FLESHERTON.

When the news was received here on Thursday last that Ple. Harold A. Mitchell, second son of Mr. Geo. Mitchell, manager of the Standard Bank, had lost his life on November 7th, when killed in action in France, great grief filled the home of his parents, and a deep gloom spread over the village. Harold, who was born in Flesherton, 23 years ago, was a fine type of young manhood, who gave promise of a useful life. His industrious habits, good business ability, and exemplary conduct won for him merited respect, and his early death is now deplored. In banking pursuits, he reached the position of teller in the Standard Bank here, and was transferred to Toronto, where he enlisted in the 126th Battalion, and with it went overseas in August last year. The past twelve months he spent mostly in the trenches in France, escaping injury until the time of his fatality. A largely attended memorial service was held in the Methodist church on Sunday evening when the brethren of the Masonic Lodge, in which the young soldier was a member, attended in a body, to pay their last office of respect to their departed brother. The pastor, the Rev. Mr. Belfry, gave an appropriate discourse from Isaiah 6:3: "Then said I, here am I, send me." fittingly applying the text to the young hero who responded to the call of his country and voluntarily gave his life for the cause of liberty and justice. A quartette by Messrs. Murray and Holland, Miss Richardson and Miss Trimble, and a trio number by Messrs. Murray, Holland and Sullivan, were effectively rendered. The pulpit and organ were draped in military colors. The bereaved family have the deep sympathy of the community in their loss. Mr. Kendall Mitchell, a brother of the deceased practising law in Chicago, enlisted there, and is attached to an aviation corps. Magistrate McMullen, assisted by J. R. Fawcett, J.P., of Kimberley, heard three more liquor cases in the town hall on Tuesday of last week, when Chas. Cullen, of Artemesia, and Ernest Brownridge, of Osprey, were before the court charged with keeping liquor other than in a private residence. Being found guilty, a fine of \$200 and costs was imposed in each case. John Richardson was before the magistrates charged with bartering in liquor, but not proven, the case was dismissed. Inspector Beckett prosecuted in all. Mr. Henry, of Markdale, defended Messrs. Cullen and Richardson. Mr. Brownridge was without counsel.

AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I gave you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. Thomas McKee-KGAL, 3432 Hartville Street, Philadelphia, Pa.

TUBERCULOSIS SUNDAY

Last year, as in years past, nearly every Clergyman and School Teacher in Ontario helped to spread the Gospel of Good Health on Tuberculosis Sunday and Tuberculosis Day in the Schools.

This year, under the auspices of the National Sanitarium Association, endorsed by the leading Clergymen of all Denominations and by the Department of Education, Sunday, November 25th, and Monday, November 26th, have been appointed for the annual observance of these days.

At no time in the history of the world has the necessity for physical fitness been so great as it is to-day. One has but to scan the reports of rejections for active service abroad to note the many that are unfit. "You have tuberculosis!" has been the pronouncement to thousands of young men in Canada and the United States during the past few months.

A thorough physical examination a year ago might have exposed the weakness and prevented the development of this dread disease; and yet, in spite of such a warning, thousands of men and women will continue to disregard the danger until they too have become victims of Consumption.

If you would avoid this disease, watch your health, avoid needless worry and over-work; see that your food is nourishing and that it is served at regular intervals. Above all—get out in the sunshine every minute you can spare; see that the windows in your place of business and in your home are open so that day and night you may be assured of a plentiful supply of pure, fresh air.

FIVE FUNERALS IN THREE YEARS

Family Almost Wiped Out By Consumption.

From a hovel in the rear of more pretentious buildings comes a ghastly tale, one that in this fair Province of ours seems almost incredible; yet, to those who know the ravages of consumption, it is but a typical case.

Grief stricken, the mother tells us of her five small children buried from this lowly home during the past three years, of her only remaining child, suffering from a tubercular hip, and then as though in mockery of their misery, the father, too, was stricken. He is now a patient at the Muskoka Free Hospital, where every endeavor is being made to save his life. The Muskoka Free Hospital for Consumptives is appealing for help to carry on this fight against the Great White Plague. The money you give will help them seek out those unfortunate families and give them a fighting chance for their lives.

She—I didn't know it was hopeless until I'd seen your method of making love.
