DURHAM, JULY 24, 1913.

LEAVE WELL ENOUGH ALONE

It isn't always a good thing to chase up a lie and try to run down the author of it. When any thing had said about a person...

An evil report is sometimes partly false and partly true. The aggrieved, in trying to separate the false from the true, will find it a critical task to perform...

An evil report is sometimes wholly untrue. This is a case where a person has reasonably good ground to vindicate his character. In an effort to do so...

Stoney Lake Thirty Years After

By Rev. Dr. Farquharson

To the Editor of the Chronicle:

This is not the first time that I have felt the charm of Stoney Lake. In 1881 on my way to my first mission field away in the townships of Cardiff and Monmouth...

After that first view however, it was with positive delight that two years later I learned that my field of labor was to be on the shores of Stoney and Round Lakes. It was then not so easy to reach that destination as the enterprise of railway and steamboat companies has made it today...

At the post office I inquired of a family named Robb, with whom I stayed. A little girl at the sound of the name looked up at me with a knowing glance. She was a grand daughter of my old friend and not unlike her aunts whom I had met at a similar stage in life in the days of yore...

far to the south. In that year 1883 the American canoe association camped in these islands and did such wonders with their tiny sailing craft that the memory has not yet died away...

Thirty years however have made wonderful changes and as I took boat at Lakefield and made my way up the lakes, the signs of change were everywhere apparent. Practically every island and every desirable location on the shore has been taken up and made the home for the summer of people gathered from all over the continent...

At the landing the cottagers have a pavilion which is used for religious services on Sundays and for other purposes during the week. The request to speak there on Sunday evening in the outskirts of my old field had so much interest for me that I consented...

SUFFERED TERRIBLY WITH HAY FEVER

Until "Fruit-a-tives" Completely Cured Her

MRS. HENRY KEMP. CORNWALL CENTRE, ONT., NOVEMBER 27th, 1911.

"I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatment and I tried every remedy I heard of as good for Hay Fever. But nothing did me any good. Then I tried 'Fruit-a-tives' and this remedy cured me completely. I am now well, and I wish to say to every sufferer from Hay Fever—'Try Fruit-a-tives'! This fruit medicine cured me when every other treatment failed and I believe it is a perfect cure for this dreadful disease."

MRS. HENRY KEMP. 50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

RIVERDALE. It is with deep regret that we chronicle the death of one of Glenelg's oldest residents in the person of Mr. John Staples, who passed away at his home on Sunday morning last, July 20.

On Wednesday of last week, Mr. Staples had been out with the gun shooting crows, and on entering the house, he either forgot to take out the cartridge, or else neglected it. When he was hanging the gun on the wall, it exploded, and the contents entered his left thigh, close to the body. Medical aid was summoned and he seemed to be doing well till about midnight on Saturday, when he took a change for the worse, and passed away about six o'clock on Sunday morning.

Mr. Staples was born in this township, June 23, 1845, and was therefore in his 69th year. He was married to Eliza Harrison 43 years ago, who, with four daughters, Mrs. Fentiman, and Mrs. Dean, of Toronto, Mrs. Wilson, of Invermay, Sask., and Mrs. Ball, of Mt. Forest, mourn the loss of an affectionate husband and father. He also leaves as mourners, one sister, Mrs. James Whitmore, and three brothers, George, in Glenelg, and James and William in Hanover. To the bereaved ones we extend the sympathy of the whole community. The funeral to-day, Tuesday, under the Organmen and the Sons of Scotland, was attended by a large concourse of friends and neighbors. Rev. Mr. Hartley officiated at the house and graveside.

Miss Bella Weir, of Egremont, is visiting with friends in this part this week.

Miss Irene Watson, of Greenoch, is visiting at Mr. Wm. Weir's this week.

Mrs. A. Noble, of St. Marys, visited with her sister-in-law, Mrs. J. McGill, last week.

Mrs. Robert McFadden has been under the doctor's care with an attack of pleurisy, but we are pleased to say she is on the mend.

Miss Victoria Aljoe visited with Miss Mary Backus, of Poplar Hill, last week.

Most of the farmers will finish haying this week. Some are cutting their wheat, which is a pretty good crop.

For soreness of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

RHEUMATIC SUFFERS ASTONISHED

RHEUM AActs on Kidneys, Liver and Blood the First Day--and Out Goes Uric Acid Poison

Anybody can afford to pay 50c. to get rid of terrible Rheumatism Sciatica or Gout, and that's all RHEUMA costs at Macfarlane & Co's, and they say if it doesn't do all that is claimed for it, money back.

It's wonderful how speedily this simple remedy takes hold and how the sore muscles limber up and the swollen joints come down to normal. Make no mistake—RHEUMA costs but little, but it's the best remedy you can find to drive Rheumatic poison from the system and bring back health to misery-racked bodies.

"I had Rheumatism for a long while, and tried many medicines, but was not cured until I used RHEUMA. I cannot praise RHEUMA too highly. My advice to those suffering from Rheumatism is to use this great remedy, as I believe it will effect a permanent cure in any case."—C. B. Lanham, Sattes, W. Va., April 27, 1911.

Swat the Fly!

It Is the Most Dangerous Animal on Earth!

When bacteriologists inform us that the average fly carries on its body 1,250,000 germs, says Farm Dairying, surely we should feel a just cause for grave alarm.

HOUSEFLIES AS CARRIERS OF DISEASE.

Flies spread tuberculosis, diphtheria, typhoid fever, scarlet fever, summer complaint and fevers of babies by carrying disease from one to another.

Keep everything clean and there will be no flies.

Don't let flies have a place to lay their eggs.

Keep covered all places where young flies may be hatched.

Put screens at windows and doors.

Where is dirt there are flies.
