SIX 147TH OFFICERS KILLED.

Major Jaffray Eaton, and Capt. J. Campbell, of Owen Sound, have been reported as killed in action. This makes in all six officers of the original 147th Battalion who have made the supreme sacrifice. Three of these were killed last week. Three officers have been wounded. The killed are: Lieuts. Jas. Robb, Colin Adams, Stanley Campbell, Geo. Ewens, Major Eaton and Capt. Campbell. Major Eaton was 32 years of age, son of Mrs. Christopher Eaton, and for some years was connected with the Toronto Globe. His mother, Mrs. Eaton, is in England, having gone there a few weeks before the departure of the 147th and at once put in operation the Canadian Greys club rooms. Recent letters received from Mrs. Eaton state that she is far from well and that she has been ordered to a quiet resort for rest.

Of Capt. Campbell, the Owen Sound Sun says: "He was killed in action on October 24th. To say that he was the most popular officer of

the 147th is no disparagement to any of the others, and he was that. He was loved and honored by every member of his unit. The late Capt. Campbell was born in Priceville, near Durham, 30 years ago, and when only a small boy removed with his parents to Owen Sound. After graduating from the Collegiate he entered the drug store of the late Timothy Hatton, and finally graduated a chemist and druggist, purchasing the business on the death of Mr. Hatton. He was one of the best-known athletes in this part of the country and played on several championship football teams. He was a true sport, honorable in all cases, and a man clear through. He enlisted with the 147th Battalion in 1915 as a lieutenant, later being promoted to a captaincy, as second in command of a company. Capt. Campbell was retained in England until about the middle of April last, when he reverted to the rank of lieutenant to go to France. Since then he has been attached to the 4th C.M.R. and

has seen a great deal of heavy fighting around Vimy Ridge and Lens. Lately, the Canadians have moved to the Ypres salient and have been in the heaviest of the fighting along the Passchendaele Ridge. He is survived by his parents, Mr. and Mrs. Hugh Campbell, of Owen Sound, and two brothers, Dr. Alex. Campbell, of North Battleford, and Fraser Campbell, druggist, of Owen Sound."

MULOCK.

On Saturday, November 3rd, a number of representatives from each school section of the township of Bentinck met in the Mulock school house for the purpose of packing the eleventh shipment of Red Cross supplies, which consisted of 220 pairs socks, 9 pairs wristlets, 57 denim shirts, which were sent as soldiers' comforts, and 34 sheets, 36 towels, 58 pillow slips, 22 denim shirts, 6 flannel shirts, 58 pyjama suits and 6 hot water bottles, sent as hospital supplies. The

Potatoes in Millions.

North America is the original home of the famous tuber which forms the chief vegetable on all the tables of civilized nations today. It is fitting that in this year, when every ounce of foodstuffs is valuable, that this continent should produce a bumper crop of potatoes. It is reported that the United States yield this year will amount to the enormous total of 452,000,000 bushels. When the crop of Canada is added to this, it will be seen that North America is doing well with this favorite vegetable. The history of the introduction of the potato into Europe by Sir Walter Raleigh is a fascinating one, and that enterprising courtier of the reign of Elizabeth certainly made his name famous and showed the world how universal were to be two articles of consumption—potatoes and tobacco. One stops to wonder sometimes how our ancestors used to get on without the comforts that we enjoy, but it is hard to imagine a time when people always sat down to their meals without potatoes, and the men never, no never, smoked tobacco.

What Will Canada's Answer Be?

OVER in the sodden trenches amid the bursting shells and the roar of artillery where Canada's boys are fighting and dying.

—they are waiting for Canada's answer when the sale of Victory Bonds begins.

CANADA'S soldiers expect that we at home will put up the millions they need to keep on fighting,

—the millions they must have to win Victory for freedom, home and Canada.

What answer will Canada make?

What answer will you make?

Shall it be said that Canada spares not her sons from the sacrifice of battle, yet withholds her dollars to give them victory?

Rather will it be said that Canada once more, for the fourth time in three years, cheerfully puts up her millions upon millions for the cause of freedom, righteousness and justice.

Canada's answer must be,

—that the Canadian hand to the plow of Victory holds steadfast and firm.

—that Canada is in deadly earnest when she says the "last man and the last dollar."

That is the answer Canada will give to our boys in the trenches, our kinsmen in Britian, and our Allies everywhere.

That is the answer we will give to the Huns who thought and said that Canada would desert the Empire before she would fight or pay.

Every bond you buy is an answer. Let the millions of answers from Canada's loyal men and women make a chorus of Victory to ring around the world.
