ITALY'S NAVY IN THE WAR: LAYING MINES ON A MINE-FIELD.—Completeness of organization and equipment in every detail is the Italian guiding principle in regard to every thing to do with both their army and their navy. Before the war, indeed, the thorough-going efficiency of the navy was specially marked in every respect. In the opinion of official experts, its "battle worthiness" was far above fleet's apparent strength numerically in all classes of fighting craft. The Italian navy's efficiency in the war with Turkey in 1912-13 surprised Europe. One of the departments in which the Italian navy has for years shown marked progress is in every thing to do with torpedo, submarine, and mining work, with which the subject of the above illustration of an Italian mine-layer at work has to do. In the photograph, a mine-laying vessel is seen under way, at work sowing her freight of mines on a mine-field. The mines are shown ranged along the sides of the vessel. All are in readiness to be dropped overboard at carefully charted points along the vessel's course.

FLESHERTON.

Rev. J. T. Conn of Markdale was the speaker for the evening at the literary meeting of the Presbyterian Guild last week and his thoughtful and deeply interesting address on "Education in relation to ourselves" was a treat and highly appreciated. Chalmer's church hopes to be favored by Mr. Conn again. Revs. Dudgeon and McDonald, together with the pastor, took part in the service, and a pleasing duet was given by Miss Trimble and Mrs. Blackburn. Rev. Mr. Stevenson of Toronto, representative of the Lord's Day Alliance, spoke briefly at the close on the work of the Alliance.

A Red Cross knitting tea, given at the home of Mrs. D. McTavish, Tues-

day afternoon last week, was well patronized and was a pleasing function for the ladies. \$8 were received. A bale containing 146 pairs of socks was sent to Toronto a few days ago.

A hockey match here last week between mixed teams from Dundalk and Flesherton was an interesting one. The score was 11 to 7 in favor of Flesherton. On Friday evening the high school boys went to Markdale and the match with the boys of the school there resulted in a tie, 3-3.

On Friday last, Inspector Beckett prosecuted in two liquor cases heard here by Police Magistrate Creaser, of Owen Sound. John English, hotel-keeper, Singhampton, charged with a breach of the Ontario Prohibition Act, was fined \$200 and costs, and J.

Johnston of Osprey was taxed \$10 and costs for being drunk.

Mrs. Thos. Butler and son, of the Valley, had a sale of their farm stock, etc., last week, and have moved to town, occupying the Wilcock residence. Mrs. Butler moved here for the convenience of her son and daughter attending the high school.

Messrs. W. McArthur and Clark McMillan, near Ceylon, have enlisted here with the 248th Battalion.

Your correspondent has received interesting letters from Sergts. T. Chard, E. N. Jamieson and Corp. Rev. R. C. Kerr, at Shoreham Camp, England. All report activity in training for the front. A draft of 60 men had gone forward to France, and more expected to go in a few days from the reserve battalion, about 2,000 strong, made up mostly from the 147th Greys under Lieut.-Col. McFarland, and the 159th under Lieut. Col. Armstrong. At the time of writing Sergt. Chard had completed a course in bayonet fighting at Shorncliffe, where the work was strenuous.

A letter received a few days ago by Mr. and Mrs. J. L. McMullen from one of their sons in France, conveyed the gratifying news that there was a deep religious movement among the soldiers, many feeling the need and experiencing a spiritual awakening.

Sunday was missionary day in the Methodist church, and good congregations listened intently to deeply interesting addresses given by Rev. Mr. Wickware, returned missionary from Africa, who gave much information respecting the natives, and work among them in the Congo, where he had labored a number of years. Mr. Wickware spoke again at the Young People's meeting on Monday evening and was again very interesting.

Mr. Fred Lowndes, principal of the Markdale public school, who visited over the week end with his sister, Miss Lowndes, of the school staff here presided at the pipe organ in the Methodist church on Sunday, and the congregations were delighted with his skillful and effective playing. Mr. Lowndes is a clever musician, and the musical committee of the church have engaged him for organist and choir leader.

The Presbyterian cottage prayer meetings in the country are being

well attended, and also the union meetings in the village. A number from the village attended at Mrs. W. J. Lever's last week, and the meeting outside will be at Mr. Jake Lever's this week, Thursday evening.

Miss Laura Henry left last week to attend the millinery openings in Toronto, and take her former situation at Kemptville.

Mrs. W. A. Armstrong was called to New York on Friday last by the illness with pneumonia of her grandchild, baby Hyland.

Rev. J. T. Conn of Markdale was the guest of Mr. and Mrs. John Conn over Tuesday night, last week. We were pleased to receive a call from Mr. Conn while in town.

Rev. R. B. Stevenson, formerly of Chelburne, renewed acquaintances and gave us a pleasant call while in town last week.

Mr. G. A. Watson of Priceville gave us a friendly call on Saturday; also Mr. J. G. Carson, who is down from the west visiting old friends at Engenia.

Mr. Jas. Boyd of Regina visited over the week end with his brother here.

Miss Muriel McTavish was home from Owen Sound over the week end.

Mrs. J. A. Boyd of Markdale is the guest of Mrs. Geo. Mitchell for a few days.

Mr. C. B. Perigo of D'Arcy, Sask., visited over the week end with his sister, Mrs. Albert Stewart.

Miss Gladys Cornfield of Toronto, formerly of this place, has been taken on the staff of the Harrisburg Conservatory of music in the city. Miss Cornfield's friends here are pleased to learn of her appointment, and congratulate her upon her success in the musical art.

Married—On Saturday, February 11, at the home of the bride's parents, Madoc, Ont., by the Rev. W. B. Tucker Mary Wilhelmine, daughter of Dr. and Mrs. W. A. Dafeo, to Corp. A. R. Mendizabel, D.C.M. The young bride was a member of the high school staff here, and recently asked for a short leave of absence, with the above result.

THERE IS MORE CATARRH in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure it with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally, and acts through the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo Ohio. Sold by Druggists, 75c.
