

THE DURHAM CHRONICLE

W. IRWIN Eitor and Proprietor.

DURHAM, MARCH 27th, 1913.

CO-OPERATIVE EXPERIMENTS IN WEED ERADICATION FOR 1913.

During the season of 1912 the Ontario Agricultural Experimental carried on co-operative experiments in the eradication of Perennial Sow Thistle, Twitch Grass, Bladder Campion and Wild Mustard. A number of practical men took part in these experiments and some very interesting and valuable results were obtained.

These co-operative experiments in weed eradication will be continued in 1913, and it is hoped that a large number of men will take part in them in order that sufficient data may be gathered to warrant definite statements being made regarding the best methods of controlling these pernicious weeds.

Those who are troubled with any of these bad weeds are invited to write to the Director of Co-operative Experiments in Weed Eradication, Ontario Agricultural College, Guelph, Ontario, who will be glad to furnish full information concerning these experiments, and to supply application blanks for the same.

NEW REGULATIONS GOVERNING THE FREE ENTRY OF PURE-BRED ANIMALS.

On the first of April this year there will come into force new regulations governing the free entry to Canada of animals for the improvement of stock.

"1. No animal imported for the improvement of stock shall be admitted free unless the importer is a British subject, resident in the British Empire, or if more than one owner, each is a British subject, resident in the British Empire and there is furnished an Import Certificate stating that the animal is recorded in a Canadian National Record, or in a Foreign Record recognized as reliable by the National Record Committee.

"2. In case such certificate is not at hand at the time of the animals, entry for duty may be accepted subject to refund of the duty upon the production of the requisite certificates and proofs in due form satisfactory to the collector, within one year from the time of entry.

"3. The form of certificate to be accepted for the free importation of animals for the improvement of stock, and the Customs

procedure in connection therewith, shall be subject to the direction of the Minister of Customs. "4. The above declarations shall be attached to the Free Import Entry and may be made before the Collector, Sub-Collector, Surveyor or Chief Clerk at the port where the goods are entered, or before any functionary authorized by law to administer oaths."

Under the old regulations a British subject residing in a foreign country, or the citizen of another country living in Canada, could secure the free entry of properly registered animals, whereas under the new order foreign persons or firms are excluded from this privilege.

Customs officers are required to examine carefully the animals presented for entry to see that they correspond with the description contained in the Import Certificate and if they do not, duty is collected.

The statutory declarations required regarding citizenship and identity will, it is hoped, effectively prevent abuses that led up to the passing of the new regulations.

As in the past, animals are subjected to veterinary inspection at the port of entry. Officials of the Health of Animals branch who do this work, are required to make a report as to color and markings. If it is found by the Canadian National Records that foreign certificates of registration do not correspond with these reports, Canadian registration and Import certificates for the animals in question are refused.

ADDRESS AND PRESENTATION.

A number of Knox church, Normanby, people gathered at the home of Mr. James Petty, to say good-bye to Mr. and Mrs. Adam Pettigrew, who were leaving for the West the following morning. A social time was spent, and the following address was read by Mr. James Watson, while Miss T. Byers presented Mr. and Mrs. Pettigrew with a handsome Bible, and silver fruit dish:

Dear Friends,—We have met with you on this occasion to express to you our good-will and appreciation of your worth as neighbors and friends, and as being associated with us in the church, its worship and social unity. It is in words of genuine expression that we speak, and of our knowledge of the relation in which you stand in the community. Kindly accept of these small gifts, with the assurance that they carry with them, not in value, but in reality, the best wishes of your many friends and neighbors.

With the expression of the hope of your prosperity, and all that is conducive to happiness in your future home. Signed in behalf of the friends, —Mrs. John Marshall, Miss T. Byers, Mrs. J. Watson.

ALLAN PARK.

Mr. and Mrs. E. Roseborough spent one evening last week with Mr. and Mrs. T. Brigham. Mrs. Jacob Winkler is spending the Easter holidays with her parents at Ayton.

Mr. and Mrs. W. P. Bailey were visiting friends in Hanover last week. We are pleased to say that Mr. Wm. Pearson is improving nicely, but it will be some time before he is ready for the spring work.

Mr. Wm. Brigham has been under the weather for the past week or so with lumbago, but is able to be around again. Mrs. Bradley has returned home, after spending a few months with friends at Owen Sound.

Mr. Tony Brigham, of London, spent Easter with his parents here, and returned to his duties on Monday.

Mrs. Wm. Brigham leaves this week for Winnipeg, to see her daughter, Zetta, who has been working as trained nurse.

Mr. and Mrs. John Bartman and family moved to their new home last week. Mr. Bartman had the misfortune to receive a kick on the leg from one of his horses, but we hope that nothing serious will result from it.

The big wind-storm last Friday caused quite a little excitement in our burg, to see the shingles going off the houses and barns like a flock of crows, and lumber and fence rails going in the air. It took the chimney off of Mr. Henry Brigham's house, and then it took the smoke-stack off the sawmill, and blew down some of the telephone poles belonging to Mr. Robt. Brigham, and put the line out of business. The roofs of a few barns were also taken off, and a few driving sheds upset.

AN UNKISSED WOMAN.

Mrs. George W. Deems, of Baltimore, who is suing her husband for non-support and desertion, has testified in court that she never has been kissed, and that she 7 years of age. Her parents, she explained, taught her that kissing was deceitful and dangerous to health. She never even kissed them.

HIS REQUEST.

Tourist—I say, guide, it's about time we were getting near the falls, isn't it? Guide—Yes sir. May I request the ladies to stop talking for a moment, and you will then be able to hear the thunder of the waters quite distinctly.

PERSONAL

Miss Leita Vollett spent Easter with friends at Allanford. Mr. W. H. Bean spent Easter with his mother at Toronto. Mr. Richardson spent Sunday at his home at Owen Sound.

Miss Marion Gun, of Toronto, is home for the holidays. Mr. Ted. Goodwin holidayed at his home at Hamilton.

Mrs. (Rev.) Watts, of Walkerton, was a visitor in town. Mr. Scott, of London, visited his mother, Mrs. S. Scott.

Mrs. Mel. Storrey spent Good Friday in Palmerston. Mr. Green, of Regina, is visiting at Mr. E. W. Limin's.

Miss Susan McClocklin, of Toronto, is home for the holidays. Miss Edith Grant, of Toronto, is home for the holidays.

Mrs. D. Campbell has been seriously ill for the past month or so. Mrs. Gilbert McKechnie is visiting in Toronto.

Mrs. Cliff Elvidge and two sons left Thursday for Dauphin, Man., in response to word received of her father's serious illness. Miss Amy Kelly returned home last week, after an extended visit with friends at Toronto and Hamilton.

Mr. Dan. McCormick, of Buncaster, left Tuesday morning for Castor, Alta. He took a load of settler's effects with him. Mrs. Stratton, of Stratford, and Miss Lena Bowman, of St. Margaret's College, are visiting Mrs. Bradshaw Jameson.

Inspector Campbell is attending the meeting of the Ontario Educational Association in Toronto this week. Inspector and Mrs. Campbell spent Easter with his mother, and his sister, Mrs. Henderson, in Port Elgin.

Miss Clara MacLaurin, sister of Dr. N. T. MacLaurin, formerly of Durham, died last week at her home in Toronto. Misses Lizzie and Ella Kinnee, of Toronto, and Mr. Calvin Kinnee, Stratford, spent the holiday at the parental home here.

Miss Clara Aljoe, teacher, Toronto, and Mr. Harold Aljoe, dental student, spent over Sunday with their parents here. Mr. and Mrs. Fred Glass and children, of Markdale, spent the holiday at their parental homes here.

Miss Irene Latimer, of the Northern Business College, Owen Sound, was at her home here over the holiday. Mr. J. A. Lambert, editor of The Mount Forest Representative, was in town Saturday, and gave The Chronicle a brief call.

Mrs. Cooper and Mrs. Jamieson, of Fordwich, spent the Easter holiday with their sister, Mrs. W. H. Bean. Miss Edith Hammond returned to her home in Kimberley on Saturday after spending a few days with her cousin, Miss Rita Irwin.

Miss Adlam, of Toronto, visited her aunt, Mrs. Marshall, here, and her father, Mr. Robert Adlam, at Hanover, during the holiday. Mr. Wm. Swallow, of Winnipeg, accompanied the remains of his brother, Thomas Swallow, and was present at the interment here on Thursday of last week.

Mrs. Thomas Swallow accompanied the remains of her husband from Winnipeg, and was present at the interment here on Thursday. Miss M. Moore who has been visiting her friend, Mrs. Gilbert McKechnie for the past two months

PRACTICALLY GIVEN UP TO DIE "Fruit-a-tives" Cured Kidneys and Bladder

WILLIAMSTOWN, ONT., JULY 27th, 1910 "I have much pleasure in testifying to the almost marvellous benefit I have derived from taking "Fruit-a-tives". I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was "Fruit-a-tives". This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble coupled with Kidney Trouble, and "Fruit-a-tives" cured these complaints for me, when the physicians attending me had practically given me up.

I am now over eighty years of age and I can strongly recommend "Fruit-a-tives" for Chronic Constipation and Bladder and Kidney Troubles" JAMES DINGWALL.

"Fruit-a-tives" is the only medicine in the world made of fruit juices, and is the greatest kidney, bladder and liver medicine ever put on the market. 50c a box, 6 for \$2.50 trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

left for her home in Vancouver on Monday. Mr. and Mrs. A. J. Langley, and Mrs. B. Donaldson, of Toronto, and Mrs. F. Lynn Wixson, of Ingersoll, were present at the funeral of the late Thomas Swallow on Thursday.

The three women are sisters of the deceased. Mr. Norman Lambert, special writer for the Globe, son of Mr. J. A. Lambert of the Mount Forest Representative, was in town Tuesday and gave us a short call. He goes West again in the course of a few weeks.

Messrs. John and Archie Robertson are in Ottawa, where they attended the marriage of their niece, Miss Olivine Marshall, to Mr. Percy Hopkins, of Oil City, Pa. formerly of the Standard Bank, here.

IN THE COUNTRY. A city boy, visiting in the country, was urged by his uncle to rise "It isn't light yet," he complained.

"We're going out to cut the oats," was uncle's explanation. The visitor found it inadequate. "Well, you don't have to sneak up on them in the dark, do you?" he sleepily cried.

NO "BRAINLESS" INSANITY. "If you are lacking in brains, you need have no fear of insanity," is the statement of Everett S. Elmwood, secretary of the Mental Hygiene Committee of New York. "Persons who become insane worry themselves into it, and you must have brains to worry. If people would not worry, insanity would be decreased 10 per cent.

SURPRISED FORMER OWNER.

E. Hodgetts, Lambeth, Ont., writes: "I bought several sacks of Homestead Bone Black Fertilizer from H. Hamlyn of this place, which I used on part of my oat field. He asked me why a part of this field showed oats of so much greater length and quality than the rest of the field. I informed him what I had done and he said he could not have believed it, if he had not seen it that fertilizers could give such good results. I can highly recommend the Homestead Fertilizer to all who wish to build up their farms and grow big crops."

Homestead Fertilizers are manufactured and sold by the Michigan Carbon Works, Detroit, Michigan, who will send free to any farmer their book on fertilizers with handsome calendar, postage paid. They want agents where they are not now represented. Address Michigan Carbon Works, Postoffice Drawer 814—A, Detroit, Michigan, asking for terms.

CRIMINAL IGNORANCE. There are still a few mothers in this enlightened era who believe that a child must take a regular course in contagious diseases as a sort of preliminary test before he can become a healthy adult. As a consequence, they are indifferent as to whether or not their children are exposed to measles, whooping cough, and the other foes of childhood. "Let them have it and get over with it," we have heard mothers say. How largely infant mortality is increased by this criminal ignorance is difficult to say with any exactness, but it is an undoubted fact that many a grave has been filled whose occupant might have been alive to-day. It is no more necessary for a child to contract scarlet fever than for an adult to have typhoid fever, and what grown person would knowingly swallow typhoid germs?
