MeTIME

Your daintiest blouse, Madame, wash it this way

Take, say a gallon of hot water, but not hotter than the hands can be placed in with comfort. Drop in 3 tablespoons of LUX and whisk into a lather. Stir the blouse about in the solution for a few minutes, then squeeze it well in the hands. Rinse in two or three relays of tepid water and hang to dry.

What's the result? A shining, shimmery, purely-clean garment with the color and life of newness-unshrunken and unfaded. Silk, crepe-de-chine, or any sheer fabric is cleansed with perfect safety.

You see, LUX is the purest essence of soap and cannot harm anything that pure water may touch, and it makes the hardest water as soft as summer rain. It won't shrink woollens.
