WEDDING SUPERSTITIONS.

Curious Customs That Used to Be Ob served in England.

Superstition never clustered round any episode of life more than that of the wedding day, especially in olden

Then it was customary for the bride to present ber future husband with a bruch of rosemary tied up with ribbons on his first appearance on the wedding morning. This was supposed to secure his love and loyalty and to make her happy forever.

In Yorkshire the old superstition still abounds that nothing more unlucky could happen than for a newly made bride to leave the church by a different

door from that by which she entered. Another quaint custom, for which there is no known origin, is that practised in some of the midland and northern counties of England. This is to ring a merry peal of the church bells at the first reading of the banns of an intending matrimonial couple. It is called the "spur peal," which in old Anglo-Saxon means simply "ask."

Of course it is well known that it is the height of luck for a bride to be to dream of fairles the night before the actual ceremony So much was this idea believed in that many girls would peruse fairy tales before going to sleep.-London Telegraph

NO NAME FOR A POET.

Miller Was Open to Conviction and Shed the Heavy Burden.

"Cincinnatus Heine" was the name that the parents of Joaquin Miller be stowed on him at his christening. How the poet came to adopt the name "Joaquin," under which he is univer sally known, was told by Mr. Charles Phillips, editor of the San Francisco Monitor Miss Ina Coolbrith, of whom he speaks, is the California poetess who has been called the "Sappho of

In 1870, when he came down from Oregon and published his first little book of poems, entitled "Joaquin et al.," he told Miss Coolbrith of his determination to go to London and win

"How in the world." she asked him, | + "do you expect to climb Parnassus | ; with such a name as you have? Miler is bad enough, but Cincinnatus Heine is impossible!"

"But what can I do?" Miller asked It's my name, isn't it?"

"Why don't you take some name that will identify you with Califor nia?" Miss Coolbrith rejoined. "Take the name of your first book; call yourself Joaquin."

"By George. I'll do it!" said Miller And from that day he signed himself 'Joaquin Miller."

Not a Soloist.

The late Theodore Thomas was re hearsing the Chicago orchestra on the stage of the Auditorium theater. He was disturbed by the whistling of Ai bert Burridge, the well known scene painter, who was at work in the loft above the stage. A few minutes later Mr. Thomas' librarian appeared on the "bridge" where Mr. Burridge, merrity whistling, was at work

"Mr. Thomas' compliments," said the librarian, "and be requests me to state that if Mr Burridge wishes to whistle he will be glad to discontinue his re-

To which Mr. Burridge replied snave ly, "Mr Burridge's compliments to Mr. Thomas, and please inform Mr Thomas that if Mr Burridge cannot whistle with the orchestra he won t whistle at all."

Rocking Chair Signs.

An observant Atchison woman says she can tell from the way a woman rocks on her front porch what coudi tion the house behind her is in. I sways back and forth with doppy, comfortable motion, plumping both feet down in a relaxed sort of way, then everything about the house is absolutely clean and neat. But if she rocks in little nervous jerks, tapping her feet down at short and irregular intervals, it signifies that there are unmade beds behind her and stacks of unwashed dishes and dusty floors .- Atchison Globe.

Manager of Shoe Store I've tried my best to attract the women to this place and they simply won't come. Salesman - No wonder! Your sign queers the trade. Manager (heatedly) What's wrong with the sign? Salesman-It reads, "The Big Shoe Store." -Lippincott's.

Sandwich Man Is Old. The walking advertisement known as a "sandwich man" is by no means a modern idea. In 1346 a procession of men dressed to represent straw covered wine bottles used to parade the streets of Florence, Italy, being hired by the wine merchants there.
