form a ridge extending for two miles to the east of Cape Race.

He declared that this would be sufficient to shift the current so that the warm Gulf Stream and the cold Labrador current would commingle, melting the ice in the latter, eliminating icebergs not only from the region of the grand banks, but also from the entire Arctic circle. Greenland, he maintained, would be transformed into a garden and England would be surrounded by a current as warm as the Caribbean Sea.

Mr. Ricker declared that however wild the project might seem at first sight, it had received the endorsement of many engineers and even the United States hydrographic office had considered it feasible. He estimated the cost at $20,000,000.

CHURCH UNION IN EARNEST.

Church Union is not such a hypothetical thing as a good many imagine it to be. At a conference of the representatives of the Orangeville Presbytery and the Methodist district of Mount Forest, Orangeville and Owen Sound, the following recommendations were unanimously carried:

First, that the Presbyterians join the Methodists in Alton.

Second, that the Methodists join the Presbyterians in Caledon.

Third, that negotiations be entered upon to secure an exchange of the Presbyterian church building in Feversham and the Methodist church buildings in Riverview, the Presbyterians to join the Methodists in Feversham and the Methodists join the Presbyterians at Riverview.

Fourth, that the Methodist church at Waldemar be closed, and the congregation unite with the Presbyterian church, and that the South Luther Presbyterian church be attached to the Damascus circuit of the Methodist church.

Fifth, that the Methodist congregation at Eugenia be united with the Presbyterian church there, and the church building be handed over to the Presbyterian church; and that the Presbyterian congregation at Proton Station, with their church building be handed over to the Methodist church."

SPECIAL AROUND THE WORLD CRUISE.—CANADIAN PACIFIC EMPRESSES OF "RUSSIA" AND "ASIA."

An unusual opportunity for an around the world cruise, all under the Canadian Pacific flag with its consequent standard of service is offered with the advent of the great new quadruple screw turbine engine steamships, "Empress of Russia" and "Empress of Asia."

The "Empress of Russia" will sail from Liverpool April 1st and will call at Gibraltar April 4th, Villefranche April 8th, Port Said April 12th, and will proceed via Suez, Colombo, Penang, Singapore, Hong Kong, Shanghai, Nagasaki, Kobe, Yokohama and arrive at Vancouver Saturday, May 31st. From Vancouver to Toronto, passengers may travel via Canadian Pacific main line, or Crows' Nest Pass line and may also travel from Fort William or via Great Lakes route to Port MsNicholl.

The most direct connection to make for the sailing from Liverpool April 1st is via "Empress of Britain" from St. John, N.B., March 21st, 1913.

The Canadian Pacific Atlantic Empresses are so well known and have established so enviable a reputation for safety, speed, service and accommodation that when we say the "Empress of Asia" and "Empress of Russia" are larger and faster than the "Empress of Britain" and "Empress of Ireland" it means a great deal. They embody the very latest features of marine architecture and every known convenience and comfort for passengers—the service and cuisine will be maintained at high "Canadian Pacific" standard.

The "Empress of Russia" and "Empres sof Asia" are sister ships 593 feet long, 68 feet beam—gross register 16,850 tons, displacement about 34,000 tons—speed 20 knots—quadruple screw—turbine engines—and the first merchant vessels built with the "cruiser" stern, a feature which is especially adapted for speed, and increases the stability, besides, securing more room on the various decks. When ocean liners were built so that they should float with two of their compartments filled with water, it was thought a great thing, but the new "Empresses" can have four of their compartments filled and still float.

The rate for the entire cruise is $639.10 exclusive of maintenance between arrival time in England and departure of the "Empress of Russia."

A similar cruise will be made by the "Empress of Asia" sailing from Liverpool May 27th, 1913.

SUNDAY SCHOOL.

Lesson III.—First Quarter, For Jan. 19, 1913.

THE INTERNATIONAL SERIES.

Text of the Lesson, Gen. iii—Memory Verses, 17-19—Golden Text, John viii, 34—Commentary Prepared by Rev. D. M. Stearns.

In chapters i and ii we have seen the only absolutely perfect man and woman that ever walked this earth, in a perfect paradise without sin, God Himself their companion and friend and they having dominion over all things. There is no such glorious reality mentioned as existing on earth again till we come to the record of the new earth in Rev. xxi, but a great and unceasing conflict between God and His and our great adversary, the devil, to whom we are introduced in today's lesson. It is interesting to note that we have the beginning of his record in Gen. iii and the end thereof in Rev. xx, the third chapter from the end of the Bible. In this lesson we have the first mention of the devil, of unbelief, of sin, of suffering, and also of a deliverer, a redemption and a great restoration. An understanding of this chapter helps greatly to understand the whole Bible.

This great adversary is described in Rev. xii. 9; xx. 2, as the great dragon, that old serpent, called the devil and Satan, who deceiveth the whole world. He is also called the god of this world, the prince of the power of the air, the spirit that now worketh in the children of disobedience (II Cor. iv. 4; Eph. ii. 2). The whole world is said to be under his control (I John v. 19). The Lord Jesus said of him, "The prince of this world cometh and hath nothing in me" (John xiv. 30). In this his first appearance after Adam was given the dominion over the earth he used the serpent, which was then evidently the wisest and probably most beautiful of all creatures beneath man, afterward condemned because of this partnership to go prone on the earth (verse 14).

Notice in verses 1-5 that in the devil's first recorded utterance, "Yea, hath God said?" he questions the word of God, and in the words following he questions the love of God. In verse 4 he makes God a liar (compare 2-17) and in verse 5 sets before Eve an ambition to be as God. Those who in any way talk or act thus show at once in whose employ they are. To all such, however they may pose as servants of Christ, unless they truly repent, our Lord tells us that He will say to them, "I never knew you; depart from Me" (Matt. vii. 22, 23). Verse 6 reminds us of I John, 2-16, the lust of the flesh, the lust of the eyes, the pride of life, all of which are of the world and not of God. With all that they needed, all fullness from the hand of God, Adam and Eve fell. But with hunger and loneliness, under the same temptations, the last Adam resisted the devil and overcame him.

By the same sword of the Spirit we may overcome (Eph. vi, 16, 17). See some of the results of sin—fear, trying to hide from God, the man blaming God for the gift of the woman, fig leaf aprons a substitute for garments of light and glory. Inasmuch as the minding of the flesh is death (Rom. viii, 6, margin), they died that day, as God had said they would. This is the first "afraid" in the Bible and the first attempt to hide from God. Contrast all the "fear nots" and the life hid with Christ in God. Note the first question of God, "Where art thou?" (verse 9) and see the Good Shepherd seeking His lost sheep.

When all is confessed then God begins to speak and act on their behalf and to reveal His eternal purpose. There is a curse upon the serpent and upon the ground and sorrow predicted for the woman and the man (14-19). The Old Testament as we have it ends with the word "curse," but in the last chapter of the New Testament we read, "There shall be no more curse" (Rev. xxii, 3), and the reason why is given in Gal. iii, 13—Christ made a curse for us. The thorns of verse 18 take us also to Golgotha, or, rather, to Jesus before Pilate, and then to Rom. viii, 20-23, where we see Him who wore the crown of thorns redeeming the earth. Lesson verse 15 shows the great Deliverer as the seed of the woman, born of a virgin, suffering at the hands of the adversary, but finally conquering him. Here is also the salvation of Eve, for enmity between the sinner and the devil is an evidence of salvation. It is the work of God. "I will put."

The method of salvation is fully set forth in verse 21, where we see the Lord God shedding blood, probably of lambs, and by skins thus obtained providing redemption clothing for Adam and Eve instead of the leaf aprons of their own making. The guilty pair can do nothing but drop their own efforts and accept God's provision, in which was simply and clearly set forth the shedding of the blood of the lamb of God on Golgotha in due time.

When we receive His righteousness instead of our own then we may sing: "He hath clothed me with the garments of salvation. He hath covered me with the robe of righteousness" (Isa. lxi, 10). The resurrection and future glory of the redeemed may be seen in verse 24 and are fully set forth in a booklet on "The Tree of Life and the Cherubim," which may be obtained at 5 cents each or 50 cents a dozen by addressing D. M. S., box 216, Harrisburg, Pa. I have been praising God for over thirty years for the blessing obtained through those articles.
