

Many a horse owner believes that a horse can be prevented by a few minutes of work before your horses before they are put to work for three hours. I have seen a horse that had been watered before feeding and had kept for several years, with only one by strictly following the directions.

Horses' stomachs are enlarged to the size of a horse is watered and there is danger of this undigested food getting into the intestines, causing a serious trouble. A Winnipeg despatch says: W. D. Bailey, prohibition s'rutineer in the polling of votes overseas in the British Columbia elections, has cabled his wife as follows: "Back from trip to France and Belgium. No mishaps. Prohibition wins easily."

We hope to see a large turnout at the fair on Thursday and Friday of next week. The society is doing what it can to make it bigger and better than ever. For the best results, the public must cooperate. Good talent has been engaged for the concert on Friday evening, the 29th.

The ladies of the Red Cross intend serving meals fall show day in Mr. Calder's store. Will the farmers please help the Red Cross ladies by bringing provisions of any kind, meat, potatoes, butter, eggs, cream, bread and cake? Donations can be left at the store or at Dr. Jameson's residence.

On Tuesday of this week the ladies of Durham Baptist church despatched a bale of clothing weighing 190 lbs. to the sufferers from the fire in Northern Ontario. The bale contained the following: 17 bed quilts, 8 ladies' coats, 2 blankets, 4 sets pillows, 5 sets pillow cases, 2 sweater coats, and a quantity of general clothing.

The man who runs an auto should have a clear, level head, and keep it clear and level. As soon as he shows signs of the speed bug, he should be chained up to insure public safety. The speed limit allowed by law is at the rate of 20 miles an hour. As we understand it, this doesn't mean 20 miles an hour up hill and down dale, but a speed not in excess of 20 miles an hour at any time. At the rate fixed by law, or even lower, a man can go a long distance in a day, and the accidents would be fewer than we hear of now.

Butter and eggs have taken an upward jump. Butter is now 27c. a pound, and eggs 30c. a dozen.

The ladies of the Red Cross will serve refreshments at their headquarters on show day.

Wanted.—At once, a general housemaid. Apply to Mrs. E. A. Hay, Durham.

The South Grey fall fair annual concert will be first-class, as usual. Splendid talent has been engaged and an interesting and amusing time assured. Plan of hall open at Central Drug Store, Durham, on Saturday. All seats reserved, 35c. each. Engage your seats early.

The Toronto News and Toronto Star have decided to increase their subscription rates from \$2 to \$2.50 a year. Even at the increased price it is doubtful if the subscriptions will pay the cost of the white paper used. The new rates are to go into effect December 1.

The ladies of the Red Cross society will hold an At Home at No. 9 Glenelg, school house, on Tuesday evening, September 26. The autograph quilt will be disposed of. Tea will be served at 8 o'clock. Ladies will kindly bring refreshments. Admission 10c.

We notice in the Chatsworth News that Palmerston's tax rate is over 49 mills and Listowel's 63.7. Our insignificant 37-mill rate seems small in comparison, and we'll have to nip up a bit if we expect to get in the same class with Palmerston and Listowel.

The Irish prefix "O'" which so many Irish people have dropped from their names, is really a prefix of nobility that is the oldest in Europe. There is not a family in Ireland rightly possessing a surname in O' that has not borne that surname since at least the 12th century. The O' really means "descendant," and the belief prevails in parts of Ireland that only five families rightly bear the O'—the O'Neils, high monarchs of Ireland, and kings of Ulster; the O'Donnells, princes of Tyrconnel; the O'Connors, kings of Connaught; the O'Briens, kings of Thomond; and the O'Flahertys, princes of Iar Connaught.

"The relief work for the Belgian victims of the war," of whom the president is the most devoted consul general for Belgium at Ottawa, is editing for some weeks past the paper, "Pro Belgica," printed in two languages. This paper discloses the painful condition of the Belgian people so worthy of admiration, and shows what Canada is doing for its relief. It is very interesting to observe the manner in which the subscriptions received for the relief of Belgian and French populations of the invaded departments are employed. The subscribers of "Pro Belgica" are not only acquainted with all that happens in Belgium, they also contribute to the revictualing of this unfortunate country, for all receipts of the paper are paid into the receiving office of the "Relief Work." The amount of the subscription is but one dollar, which can be sent to the management of the paper, 149 St. Luke, Montreal. Give your subscription for "Pro Belgica." It is but a mere trifle, but it is for the relief of destitute Belgium.

The Holstein fair will be held on Tuesday and Wednesday next.

Mr. Chas. Petty had his leg badly broken at Ayton on fair day. It seems he was riding in a car from which he was thrown out while turning a corner too fast.

Mr. Matthew Becket, who was license inspector for North Grey for many years, is amongst the new appointees, and his territory embraces the whole of Grey county. His salary, as well as his duties will be substantially increased.

Norman Lenahan wrote last week on his supplemental examination at Owen Sound and, we are pleased that he was successful. Next Monday he will enter Toronto University. We tender congratulations and wish him success.

The Mt. Forest papers have been reduced to half their former size, the ready-print part being eliminated. The price remains at a dollar a year. They now appear as four-page, seven-column papers, and all printed at home. The increased cost of material and labor necessitates the change.

South Grey Fair will be held in Durham on Thursday and Friday the 28th and 29th of this month. Don't fail to attend it, if for no other purpose than to see friends you haven't met since last fair day. Note also that the evening concert on the 29th has a good array of talent.

A meeting of the Durham branch of the Upper Canada Bible Society will be held in the Methodist church on Monday, September 25. An address, illustrated by a chalk talk, will be given by Rev. W. E. Hassard, B.A., B.D., one of the district secretaries of the Canadian Bible Society. Don't miss it.

An address on the manners, habits, customs, and general characteristics of the Hawaiians and the islands they occupy, was given last night in the Methodist church by Miss Lottie Tillotson, who is familiar with the place and with the people. Well rendered duets were contributed by Misses Wylie and Search, Mr. Harding and Mrs. W. F. Buchan, and Rev. Moyer and Mr. Mistele. Mr. Mistele sang a pleasing solo. Miss Rita Irwin was accompanist and Dr. Wolfe acceptably occupied the chair. The entertainment was under the auspices of the Red Cross.

The tax bills have been in the hands of the ratepayers for a week or so, and no complaints have been made of them being too low. The rate is 37 mills on the dollar, and as the assessment is pretty well up to the cash value of the property, the tax bills will be quite a burden. Many thought the rate would have been struck at 40 mills, but the council have seen fit to put it at 37. We hope the levy is sufficient to take care of all demands. In addition to the general rate, the local improvement tax for sidewalks will be added. In three years more the first sidewalk debentures will mature, and this will make a slight reduction, but in the meantime there may be something else turn up to maintain the present rate.

Mr. John Williams of Tisdale, Sask., in a letter to A. H. Jackson gives interesting information regarding the crops in his locality. He says the grain crops this year are not so good as they were last, but there has been an immense crop of hay and straw, and feed will be plentiful. Potatoes and vegetables, too, promise a wonderful yield, and they can down the Dominion, he says, for cabbage, carrots, parsnips and beets. His brothers, Frank and Guy, have a cracking crop this year, but the sample is not so good as last year. Joe is about 70 miles from Tisdale working in a mill since last spring. Mrs. Williams has been under the doctor's care since the second week in March, but is recovering nicely now. Notwithstanding a report in The Review that she was dead and buried, he says she is living yet and likely to get strong again. Mr. Williams boasts of excellent health since going west about eight years ago. In fact, he hints at his anxiety to have a round out of one of our town pugilists.

## HIGH SCHOOL EXAMINATIONS

This week Principal Allan received from the educational department the certificates of those pupils who were engaged in farm labor for three months, as certified by their employers.

The certificates were granted on the above condition and on the standing awarded each pupil by the staff, which was not less than 40 per cent. on each subject and 60 per cent. on the total, ascertained by test examinations in April and May. The following is the complete list of successful candidates at Durham High School this year:

Lower School.—C Barber, P. Barber, W. Barbour, R. L. Campbell (Honors), A. Cliff (Arithmetic), H. Mead, M. Smith (Art), R. Stewart.

## PRICEVILLE.

The weather has taken a decided change, and instead of panting with heat, as a few weeks ago, we saw some going with caps pulled over their ears, and overcoats buttoned up to their chin. Snowing, but not enough to be seen lying on the ground. The ground, where soft in the beginning of summer, is as hard as bricks. Hard work ploughing any yet on clay soil.

Threshing is getting pretty well on. The grain in some instances is light, but generally fair, and of good quality. Potatoes are a failure, and roots are not doing very well. Turnips are small yet.

Water is getting very low in most of the wells, and some have to drive their stock quite a distance.

Priceville school house has a better appearance since the improvements made during the holidays by Geo. Watson, who had the contract made a good substantial job.

The Rev. Mr. Matheson preached union services in the Methodist church last Sunday, as Mr. Botes, the pastor, is away on his holidays.

The stable at the old manse was burned a few nights ago. Cause unknown.

Malcolm McKinnon, who met with an accident a few weeks ago is getting on well. His arm is in a sling yet.

A few from here attended the funeral of the late H. H. Miller, at Hanover.

Miss Ada McLean of Toronto is spending her holidays with friends on the south line, Glenelg.

Some of the soldier boys spent a few days at their several homes lately, and have returned to Camp Borden again.

Buckwheat and corn have felt the effects of the late frosts, as both are pretty well scorched.

Next Sunday will be Children's Day in all our churches. What will suit the youngsters can be applied to the oldsters as well.

A Red Cross meeting was held in the Presbyterian church on Wednesday of this week.

## MRS. ALEX. DUNCAN DEAD

We regret to chronicle the sudden death of Mrs. Alex. Duncan in Grace hospital, Toronto, on Thursday, the 14th of September. For ten years she was a resident of this town, prior to moving to Galt in May last. On the 26th of August she underwent an operation for gall stones and appendectomy, from which she never recovered. She is survived by her husband and five children. One brother and one sister also survive. The children are George, of Toronto, Mary E. of Cleveland, Mrs. Tollstein (Edith) of Montreal, and John and Mabel at home in Galt. Her brother, James Waldron, is at Howe, Dakota, and her sister, Mrs. Wysoon, whom she was visiting when she became ill, is in Cleveland. The remains were taken to Mount Pleasant cemetery, Toronto, on Saturday, where the burial was private. The sorrowing family have the sympathy of their many friends in and around Durham.
