## SELL YOUR MILK

MANY a farmer who would like to raise his calves is prevented by the amount of milk necessary to feed them. By raising them he could select the best of the stock and improve the standard of milk or beef production of his herd.

**INTERNATIONAL GROFAST CALF-MEAL**  
Solves the problem for him. It is a scientific preparation which, mixed with skim-milk, takes the place of milk and supplies to the calf every food element that it needs. By its use the farmer is enabled to raise his calves and sell his cream or butter, and his cost is a trifle compared to the value of the whole milk that the calf would otherwise need.

International Grofast Calf-Meal is for sale by dealers everywhere.  
Write for our book of valuable hints on raising calves—free.

## FORMER DURHAM RESIDENT MARRIED IN ALBERTA

At Oyen, Alberta, on Wednesday March 29, the marriage took place of Mr. William H. Brown of Loverna, Sask., to Miss Martha McMahon, daughter of Mr. J. H. McMahon of Hanover, Ont., the ceremony being performed by Rev. George E. Steele, Methodist minister of that place. The wedding dinner was served at the home of Mr. and Mrs. Donald Brown, the latter being the bride's sister, after which the happy couple left to spend a short honeymoon in Calgary and Banff.

Mr. Brown is one of the most prosperous and popular men in Loverna district, and to his many friends the news of his marriage will be somewhat of a surprise. Coming to the west from Durham, Ont., some four years ago, he located on what is now one of the finest half sections in the country. In addition to this, about two years ago he was appointed special collector for the Cockshutt Plover Co., and in a short time, such was the tact and business ability shown by him, that the company appointed him their general collector for a large part of Saskatchewan and Alberta, at a handsome salary. We are safe in saying that no one enjoys a greater degree of the confidence of the farming community than the genial William.—The Border-line Budget, Loverna, Sask.

## MARRIED.

**HOPKINS—McCASLIN.**—At the residence of the bride's parents, by Rev. E. S. Moyer, on Tuesday, April 11, Mr. Thomas J. Hopkins to Clara, daughter of Mr. and Mrs. Henry McCaslin, both of Bentinck.

The Thornbury Review-Herald, conducted for the past two or three years by Mr. A. R. Fawcett, who also owns the Burks Falls Arrow, was sold recently to Mr. J. H. Irwin, a former owner Mr. Fawcett's son, who had the management of The Arrow, has enlisted for service, and Mr. Fawcett, Sr., felt the work of running three offices, in Thornbury, Clarksburg and Burks Falls, was an overtax on his energies, and decided to dispose of part of his holdings. He will return with his family to Burks Falls about the first of May and devote his time to The Arrow. We have known Mr. Fawcett since boyhood, and always considered him a good enterprising newspaper man of wide and varied experiences. We don't know anything about that man Irwin, who succeeds him, but can vouch for his good name.

**TO-MORROW.**  
He was going to be all that a mortal should be,  
To-morrow,  
No one should be kinder or braver than he,  
To-morrow,  
A friend who was troubled and weary he knew,  
Who'd be glad of a lift, and who needed it too;  
On him he would call and see what he could do,  
To-morrow,  
Each morning he stacked up the letters he'd write,  
To-morrow,  
And thought of the folks he would fill with delight,  
To-morrow,  
It was too bad, indeed, he was busy to-day,  
And he hadn't a minute to stop on his way;  
More time I will have to give others, he'd say,  
To-morrow,  
The greatest of workers this man would have been,  
To-morrow,  
The world would have known him had he ever seen,  
To-morrow,  
But the fact is he died, and he faded from view,  
And all that he left here when living was through  
Was a mountain of things he intended to do  
To-morrow.  
—Edgar A. Guest.

## PATRIOTISM

Last year the Government undertook by a campaign to impress upon the people the need for greater patriotic production. This year the Empire comes again, urged to practice thrift. Sir Thomas Walker, Minister of Finance, when he says, "Made by resources, foodstuffs, as well as munitions. While first business, it is the duty of every man to produce all that he is doubly hard while in the trenches in resources of the country only be the great struggle before. Work and save motto for war time."

## WHAT IS A VOLT?

Some don't understand volt means, and want to make it clear to the loving definition is given.

"Volt"—The practical electromotive force difference of potential raised to the 8th power electro magnetic an E.M.F. which will current of one ampere resistance of one ohm F. which would condenser of one farad with one coulomb of an E.M.F. approximately that of a single D. derives its name from Italian electrician.

We hope this is clear. Don't ask us anything. Haven't time to explain Daniell and Davy and Faraday and a lot of laws who made a little study are all there's no use asking it. E. M. F. means Fish. This will give power, and the rest.

## NEEDS

Assessor Elliott rounds once more and doubt he is displeased to the best of his accordance with the principal Acts have been and re-revised times over and it seems the due for another year so far as it relates to assessment is a world of legislation, and should find its way to the Statutes. As it is business tax assessment on the value of the property, irrespective of quality or value of stock. The man occupying valued at five dollars, for example, an hundred dollar stock same business tax as a twenty thousand, and occupying a house same value as his petitor. This is not fair, and never was. The tendency is to business man to premises in order to higher taxation. There be no equality about and the rich man gets there's no encouragement man with a small acre occupy a residence. The system stays way of progress.
