

MOTHER FINDS WHERE DOLLAR GOES FURTHEST

Rubbers and Overshoes Save the Shoes the Tots Wear From the Wear They Would Get in the Severe Weather of Winter

The thrifty housewife has been kept jumping these last two or three years to make the dollar bend hard-

She must thank the British Government for this, for it is through Great Britain's control of the rubber market and the forcing down of the price of crude rubber from three dollars to 67 cents a pound that she can do it.

The dollar will not buy the shoes it did formerly, but it will buy the rubbers, and, after all, winter weather is rubber weather and rubbers save the shoes.

These Funny Minstrel Men. Sambo-Say, you know Artie? Jambo-Sure, I know Artie. Sambo-Well, you know Artie eats awful fast. Jambo-Yes? Does Artie strangle? Sambo-No; Artie chokes. Mr. Ump, our silver tongued tenor, will now sing that touching ballad "Oh, the Dog Deluded the Baby, So They Gave the Child Away."-Brunonia.

Robin Redbreast. The familiar name of "robin redbreast" is now borne in North America by a large red breasted thrush, in the island of Jamaica by a tiny crimson throated kingfisher and in British Guiana by a ground starling which presents the suggestive coloring.

The Period of Adjustment. "Why do they say that the first year of married life is almost the most difficult?"

"Because that's the time she has to get used to the fact that he isn't making all the money in the world and he has to adjust himself to the discovery that his little angel has a temper and uses it at times."-Detroit Free Press.
