### CANADIAN FARMERS GET THE "LARGER MARKETS" WITH NO STRINGS ATTACHED

Just a Few Features of President Wilson's New Tariff Bill in the United States.

Removal of all tariff from many articles of food and clothing; broad reductions in the rates of duty on all necessities of life; an increase of tariff on many luxuries and a new income tax that would touch the pocket of every American citizen whose net income exceeds \$4,000 are the striking features of the new Democratic tariff revision bill.

Sugar would be free of duty in 1916, the bill proposing an immediate 25 per cent. reduction and the removal of the remaining duty in 1916.

Raw wool would be made free at once, with a correspondingly heavy reduction in the tariff on all woollen goods.

While wheat flour is put on the free list, a duty of ten per cent. is imposed against countries which levy a duty on American flour. Wheat imported from Canada under this provision, that was to be used in making export flour, would, therefore ultimately pay ten cents per bushel tariff, less a refund of all but one per cent. of the ten cents per bushel, making such wheat carry practically no duty. Canada now has a tariff on flour of sixty cents a barrel, and France, Germany, and practically all of the other foreign countries have a tariff on the same article. The ten per centum clause against such countries therefore gives American millers a ten per cent. duty against all countries from which they are liable to competition, except Great Britain.

All these other articles are put on the free list, namely:

Meats, bread, boots and shoes, lumber, coal, harness, saddlery, iron ore, milk and cream, potatoes, salt, wine, corn, cornmeal, cotton bagging, agricultural implements, leather, wood pulp, Bibles, printing paper not worth more than 2 1/2 cents a pound, typewriters, sewing machines, typesetting machines, cash registers, steel rails, fence wire, cotton ties, nails, hoop and band iron, fish, sulphur, soda, tanning materials, acetic and sulphuric acids, borax, lumber products, including broom handles, clapboards, hubs for wheels, posts, laths, pickets, staves, shingles.

These principal items are taken from the free list and taxed:

Rough and uncut diamonds and precious stones, furs, coal tar products ten per cent., volatile oils twenty per cent., spices one cent to two cents per pound.
