TRAVESTON.  
It is very "catchy" weather for harvesting roots or picking late apples.

Mr. J. J. Peart lost a valuable thoroughbred Shorthorn cow on Friday last, from indigestion.

Misses May Donnelly and Bertha Cuff of Hutton Hill were guests of Mrs. Geo. Allen over the week end, and attended services in Zion on Sunday.

Mr. Will Reed, of Oxbow, Mich., traveller for a big cereal mill, motored out from Markdale on Friday evening, to visit his sister Mrs. A. G. Blair.

Mr. Wm. Paylor has become quite an electrician. He has attended to the electric plant at the Falls during the past month, then does a big day's work on the farm as well.

Miss Jessie Peters left on Friday for Toronto, where a good situation awaits her as dressmaker in a specially well-managed factory. The girls make from \$10 to \$18 a week on piece work.

Mr. Frank Ryan, who has spent the past couple of months out in western wheat fields, arrived home last week, and is rapidly turning over the stubble ground.

After spending some months with her son, James, and daughter, Mrs. G. E. Peart, Mrs. R. Hastie left for her home in Toronto on Saturday. She likes to spend the summer months in the country and the winter ones in the city.

Mr. and Mrs. James Nelson took a day last week and very neatly supply the wants of the family plot on Zion's acre.

There's a male Leicester sheep got into our premises and we wish to goodness the owner would come and take him away. He has a stealthy way of walking behind the orchard.

When will our legislators compel railroad corporations to abolish the deadly level crossings? It was with sadness and sorrow we learned of the tragic death of Mrs. John Reay. 'Tis twenty-seven years since we first met her, a bright, winsome maiden, and ever since she has won and retained our highest respect and esteem. Her death has made many a face set grim, when they think of a wife and mother in the prime of life being snatched away by a needless cause. If members of parliament don't soon have them removed, a day of reckoning isn't far away.

The quarterly sacramental services conducted in Zion on Sunday afternoon by the Rev. W. W. Prudman were specially impressive and wonderfully instructive.

McWILLIAMS.  
The threshing was wound up in these parts last week by Mr. Geo. Myers. The root crops for this year have nearly all been harvested. Mangels are a fair crop, and the potatoes a half crop in quantity, but of excellent quality.

Mr. W. R. Watson attended the provincial convention held at Owen Sound last week, being a delegate from Ebenezer Sunday

DIVINING RODS.  
A German scientific society has been seriously investigating the "dowsers," or divining rod men, who claim to be able to locate subterranean channels of water by means of a witch-hazel twig. Opinion as to the divining rod is hopelessly divided. One American Prof. W. S. Barrett, of England, says "the chances of locating water with a good dowser far exceed mere lucky hits or the success obtained by the most skillful observer." Let the German doctors of science decide.

## WHAT A GREAT MAN SAID TO THE GREAT CANADIAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life perfecting this great hair tonic. In giving his recipe to the Canadian people he said: "Parisian dressing is the most delightful hair dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots. Sage in a large 50 cent bottle—Macfarlane & Co. sell Parisian—and guarantee it to do all that is claimed for it, or your money is refunded. It stops falling hair, dandruff, itching scalp and restores life and beauty to dull faded hair in two weeks."

We have not yet learned of the sion in the big law suit between Alfred Rogers and the National Portland Cement Co. We understand the verdict is likely to be against the Company.

A horse belonging to Mr. George as well as escaped from him in the Methodist church sheds on Monday, and ran over town. It colli- a with a post in front of the post office and was soon captured. We understand Mr. Cassin was injured, but not seriously.

Before leaving Gloucest for the new home in Durham, Mr. and Mrs. Adam Weir were, on Thursday last week, presented with a rack, by their neighbors and friends in the township, as a ments of their long residence amongst them. After the presentation, a very enjoyable party was enjoyed by all. We understand Mr. and Mrs. Weir as citizens.

Street fights are all too common an occurrence. There are a couple to be noted before the magistrate of these days. Our opinion has been and still is that the fine that can be imposed will into law breakers, and give a better conception of them than anything else in things are getting serious something must be done to stop to rowdyism and lawlessness.

Mrs. Charles Wilkinson Tuesday night, November the home of her daughter John Saunders. She was Scotland 80 years ago, and been a resident of this locality for over 40 years was predeceased by her who died about seven years ago. Mrs. Saunders and Mrs. J. son, both residing in town the only surviving members of the family. The funeral will tomorrow, Friday afternoon, at the residence of her daughter at Maplewood.

W. H. Day, of Guelph, Professor of the Agricultural College, Guelph, accompanied by Mr. Benson, of Wor. Bro. Benson, of Lodge, paid his official visit to Durham Lodge, No. 10, A.M., on Tuesday night. Durham brethren had the degree work, adjourned to the banquet, all did ample justice to "Fourth Degree" work, songs and toasts of a very profitable and program.
