Miss Laura left for Toronto on Saturday to attend the millinery openings.

The hockey boys, accompanied by about forty of their friends, went to Dundalk for a match on Tuesday evening of last week. The score was 5 to 4, in favor of the Dundalk team.

Mrs. Margaret Sloan, widow of the late Jacob B. Sloan, of Eugenia, passed away on the 9th inst. at the home of her son, at Mt. Albert.

On the Wednesday following, the remains were brought here for interment in the family plot, where her husband was laid nearly 18 years ago. Rev. N. Wellwood was at the grave. The deceased, who was 81 years of age, is survived by two sons, William, at Kimberley, and Walker, at Mt. Albert. Mrs. Sloan was a very highly respected woman, and resided at Eugenia over fifty years.

Mr. Jos. Cornfield received the sad news some days ago of the death of his sister, Louisa, Mrs. C. E. Hamilton, at Kirwin, Kansas, where she had resided for twelve years. Eight years ago, she was married to Mr. Hamilton, who, with one son, survives her. Two brothers and five sisters also survive. The deceased, who was 33 years of age, was born at Mt. Zion, Artemesia.

them under quarantine and taken all necessary steps to prevent the spread of the disease. We trust no serious harm may come to the afflicted ones.

The Orangemen are busy making arrangements for a box social, to be held in their lodge room in Vernon, in a couple of weeks.

The cold weather of late seems to have fairly taken peoples breath away. The congregation at church, school and other public affairs was much lessened by it. In fact, the barn was far enough for many to go.

Mr. Wm. Marshall put up last week with his sawing machine.

Mr. Wm. Morrison, with his fine team of black horses, takes the cake for big loads of sawlogs.

Upwards of a thousand feet of maple is his usual load.

The trustees had our school disinfected last week, and some private homes got some of the same medicine. People take no chances with small-pox.

Miss Mabel Mead came home from Toronto for a few days' visit, a week ago.

Mr. Noble McCallum, of Saskatchewan, who is spending the winter with Ontario friends, spent a few days last week with the Tucker family. He is much in love with the prairie province, even though the wet weather last harvest prevented him from getting the greater part of his crop even cut.

Mrs. Jas. Tucker will accompany her uncle, N. McCallum, to Belgrave, this Tuesday, to spend a fortnight with her mother, sisters and brothers.

### A SHOCKER.

A party of four, just returning from the theatre, called in at a fashionable restaurant. The prim old maid who was the guest of the evening, was charmed with everything, especially the music.

While the waiter was standing by the table, she asked him to find out the title of the piece the orchestra was playing, and the willing waiter promised.

But other duties claimed him for a time, and when he returned the lady had completely forgotten her request. When he bent towards her and softly whispered something in her ear, she recoiled in horror.

Then, recovering from the shock, she turned with cold, relentless fury, upon the hapless man who waited.

"How dare you!" she cried.

"And it took the terrified waiter quite a time to explain why he had merely breathed the title of the piece so softly:

"What Can I Do To Make You Love Me?"

An altercation took place on a Toronto street car on Friday, after refusal by the conductor of a transfer to a passenger. The conductor hit the passenger on the head with the fare box, and then pitched him off on the street, where he was picked up unconscious and taken to the hospital. The conductor was arrested, but is out on bail of \$400, being remanded until February 21st. The injured man is in a serious condition. The conductor says he acted in self-defense.

### CORNER CONCERN.

That five million dollars given by the Ontario Government for good roads, is a timely gift, if it is properly applied. Now that His Majesty's mails are carried daily along all roads, a share of it should be applied to helping the roads for winter travel. It will be better to have the roads passable the year round than to have them real good for only a few months.

There has now been sufficient experience to know that wire fences and snow fences and the removal of different objects along the road is a great improvement, if not a perfect remedy. Some places we know of that could scarcely be kept open when the old rail fence existed, have required no attention since wire fences were erected.

Mr. Levi Betts, who had his leg badly broken by a falling tree, and was taken to Toronto hospital and returned home some days ago, and is now reported doing well.

Mr. Wm. Flynn, who has been ill recently with stomach trouble, went to the city on Tuesday to consult a specialist. He was accompanied by his mother.

Miss Jennie Bunt, and Miss How-

ard, of Toronto, are visiting their

brother, Mr. W. H. Bunt.

Mrs. Thos. Dale, of Summerland,

B.C., visited Mrs. J. P. Ottewell,

Mrs. Wilcock, and other friends,

last week.

The people along the 2nd con-

cession between Allan's corners

and Pollock's, are pleased to know

that arrangements have been

made so that they will be served

with rural mail. It was feared

that piece of road was going to

be missed. Those who enjoy it

now would not care to go back to

the old order of things.

We were in error a week ago

when we reported Mr. Sirs suf-

fering from grip. It was small-

pox, and as a consequence, Mr.

Robert Mead, at whose home he

was staying, has got it, and the

medical health officer has placed

### "INFORMATION" KNEW.

Two young matrons, who are sisters, keep house in their old family homestead in Kansas City, Kansas. Recently, their cook left. While neither had much experience in cooking, yet they decided to take charge of the kitchen. They bought three cook books. For Sunday evening lunch, it was decided to have sauerkraut and spare ribs. Several friends were asked in.

The kraut and ribs were put on the fire to boil. Suddenly it occurred to one of the "cooks" that she did not know how long the combination should cook. She consulted the cook books, but was still unenlightened. One of the husbands happened to drop into the kitchen. He saw that something was wrong. He asked, and was told,

"That ought to be easy to find out," he said. He stepped to the telephone, and called "Information, please."

"Information, can you tell me how long sauerkraut and spare-ribs should boil?"

Without a moment's hesitation, the silvery voice replied, "Certainly. Cook until they are done." —Kansas City Star.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it, as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers

"Why don't you raise a mustache?" asked the inquisitive girl. "I like soup too well," replied the fastidious man.

**Chapped Hands AND Cold-Sores**

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give
