A gloom was cast over this neighborhood on Sunday morning when word was received that Mrs. Chas. H. Moffat had passed away at the home of her mother, Mrs. D. Greenwood, in Durham. About three weeks ago, she was not feeling well and she went to her mother's home in Durham for a few days' rest. Little did her friends think that she was never to return. She has been suffering from anaemia, but after the birth of a son on July 30th, hopes were entertained that she would gradually regain strength. Such hopes, however, were not to be realized, and she grew weaker, until the end came Sunday morning. She was the oldest daughter of Mrs. D. Greenwood, and was born at Edge Hill in September, 1881. She was married March 28th, 1906, to Mr. Charles H. Moffat, who, with three little children, the eldest only four years old, and the youngest an infant of a few days, remains to mourn her loss. She was a Methodist until her marriage, after which she became a member of the Presbyterian church. The funeral services on Tuesday were conducted by Rev. Mr. Moyer, in the absence of her pastor, Rev. Mr. Whaley. Besides her husband and children, her mother, Mrs. D. Greenwood, of town, two sisters, Mrs. J.G. Firth and Miss Clara, and one brother, Arthur, survive. She was a woman of exemplary character, one whose removal is a distinct loss to the community. In her young womanhood she was an ardent worker in the Sunday school, and after her marriage always maintained her interest in anything which tended to the welfare of the community. We tender our sympathy to the sorrowing relatives.

Mr. George Nichol has returned to town, and is looking well.

Mr. and Mrs. Grant Whittaker of Toronto were in town last week.

Miss Inno Davidson, of Aurora, was the guest of Miss Flo Limin for a few days.

Trinity church Sunday school annual picnic was held in the park last week.

On Tuesday afternoon fire broke out in a barn belonging to Mr. Wm. Wall, just outside the town at the west side, and before anything could be done, it was doomed to destruction. It contained a quantity of hay belonging to Mr. Wm. Wiggins, but how the fire originated is not known. We understand the barn was a fairly good frame structure, and carried some insurance.

The executive committee of the Women's Auxiliary to the Organization of Resources Committee, after consultation with the Hon. W. J. Hanna, the Dominion Food Controller, is authorized to state that the food controller has adopted the idea of a pledge to be taken in a house to house canvass from each individual housewife to do her best to prevent food waste and encourage thrift and economy in the home. Where pledges are given, the food controller will supply a card to be placed in windows, showing that the house is pledged to save food for the Canadian soldiers and our

Allies. The executive of the auxiliary has also been assured by the Institutes branch of the Department of Agriculture that they will send a demonstrator in canning to any centre upon application. The foregoing information is being conveyed to the delegates who last week attended the Women's Convention.

There is more catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio.

*This White Lead has been making good for nearly 200 years.*

Not only is it absolutely pure, but it is whiter, of greater covering capacity and of longer life than any similar product. The paint in which it is used works easily and produces a tough, elastic film that is very durable.

The Chronicle suggests a drinking place in a prominent place in Durham, where a good drink of cold water can be obtained without feeling under obligation to any one in particular. The idea is a good one, and the first effort towards hospitality made in Durham for a long time.

St. Paul's people have arranged to hold their annual garden party on Tuesday evening, August 14th, in Mr. Thos. Tucker's orchard. The place is a good one, and every effort is being made to make it a great success, and give every one who comes a good time, and send them away satisfied and happy. Admission, 10c. and 15c.
