FOR WEARY SHOPPERS.

Berlin has instituted a place in the heart of the city where person may enter and engage a room for an hour or more and rest his weary limbs. This is proving a boon to tired shoppers who do not belong to any central club or social institution and the novelty and value of the enterprise has made a strong appeal to the jaded suburban, provincial and foreign visitor.

BLYTH'S CORNERS. The very mild spring-like weather the latter end of the past week has caught a bad cold, leaving the roads in a very bad

sick colt, Dr. Ellis, of Holstein, being in attendance. Mr. John Seim, who has been employed by Mr. Louie Wettlaufer as engineer for the past three years, has moved his family over to his brother's mill at Hampden.

Mr. Maurice Tribe, cattle buyer, of Holstein was on the line last week spying out choice Easter beefers, for which he is paying in

the neighborhood of seven cents.
Unaccountably, a couple of times we omitted to extend our hearty congratulations to Mr. and Mrs. John Cornish, sr., on the event of their golden wedding. Mr. Shall we let our former comrades and Mrs. Cornish spent the big bulk of their happy wedded life around the Corners, where they both played their part well in all that goes to make good citizens, and were highly respected. We wish them many years yet to come of married bliss.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corects, tight collars or hoes, nor live in badly ventilated and draughty houses, nor eat and risk some of the things that we do, nor ride in street care when we should walk. The consequence is that the body when it gots out of order must look for outside help to make the necessary repairs.
