A Vegetable Garden for Every Home

this year of supreme effort Britain and her armies must have ample supplies of food, and Canada is the great source upon which they rely. Everyone with a few square feet of ground can contribute to victory by growing vegetables.

Four Patriotic Reasons for Growing Vegetables

1. It saves money that you would otherwise spend for vegetables.

2. It helps to lower the "High cost of living."

3. It helps to enlarge the urgently needed surplus of produce for export.

4. Growing your own vegetables saves labor of others whose effort is needed for other vital war work.

The Department of Agriculture will help you The Ontario Department of Agriculture appeals to Horticultural Societies to devote at least one evening meeting to the subject of vegetable growing; manufacturers, labor unions, lodges, school boards, etc., are invited to actively encourage home gardening. Let the slogan for 1917 be, "A vegetable garden for every home."

Organizations are requested to arrange for instructive talks by practical gardeners on the subject of vegetable growing. In cases where it is impossible to secure suitable local speakers, the Department of Agriculture will, on request, send a

The demand for speakers will be great. The number of available experts being limited, the Department urgently requests that arrangements for meetings be made at once; if local speakers cannot

be secured, send applications promptly. The Department suggests the formation of local organizations to stimulate the work by offering prizes for best vegetable gardens. It is prepared to assist in any possible way any organization that may be conducting a campaign for vegetable production on vacant lots. It will do so by sending speakers, or by supplying expert

advice in the field. To any one interested, the Department of Agriculture will send literature giving instructions about implements necessary and methods of preparing the ground and cultivating the crop. A plan of a vegetable garden indicating suitable crops to grow, best varieties and their arrangement in the garden, will be sent free of

Here is Proof by Women who Know.

Lowell, Mass.-"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."-Mrs. MARGARET QUINN, Rear 259 Worthen St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them." - Mrs. FLORENCE ISELLA, Box 197, North Haven, Conn.
