28,000 ACRES of Choice Land, in East Central Saskatchewan

Never before in the history of Western Canada land buying has such a golden opportunity been offered to prospective buyers as we now present for their consideration. Our lands are located between the main line of the Canadian Northern Railway on the south, the Thunder-Hill branch of the Canadian Northern Railway on the North (now under construction), and the Grand Trunk and Canadian Northern Railways to the East, being lines headed Northward to connect with the Federal Government Railway now being built to Hudson's Bay. It will thus be seen that our holdings are all good ones, and well located, in a country well served by railways and already fairly well populated, an advantage a buyer will not be slow to take advantage of. In addition to this, all our lands are within a comparatively short distance of Market Towns, besides being blessed with an ideal climate, in which can be grown large crops of wheat, oats, barley, and flax. Horses and cattle being allowed to run out all winter, it will be seen the winters are not unreasonably cold.

OUR GUARANTEE

Anyone inspecting this land for the purpose of buying and finds these reports materially at variance with the facts we will pay all expenses incident to making the inspection and, in addition, the sum of \$10.00 per day for time spent in looking over the land. This guarantee will be given over our signature whenever requested by anyone desiring to make an inspection.

An important thing to be considered is:—These lands were selected over nine years ago. We got the cream of the territory in which they are located, and they are now placed on the market for the first time.

These lands are sold at from \$15.00 to \$25.00 per acre, according to location. Booklets containing full particulars and information may be secured from

WEDDING ANNIVERSARY

Mr. and Mrs. John M. Innes, of 188 Merton street, Toronto, entertained a number of friends recently, the occasion being the fifth anniversary of their marriage. The host and hostess received the congratulations in the parlor, which was prettily decorated in pink and white carnations and palms. Mrs. Innes wore her wedding dress of duchess satin trimmed with princess lace. The dining room was decorated in pink and white carnations and white streamers flowing from the bride's cake and white heather with cubits of colored lights. It looked most charming. They received many useful and beautiful gifts, all in wood. Some of the invited guests were Rev. and Mrs. Campbell, Mr. and Mrs. F. Giles, Mr. and Mrs. J. Walker, Mr. and Mrs. Coutts-Bain, Mr. and Mrs. W. McRae, and many others.

Mrs. Innes was formerly Miss Jessie Coutts, and is a daughter of the late Alexander Coutts, of Crawford.

EDGE HILL.

Mrs. Jas. Staples, and son Clarence, of Markdale, were visiting for a few days with Mr. Fred Staples. Her little granddaughter, Fredereka, accompanied her home.

Mr. A. Duffield, of Guelph, and R. Bell, of Durham, were visiting over Easter with the Moffat family.

Mr. Arthur Edge started plowing on Monday.

Mr. Robt. Bennie, of Erin, was visiting friends in this locality the beginning of the week.

Messrs. Thos. Morrison, D. Edge and Wm. Ritchie each sold a horse at the fair in Durham on Thursday last.

Mr. and Mrs. Thos. Firth, and little daughter, of Lindsay, are spending the Easter vacation here.

Amongst the teachers and students home for the Easter vacation, we noticed, Miss Maggie Firth, from London Normal, Miss Mary Edge, from Faculty of Education, Toronto, Mr. J.W. Firth, B.A., of Peterboro Collegiate Institute, and Mr. J.W. Greenwood from Ceylon.

March 21, 1913, will go down into history as one of the windiest days on record. We have no knowledge as to the velocity of the wind, but judging from the amount of damage done, it must have considerably exceeded all previous records. Barns were unroofed, fences were levelled to the ground, trees were broken or overturned. Wm. McFarlane had a portion of the north side of his barn roof blown off, and John Collier has to re-roof a part of his barn. The east half of Thos. Ritchie's roof was blown off, and part of Wm. Edge's old barn roof was turned over. Many other buildings were damaged.

TRAVERSTON.

Owing to the inclemency of the weather and the bad condition of the roads, coupled with "blue" Good Friday's devastations, Eastern joys of 1913 are at a big discount.

Mr. W. R. Wallace, teacher of No. 5, is enjoying the holidays at his home in Normandy.

Mr. and Mrs. John Cliff, and Mr. and Mrs. J. Lacey, of Bruce county, were guests at the Darcy homestead for Easter week.

The storm fiend has caused a host of work, worry and unexpected expense in this as well as other parts of the continent. Everybody has fences down, everyone who had heavy timber has scores of their finest trees levelled or broken off; but among those whose buildings suffered are Timmins brothers, the roof being off both sides of their log barn; Zion's east shed, both sides gone; W. J. Cook's upper barn, a portion off the north side; all the east side of the roof of the big barn on the Edwards' homestead and the purline down as well. Those whose woods suffered suffered were Mr. Arch McNab, and Councillor G.E. Peart. A tree fell across the sugar camp of W. J. Cook and broke two kettles, a hemlock came across ours, but simply smashed one of the supports. Your scribe was there five minutes before she kerfopped, so his better half is out the insurance on him. A chimney was knocked off the O'Neill home. Others suffered less or more.

NOTES OF THE STORM

The barn on the David McCrie farm, recently purchased by Mr. Wm. Grant, has been badly wrecked by the storm. Charles Arnett sold his farm only a day or two before the storm, and the barn has since been badly wrecked.

Mr. George Aljoe had his two barns badly damaged by Friday's storm.

Mr. John Reay, of Bentinck, we are told was a heavy loser, having had two barns badly injured.

The cement works stable, here, had part of the roof blown off. Dr. Smith, of Dornoch, tells us that he knows of nearly fifty buildings that are more or less damaged, in the ground covered in his practice.

Mr. Robt. Lindsay is a loser from injuries to his barn. Mr. Joe Atkinson noticed his barn roof in danger, and strengthened it from the inside. He believes by so doing he prevented heavy loss.

Many a fellow has basked in the sunshine of a girl's smile until she has given him one look that willed him.

It doesn't pay to sit down and wait for something to turn up, unless you are armed with a meal ticket.

RIVERDALE.

Messrs. Alfred and George Heather left Tuesday morning for Moose Jaw, Sask.

Misses Annie and Agnes McGirr, of Erin and Shelburne, respectively, are spending the Easter vacation at their home here.

Mr. and Mrs. Wm. Atkinson, of Holstein, spent over Sunday with his parents, Mr. and Mrs. James Atkinson.

Miss Nina McFadden spent over Sunday with friends at Vickers.

Mr. Geo. Aljoe's sale last Wednesday was quite successful, everything going at good prices.

Miss Bella McGirr, of Mt. Forest Business College, is spending the vacation at her home here.

Last Friday's wind-storm was one of the worst, if not the worst that ever visited this part. Trees were blown down, telephone wires down, and a number of barns totally or partially unroofed, including the following: Two belonging to Geo. Aljoe, part of the roofs off; Adam Weir, Robt. Lindsay and Wm. Lawrence each had half of the roof blown off; James McGirr, Thos. McGirr, Robt. McFadden, Mrs. Robt. Bell, Wm. McFarlane, and Henry Lawrence each had parts of the roofs blown off; also one belonging to A. S. Hunter had the roof almost entirely demolished.

Misses Annie Atkinson and Lizzie Weir, spent Easter in Toronto.

SETTLERS' EXCURSIONS TO ALBERTA AND SASKATCHEWAN

Commencing March 11th and continuing every TUESDAY thereafter until April 29th, inclusive, the Grand Trunk Railway System will issue one-way Settlers' tickets from stations in Ontario, Peterboro, Port Hope and West to points in Alberta and Saskatchewan at exceptionally low rates.

Through coaches and Pullman Tourist Sleeping cars will leave Toronto 11.00 p.m. for WINNIPEG without change on above dates, via Chicago and St. Paul. Berths may be secured in Tourist cars at a nominal charge.

The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg-Saskatoon-Edmonton. Trains now in operation Winnipeg to Regina, Yorkton and Canora, Sask., also to Camrose, Mirror, and Edson, Alta. Time Tables, Land Pamphlets and full particulars relative to the Grand Trunk Pacific Railway may be obtained on application to Grand Trunk Agents, or write C. E. Horning, District Passenger Agent, G. T. Ry., Toronto, Ont. to James R. Gun, Town Passenger and Ticket Agent, Phone 14, John Towner, Station Ticket Agent, Phone 18.

LOCAL NEWS

The furniture company has installed a time clock, and each workman is now his own time-keeper.

In our reference last week to the St. Patrick's day social in the Presbyterian church, we unintentionally omitted the name of Miss Margaret Hunter, who contributed a very fine solo. As we wrote from memory, we may have made other omissions also.

A great deal of destruction occurred in Hanover and vicinity during the wind-storm of Friday last. The smoke-stacks were blown down from Ball's factory, and two from the Knechtel saw mill. A number of windows were blown in. The new Fischer foundry sustained considerable damage. Part of the cement company's roof was also carried away. The agricultural building was blown down flat to the ground. Many barns in the vicinity were unroofed or otherwise damaged. It is reported also that seventy or eighty barns have been damaged along the G. T. R. line between Owen Sound and Palmerston.

BORN.

MORTON.—In Durham, on Friday, March 21st, to Mr. and Mrs. T. Morton, jr., a daughter.

GREEN.—In Durham, on Thursday, March 20th, to Mr. and Mrs. P. Green, of Regina, Sask., a daughter.
