THE HONOR ROLL

Every time we look over the Honor Roll we see the names of the killed, the wounded and the missing, the names of their homes and their next of kin. This long list of names may strike us in a general way, but seldom do we realize its full significance, or the sum total of the grief, the sorrow and distress to which it subjects the world at so many points. Only occasionally does its full force come home to ourselves. The wounding, or death of our own boys lends a coloring to the awful conflict, but the true force of the announcement is felt in reality only in the homes of the afflicted. The fatalities reported in the death of Major Knight, Ptes. Weir and Bryon, has caused a general, but passing, sorrow, but only in the homes of the Knights, the Weirs and the Bryons will the real sting be felt and the vacant chair be seen long and constantly in the memory of the dead. Every name has a real significance; and however casually we may view the list, we should bear in mind that every name is the name of "somebody's boy," and conveys sadness and sorrow to somebody's heart.

NO CHANGE OF HEART

The Flesherton Advance thinks we have experienced a change of heart because we said the Liberals had made a good choice in the selection of W. H. Wright as a candidate for parliamentary honors and a week or so afterwards referring to the attitude of the party in turning down Mr. Calder, a resident of the constituency who had always been a faithful party worker. We have had no change of heart in the matter. We said that in selecting Mr. Wright they had chosen a good man. We say so still, and without making any reflections, and without any inconsistency we still contend that Mr. Calder deserved the consideration of the party, and in view of his past record as a party man, he deserved the nomination, in preference to an outsider. It is none of our business who they selected, and we have no quarrel with the Liberals because they saw fit to choose an outsider. We have spoken well, and not ill, of both gentlemen, and we challenge the Advance to place both statements side by side, and in the light of comparison let the public say where inconsistencies occur, or where a change of heart is in evidence.

FLESHERTON.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. NOTED MUSICIAN OF MONTREAL

Advices The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG 589 Casgrain St., Montreal. April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis—with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". A. ROSENBERG. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.
