DURHAM, DECEMBER 7, 1916.

OBITUARY

MRS. ALLAN CAMPBELL.

We regret to learn of the death on Saturday of Mrs. Allan Campbell of Glenelg, who died after a couple of months' illness, necessitating an operation about three weeks ago.

The deceased, whose maiden name was Margaret McCoskery, was born in Bentinck, and was married ten or eleven years ago to Mr. Allan Campbell, who mourns the loss of an affectionate wife. There were no children. She leaves two brothers, John McCoskery of town and Donald McCoskery of Toronto, also three sisters. Mrs. Malcolm McInnis of Priceville, Miss Elsie McCoskery of Rochester, and Miss Esther McCoskery of Toronto. Interment took place to Durham cemetery on Monday afternoon.

NOT BETTER IN FRANCE

They manage things better in France used to be the stock phrase of the brisish grumbler who always declared that his country was going to the dogs.

By these and other exercises, by the scientific use of electricity and massage and baths, by occupations which both interest and train the invalid, we are getting results.

Of those brought back to Canada, too seriously disabled for a return to the front, nearly all will be enabled to earn their own living, and many of them to earn better wages than they ever had before.

The French, with far larger number to provide for, have gone further than ourselves, — for example, in training agriculturists for a successful return to agriculture, and in preparing the better educated to enter the teaching profession.

In some respects, however, Canada has nothing to learn even from France. There is the treatment of consumptives for instance. Senator Herriot Mayor of Lyon, a leading spirit in organizing the famous Joffre school for the wounded in a recent speech declared that nothing had been done for the tuberculous soldiers, though departmental associations had been called into existence for this purpose.

In Canada, the Military Hospital Commission has attacked this problem with determination. Special sanatoria have been opened, and no effort is being spared to restore the patients to health.

It is worth noticing, by the way, that Senator Herriot, as the result of experience urges the immediate necessity of checking the ravages of alcohol. He declares that this scourge like that other white plague consumption must be completely and rapidly destroyed in order to save the future of the country's power.

EDGE HILL.

Mr. and Mrs. John Weir of Egremont were visiting with Mr. and Mrs. D. Edge on Saturday. Mr. A. Anderson was in Markdale on Tuesday. Mr. Geddes and son from near Dromore were visiting at the home of Mr. Thos. Greenwood the beginning of the week.

Mr. and Mrs. Thos. Ritchie are spending a few days with friends in Guelph and are attending the Winter Fair. Mr. C. H. Moffat has sold a splendid pure bred poled anpus bull 14 months old to Mr. Farr Lawrence of Egremont for the snug sum of \$100.

The ladies spent another pleasant and profitable afternoon on Thursday last sewing for the Red Cross at the home of Mrs. Thos. Greenwood. They made eight hospital shirts and six pillow slips. Two pillows were made and filled with feathers, and four pair of socks were started. The cash contribution amounted to \$4.00.

Surprising the Bullock. In times of crisis and worry a kind word has been known to have surprisingly good results. The unexpectedness of such a word is perhaps the secret of its force. A book, "On the Wool Track," backs the moral with an anecdote.

A team was working on the Broken Hill road, and a bullock—the Beelzebub of the team—had gone obstinate, and the coach was passing. The whip was swinging, and some apt remarks were just forming on the back of the teamster's tongue when he caught sight of a clerical hat on the front seat and just in time thought better of it. He coughed politely.

"Them—Strawberry," he said, "proceed!" To his obvious astonishment Strawberry proceeded.

The Cat and the Tail. Once upon a time a cat who prided herself on her wit and wisdom was prowling about the barn in search of food and saw a tail protruding from a hole.

"There is the conclusion of a rat," she said. Then she crept stealthily toward it until within striking distance, when she made a jump and reached it with her claws. Alas, it was not the appendage of a rat, but the tail of a snake, who immediately turned and gave her a mortal bite.

Moral—It is dangerous to jump at conclusions. Then Something Happened. The hobo from the city has different ideas from the farmer as to working hours. The Country Gentleman says that a hobo got a job from a farmer in the busy season. He worked till 9:30, then had his supper. At 4 the next morning he was called to get up. He ate a hearty breakfast, then started upstairs again, saying, "This is the best place I ever worked—two suppers in one night and back to bed again."

Up to date the order-in-council hasn't even brought down the price of toothpicks.—Hamilton Times. Captain Koenig says the British blockade does not block. Then why the Deutschland.—Edmonton Bulletin.

"I FEEL LIKE A NEW BEING"

FRUIT-A-TIVES Brought The Joy Of Health After Two Years' Suffering

MADAM LAPLANTE

85 St. Rose St., Montreal, April 4th. "For over two years I was sick and a half and he did me no good at all. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.

I was treated by a physician for a year and a half and he did me no good at all. I tried "Fruit-a-tives" as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was "Fruit-a-tives" that gave me back my health!

MADAM BERTHUR LAPLANTE. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

The Town Council

Council met Tuesday night. Members all present. General accounts for \$223.18, and hydro accounts amounting to \$450, were examined by the finance committee and payment authorized. A grant of \$225 was made to the public library on account of appropriation. A resolution was carried to refund \$4 to the local Red Cross, rent of hall for concert. Free use of hall was granted for address to be held on January 15 in connection with government car exhibit. By-laws relating to nominations, poll tax, hydro and high school, passed their several readings as far as practicable. The poll tax was raised from \$1 to \$3.

Catton-Kress.—That whereas the provincial government of the province of Ontario did levy one mill on the assessment of all municipalities for war purposes, and whereas certain industries in the corporation of the town of Durham have been exempt, except for school taxes, and whereas this tax of one mill is imposed by the government, and for war purposes, that no corporation, industry or private individual can be exempt from such. That the treasurer be authorized to issue notice to all such industries, demanding payment at once, according to their assessments, both for the years 1915 and 1916.

A newly-married couple of West Zorra were subjects of a crude "joke" by a charivari party. The husband was stripped, and covered with tar and grease, while his young bride was tied near him to witness the indignities to which he was subjected. The sequel was a court case and the imposition of a hundred-dollar fine.
