LAYING DUST WITH OIL

In many places the municipal authorities have decided on using oil in preference to water for keeping down the street dust Where once tried, it is generally continued, and the use of oil is becoming more popular as the years pass One or two appli ations of oil will last the greater part of the season and for this the cost would be much cheaper than the frequent waterings necessary We can give no definite information regarding cost of the oil to be used, but fancy it would be of a cheap grade, and the total outlay for labor and material would be little in excess of the cost for watering Some of our readers may be able to give information of value

BRINGS HEALTH

"Fruit-a-tives" Builds Up The Whole System

Those who take "Fruit-a-tives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-tives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-tives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices.
