C. L. GRANT

To Our Friends and Neighbors

You know us. You know we would not - that we could not afford to - go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made - the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what Rexall Orderlies are made of and on observation of very many severe cases in which they have proven their merit.

Try them at Our Risk

If they do not abundantly prove their merit with you also — if you are not entirely satisfied with them we will refund your money - and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work - just let their action be delayed and incomplete and the entire system and every other organ suffers. Wastes that

should have been dispelled remain to poison the system. Headaches, biliousness, nervous

ness and other tormenting and serious ills are common when the bowels fail to act daily as nature intended All this may be avoided, if you will accept our advice.

taste just like candy. They are soothing and easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recom-mend Rexall Orderlies for children, aged and delicate persons.

Rexall Orderlies come in vestpocket tin boxes. 12 tablets, 10c: 36 tablets, 25c; 80 tablets, 50c.

CPARKLING WATER, cool and sweet, refreshes the farmer who builds a

Concrete Well or Tank

THE FARMER, above all others, appreciates good water. He drinks more water than the city man. The city-dweller is dependent upon the public water-supply for the purity of his water, while the farmer can have his own private source of water, and thus be sure that it is pure and healthful.

MAN hasn't found a better drink than cool water, properly collected and stored. But in order to keep water fresh and pure, a tank or well casing that will keep out every possible impurity must be used.

CONCRETE IS THE IDEAL MATERIAL FOR TANKS AND WELL-CASINGS

IT is absolutely water-tight, protecting your water from seepage of all kinds. It cannot rot or crumb e. It is easily cleaned inside. Time and water, in 'ead of causing it to decay, actually make it stronger. OUR Farmers' Information De-Address Publicity Manager
