

FLESHERTON.

The visit of an aeroplane from Camp Borden was an event of much interest here for a couple of hours on Wednesday of last week. A little before 12 o'clock, the noise of the plane in the air was the signal of its presence, and soon many eyes were set upon it. After circling over the village for a short time, it descended, alighting in D. McTavish's field at the cemetery, where soon, from the village and country a show-fair-like crowd gathered and with deep interest examined the wide-winged bird. Special interest was taken in the visit when it was found that the young aviator in command was a former Flesherton boy, Flight-Lieut. Alf. Whitten, son of Mr. John Whitten, who dropped in on his old friends and received a pleasing welcome. Lieut. Whitten, who is said to be one of the cleverest young aviators at the camp, was accompanied by Mechanic Roberts, who was entertained by Dr. Murray. The Lieut. visited and took dinner with his uncle, Mr. Alf. Harrison. At 2 o'clock, the plane ascended, and after a short exhibition above the throng a mighty cheer went up to the birdmen, who waved adieu and left for home. The flight from Camp Borden, about 50 miles, was made in 50 minutes, but the aviators expected to return in 40 minutes. The Public and High schools were dismissed for an hour to allow the scholars to see the machine and witness the flight.

A quiet wedding took place at the Presbyterian manse, Markdale, on Wednesday, September 5th, when Miss Vera Loucks, of this place, was married to Mr. F. W. Cutting, of Markdale, the ceremony being performed by Rev. J. T. Conn. The bride will be missed in the Presbyterian choir, Guild and Sunday school, where she rendered good service. We wish the young couple happiness and prosperity.

Though not proficient with the needles, your cor. had the pleasure of attending a Red Cross knitting tea at the home of Mrs. W. J. Bellamy one evening last week, and spent a pleasant time with the busy ladies. The proceeds were \$7.75.

There was a pleasant gathering at the home of Mr. and Mrs. C. J. Bellamy on Friday evening last, when the bride's young friends gave her a shower, consisting of a beautiful mahogany tray with cut-glass water set. The company separated at midnight with many good wishes for the young bride and groom.

MAIMED SOLDIER LOSES; BREWER GETS POST OFFICE

A despatch from New Hamburg on September 7th says: Joseph Ran has been notified by the postmaster-general that he has been appointed as postmaster at New Hamburg, his duties to commence at once. He succeeds the late Jacob Laschinger, who died a few weeks ago. In connection with the appointment of a successor to the late Mr. Laschinger, every effort was made to have his son, Pte. Arthur Laschinger, who is returning from France, minus one leg, appointed in his stead. But the Dominion government has turned a deaf ear to all the entreaties and appointed a brewer.

Spoiling the Children.

Mrs. Hive—Why are children so much worse than they used to be? Mrs. Bee—I attribute it to improved ideas in building. Mrs. Hive—How so? Mrs. Bee—Shingles are scarce, and you can't spank a boy with a tin roof.—Awgwan.

Third Time in Ten Years.

Pinkerton station was destroyed by fire last week. This is the third time in ten years. The building and all its contents were destroyed. Lightning is supposed to have been the cause.

Vision Your Sons, Mothers of Canada!

Vision them at early morning when through the rising mists, there bursts a hurricane of fire---

See your valiant boys---calm, grim, but cheerful, "stand-to-arms" until the Hun's "morning hate" dies away.

Picture them at breakfast, the meal that must bring them the bodily sustenance to carry them through the strain of another day.

Then think what might happen if, one morning, there was no breakfast ---no food, and word went down the lines that Canada had failed them.

Vision all these things, and then---as Women of Canada --- Mothers of Men---Answer this Call to Service.

Canada must send to Her Own, and to the Allies Fighting Forces, more wheat, more beef, more bacon, and more of such other foods as are non-perishable and easily exported.

Canada can do this without depriving her own population of a fair share of any of these foods if You Women will but help.

All we ask of you is, that instead of buying so much white flour (if you do your own baking) you vary your baking by using one-third oatmeal, corn, barley or rye flour. Or, if you buy your bread, that you order a certain proportion of brown bread each day.

Second, instead of using as much beef and bacon as formerly, you vary your family's diet, by substituting for beef and bacon such equally nutritious foods as fish, peas, lentils, potatoes, nuts, bananas, etc.

Third, and this is most important, ---positively prevent the waste of a single ounce of food in your household.

They Must Be Fed

Statistics show that, everyday, in Canada, sufficient food is thrown into garbage cans to feed the entire Canadian Overseas Army.

Travellers have often remarked that many a European family would live well upon the quantity and quality of food wasted in some Canadian homes.

Such waste is shameful at any time; but in these times it is criminal.

Our only hope is that with these truths before you, and in view of the vital issues at stake, we may count upon your earnest co-operation in stopping this appalling waste; and in substituting other foods for the wheat, beef and bacon that must be sent overseas.

Next week a Food Service Pledge and Window Card will be delivered to you. It is your Dedication to War Service. The Window Card is your Emblem of Honour.

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.
