28,000 ACRES of Choice Land, in East Central Saskatchewan

Never before in the history of Western Canada land buying has such a golden opportunity been offered to prospective buyers as we now present for their consideration. Our lands are located between the main line of the Canadian Northern Railway on the south, the Thunder Hill branch of the Canadian Northern Railway on the North (now under construction), and the Grand Trunk and Canadian Northern Railways to the East, being lines headed Northward to connect with the Federal Government Railway now being built to Hudson's Bay. It will thus be seen that our holdings are all good ones, and well located, in a country well served by railways and already fairly well populated, an advantage a keen buyer will not be slow to take advantage of. In addition to this, all our lands are within a comparatively short distance of Market Towns, besides being blessed with an ideal climate, in which can be grown large crops of wheat, oats, barley, and flax. Horses and cattle being allowed to run out all winter, it will be seen the winters are not unreasonably cold.

OUR GUARANTEE

Anyone inspecting this land for the purpose of buying and finds these reports materially at variance with the facts we will pay all expenses incident to making the inspection and, in addition, the sum of \$10.00 per day for time spent in looking over the land. This guarantee will be given over our signature whenever requested by anyone desiring to make an inspection.

An important thing to be considered is:—These lands were selected over nine years ago. We got the cream of the territory in which they are located, and they are now placed on the market for the first time.

These lands are sold at from \$15.00 to \$25.00 per acre, according to location. Booklets containing full particulars and information may be secured from

VARNEY.
 Miss Eva Blyth is improving from her sickness, and we hope to see her usual self again. James Brown's bush does smell very good these days. Say boys, wouldn't it be a fine place to visit some night soon?
 We are glad to report that Elgin Wilton's ankle is improving nicely. He has been in the house for a couple of weeks already, but we hope to see him around again soon.
 Mrs. John Philp, of Holstein, is the guest of Mrs. Jas. Wilton.
 Mrs. R. Barber has been staying with her daughter, Mrs. Morton, of town, for the past week.
 Cameron Lauder, of town, who was not very well, has been staying around our burg. He is fast improving on the bracing air of Varney.
 Messrs. Wilkinson and Barber had a sawing bee each last week and turned over quite a pile of wood.
 Mrs. Matthew Barber was the guest of Mrs. Jas. Wilton on Monday.
 Quite a hurricane we had a week ago last Friday. It did some damage, more or less, to nearly every barn that came in its way. Miss McVein's barn is very badly wrecked, the whole roof being taken off. Mr. Wm. Mountain's barn and sheds were damaged, also Wm. Grant's, R. Morrison's, and Jas. McIlvride's. It is surely a good year for the carpenters.

WHY HE WAS LATE.
 "What made you so late?"
 "I met Smithson."
 "Well, that is no reason why you should be an hour late getting home to supper."
 "I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."
 "Did you tell him to take Chamberlain's Tablets?"
 "Sure, that is what he needs. Sold by all dealers."

GRAMMATICALLY CORRECT.
 A schoolmaster, having punished one of the scholars for speaking ungrammatically, sent him to the other end of the room to inform another boy that he wished to speak to him. The youngster, determined to be exact, thus addressed his fellow-pupil: "A common substantive, of the masculine gender, singular number, nominative case, and in an angry mood, that sits perched upon the eminence at the other side of the room, wishes to articulate a few sentences to you in the present tense."

BETTER TO BE SAFE THAN SORRY.
 G. A. Field, of Sarnia, Ontario, writes: "I have tried five different kinds of fertilizer on my garden farm this year and can recommend as being the best by a long way, the Homestead brand, which I bought of C. A. Yates. It gave me good results. I do not say this as an advertisement, but simply to let my friends know the best kind to get because I know it means a lot to plant and let me for a crop and then have it turn out poor. I say buy the Homestead and you will be safe."
 Homestead Fertilizers are manufactured and sold by the Michigan Carbon Works, Detroit, Michigan, who will send free to any farmer their book on fertilizers with a handsome calendar, postage paid. They want agents where they are not now represented. Address: Michigan Carbon Works, Postoffice Drawer 814-A, Detroit, Michigan, asking for terms.

SECTION OF TRAIN DROPPED INTO RIVER.
 New York, Mar. 30.—The Buffalo Express, bound for this city, hit an undermined spot on the Mohawk division of the New York Central, 3 miles west of Fonda, N.Y., at 2.40 o'clock this morning. As a result, three of the eleven cars, three sleepers well crowded, went down over the bank into the Mohawk river; five cars slid down the bank, but did not hit the water; while the engine, baggage car and two other coaches stuck on the tracks.
 Out of all this shaking-up, drenching and general wrecking, six persons later appeared with bruises and cuts due to breaking glass. Not a soul was seriously hurt, although men and women of all ages and children went through it all.

BORN.
BURNETT.—At Burlington, on Thursday, March 20th, to Dr. and Mrs. Burnett, a daughter.
 —Mrs. Burnett is better known here as Ella Robertson.
DIED.
MORTON.—In Durham, on Friday, March 28th, infant daughter of Mr. and Mrs. Thos. Morton, Jr., aged 7 days.

CARD OF THANKS.
 The daughters of the late Mrs. Samuel Lawrence wish to thank friends and neighbors for kindness during the illness and death of their mother.

PERSONAL
 Mr. and Mrs. Robt. Macfarlane are in Toronto.
 Mr. Mark Wilson, of Flesherton, was in town Sunday.
 Mr. and Mrs. Geo. A. Watson left Wednesday for his new field of labor at Bowmanville.
 Mrs. Adam Robertson left this morning to spend a month with her daughter, Mrs. Dr. Burnett, at Burlington.
 Mrs. Wm. Crawford returned to town last week, after spending three months with friends at Chatsworth.
 Miss Annie Daniel left Tuesday afternoon for Moose Jaw, Sask. On arrival there, she will be married to Mr. Wm. Brown, of Rouleau, Sask., son of Mr. Wm. Brown, of this place. We wish the young couple every happiness.
 Mr. J. N. Robinson, chemist at the cement works, left Tuesday with Mrs. Robinson for Owen Sound, where he has accepted a similar position. Since coming to Durham, Mr. and Mrs. Robinson have made many friends, who wish them every success in their new home.

McWILLIAMSVILLE.
 We regret this week to chronicle the death of one of Glenelg's pioneers in the person of Mrs. S. Lawrence, who passed away on Wednesday last at the home of her daughter, Mrs. Wes. Arnett. We extend our sympathy to the bereaved members of the family.
 Mrs. Joe Lawrence has been laid up with the neuralgia for the past two weeks.
 Mr. and Mrs. George A. Watson left Tuesday for Bowmanville, where Mr. Watson has secured a good position. We wish them every success.
 Miss Emma Brown is under the doctor's care with an attack of appendicitis.
 Mrs. M. C. Scott spent the week end with her daughter, Mrs. W.R. Watson.
 Miss Millie Whitmore has returned to her school at Ingersoll after spending the holidays at her home here.
 Mr. Farr Lawrence had a successful wood bee on Monday afternoon.
 Mr. Geo. Reid, accompanied by his sister Jessie, leaves Thursday for Regina, where Miss Reid will attend college.

Mrs. John Lawrence, sr., has been somewhat indisposed for the past few weeks.
 Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear. Sold by all dealers.

Impossible.
 Fond Mamma—Here's a photo of my little boy when he was a baby, and I want you to make one of him as he is now.
 Photographer—But haven't you brought him with you?
 Fond Mother—No, I thought you could make an enlargement from this.
 —Pele Mele.

The College Hero.
 The football field finds him sublime;
 He shines on tennis courts.
 It seems he has a lot of time for sports.
 He helps to haze his fellow loons,
 Helps loosen up their slats,
 Has time of nights and afternoons for frats.
 At games he is a star, gadzooks!
 He's fond of frats and such.
 And what time has he for his books?
 Not much.
 —Pittsburgh Post.

Business is Business.
 "That fellow who was talking so nicely about love in a cottage must be a poet."
 "No; he's a real estate dealer. He's trying to persuade me to get married and buy a semi-detached cottage on the instalment plan."
 —Washington Herald.

Nowadays.
 "I'm going to love, mum," said the maid.
 "Aha," cried Mrs. Gray,
 "I've done all of the work myself, so why will you not stay?"
 Then Bridget up and made reply,
 "Thus ending the dispute:
 "Indeed, I'll let you know just why—
 The work's not done to suit!"
 —Lippincott's.

 Same old trowsers goldenrod,
 Same old chest that shrilly call,
 Same old quilts, same old fall,
 —Kansas City Journal.
Advice.
 "I would like to give some plants to put in my kitchen to give it an esthetic touch. What would you recommend?"
 "From the looks of the kitchen, madam, I would advise some scrubby plants."
 —Baltimore American.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anaemia, is common in young folks as well as old. Especially it is the case with those who work in ill ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (acid) gas. This blood, or blood which lacks the red blood corpuscles, in anaemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

Is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form from all medicine dealers, or tabling by mail, prepaid in \$1 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

DR. PIERCE'S GREAT 1008 PAGE ILLUSTRATED COMMON SENSE MEDICAL ADVISER WILL BE SENT FREE, CLOTH BOUND FOR 50 ONE-CENT STAMPS.

The Easy Laxative

In justice to yourself you should try Rexall Orderlies—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headach, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physic. They give but temporary relief. They often aggravate the real trouble. They are particularly bad for children, delicate or aged persons.

Rexall Orderlies
 Come in tablet form, taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, gripe, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associate organs or glands.

Make Us Prove It
 We guarantee to refund every penny paid us for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your mere word is sufficient for us to promptly and cheerfully refund the money.
 Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.
 Rexall Orderlies come in convenient vest-pocket size tin boxes, 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all drug stores. You can buy Rexall Orderlies only at the Rexall Stores.

SCIENCE NOTES.
 A microscope using X-rays has been perfected by a French scientist. Paper insulation on exposed electric wires has withstood 23 years' service. In proportion to population, Russia has the fewest physicians of any country. More than 11,000,000 acres of land in Italy are devoted to wine grape cultivation. Wire fences grounded at about every fifth post will be practically proof against harm by lightning. Japanese paper umbrellas and lanterns are waterproofed with an oil extracted from rubber plant seeds. There are 735 coal mines in the United States, each of which produces more than 200,000 tons annually.

GOOD ADVICE.
 Grand Vizion—Your majesty, the cream of our army has been whipped, and is now freezing. What would you advise?
 Sultan—Add a few cherries and serve.
