The Mt. Forest Confederate has this to say of the peculiar halo about the moon a week ago Saturday night: "There was a very brilliant halo around the moon on Saturday evening, with four bright mock-moons giving the appearance of a cross. It was a sight worth seeing, and no doubt was a precursor of the cold weather that followed. These sun and moon halos are caused, scientists tell us, by the refraction of sunlight or moonlight by particles of ice in the air. The ice-cold air settled down in this case. In other cases, the halos are followed by storms."

### ALLEN—MORTLEY

A quiet wedding was solemnized at the home of Mr. and Mrs. Charles Mortley, Dornoch, on Wednesday, April 11th, when their fourth daughter, Caroline Isabelle, was united to the man of her choice, Mr. Joseph Askett Allen, youngest son of Mr. and Mrs. James Allen, of Williamsford.

The ceremony was performed in the presence of about thirty-five relatives and friends. At five o'clock, to the strains of the wedding march played by the bride's sister, Miss Margaret Mortley, the groom took his place under the arch decorated for the occasion. The bride, dressed in white georgette crepe, with veil caught up with orange blossoms, and carrying a bouquet of white carnations and maidenhair fern, was given away by her father. Her pastor, Rev. Mr. Mills, tied the nuptial knot.

After the ceremony, the guests assembled in the dining room, where they partook of a sumptuous dinner. The evening was spent in games and music. The groom's gift to the bride was a ten-dollar gold piece, and to the organist a gold brooch. The many and varied gifts to the bride were both handsome and useful.

The happy couple will reside on the groom's farm near Berkeley.

### EMELINE WARNER DOUGLAS

On Tuesday night, about 9.30, death came unexpectedly to Miss Emeline Warner Douglas, at the home of her brother, Mr. Robert Douglas, in town. The deceased was born in Beverly township 61 years ago, and spent the greater portion of her time in Toronto. For some time, years ago, she lived with her brother, and was well-known by many in town and vicinity. It was known her heart was affected, but she was able to attend her duties till about three months ago, when she was taken somewhat seriously ill and came to her brother's home, where she was kindly cared for.

She leaves to mourn her death, one brother, Robert, and two sisters, Mrs. Aaron Vollett, of Normanby, and Martha, in Toronto. She was a member of the Methodist church. Interment takes place this afternoon in Durham cemetery.

### GAVE HER BLOOD FOR SISTER

Mrs. Noble of Toronto, a daughter of Mr. and Mrs. John Fallaise, is seriously ill in the Cottage Hospital, and her relatives and friends are very anxious. Her trouble is from anaemia and blood-poisoning, and she is in a very weak condition. A very interesting experiment was tried a short time ago by the infusion of blood. An artery, or vein, was opened, and her sister, Violet, volunteered to furnish the blood, and a pint and a half was transfused, or transferred in the operation. Though slightly improved, it is not known what the result will be. We hope for a complete restoration to health.

Mr. Noble, her husband, is just recovering from a very serious accident, and we hope he will soon regain his former vigor. He enlisted for air service, and while training in England something went wrong with the machine and it fell a distance of 750 feet, injuring his neck. We are glad to learn he is so far recovered as to be able to engage in munition work.

Alexander Stewart, the Minto farmer charged with using seditious language, pleaded guilty at the spring assizes in Guelph. He claimed to have made the alleged disloyal remarks as a joke. The judge reprimanded him severely, and allowed him off on suspended sentence on furnishing recognizances of \$2,000.

A report from Detroit says: "Henry Ford, at the request of the British Government, has waived all patent rights on his farm tractor, and has cabled the specifications to England, so Great Britain can manufacture tractors for use in the British Isles and in France. It is also announced that Mr. Ford hopes to have thousands of tractors ready for use in the United States and in Canada by the first of August."
