FLOWERS FROM SEED

Beauty and Fragrance for All at Very Small Cost.

Most Annuals May Be Sown Indoors For an Early Start—A Few Simple Remedies Suggested for Insect and Other Pests—Annuals May Be Transplanted.

(Contributed by Ontario Department of Agriculture, Toronto.)

Among the varieties that should be started early indoors are Petunias, Verbenas, Antirrhinum (Snapdragon), Pentstemon glaziovides, Salvia, Ageratum, Centaurea gymnocarpa (Dusty Miller), Pyrethrum (Golden Feather), and Lobelia. The four kinds last named being of a dwarf habit of growth are very useful for planting around the edge of flower borders.

Tall Plants for Centre. If a few tall plants for the centre, or at the back of a large border are required, plant a few seeds of the Ricinus (Castor Oil Bean). These may be planted about an inch deep in shallow boxes early indoors in April, and transplanted singly into 3 or 3 1/2-inch flower pots when three or four leaves are started; or one bean may be put in the same sized flower pot mentioned, and the plants allowed to grow there until planted out in the garden about the second week in June.

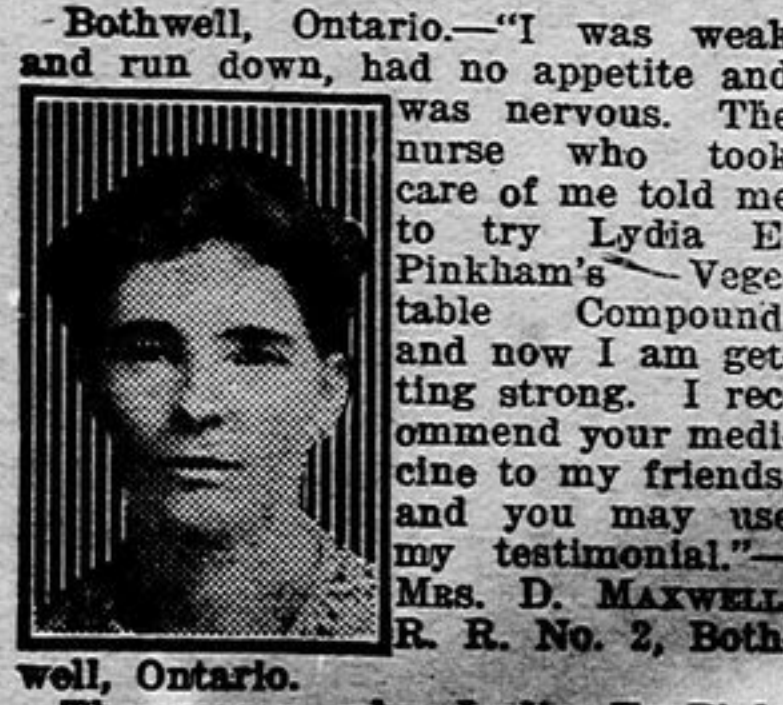

Some Annuals Suggested. A few varieties of annuals such as Asters, Chinese Pinks, Phlox Drummond, Zinnia, Balsams, Marigold, Coreopsis, Scabiosa, Calendula (pot Marigold), Mignonette, Schizanthus (Butterfly flower) and other varieties if needed, may be sown indoors early in April for early flowering or they may be sown out in the border about the second week in May for later flowering.

Much of the fertilizing value of manure is lost when piled in the barnyard till spring. Plan to haul it out to the fields as made. There, when spread or piled in small heaps, the bulk of this valuable by-product is utilized by next season's crops.

Nurse Recommended Use of Lydia E. Pinkham's Vegetable Compound

Bothwell, Ontario.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial." Mrs. D. Maxwell, R. R. No. 2, Bothwell, Ontario.

Priceville and South

We had some cold days during the past week, but it has the appearance of a change now. Some were making syrup the beginning of last week but the hard frost put a stop to the work.

Cattle feed is getting scarce with some. Hay is a good price, but not as dear as it was some 30 years ago. An old hard case of a Scotchman (a Lowlander), was selling hay to a poor man, and on a Saturday afternoon they were trying to make a deal. However, they didn't.

Miss Patterson, teacher at Top Cliff, spent a day in Toronto last week. Another Spinster Program was held in Watson's Hall last Friday night. We weren't there, but we fancy a good time was the order.

Rev. Mr. Jones and Elder Colin McLean attended Presbytery meeting at Orangeville last week. At the last communion held in the Presbyterian Church, Priceville, ten new members joined the church.

Mrs. Hugh McKinnon is not feeling very well at present, but hopes she will be out all right soon. Joseph Ferris of Artemesia was away at the jury in Owen Sound last week.

house to Mr. Ford. This was the old Baptist Church built some 45 years ago, but was abandoned for a number of years.

Our mail man makes good time always. Assessor Dunbar didn't come our way yet. The Traverston cor. says he is making them tell a lie or the whole truth in telling how many dogs they have. Well, when he comes this way, our dog will meet him with a welcome, as if telling him he is a good fellow and doesn't want to hide himself. In olden times when all stock was required to be told to the assessor, the writer being on the job then came to a good-hearted old Irishman. We asked him how many sheep he had. He hesitated: "I have six." But a small boy, a grandson, said: "Grandpa, we have 12." "Och, you little devil you, what are you talking about?" "But grandpa, we have 12 all right." See the truthfulness of a six-year-old little boy besides his aged grandpa. Not many years ago we came to a farmhouse on the same job as long ago. We asked for a dog. Yes, all right, but a small girl said: "We tried to hide the dog last year, but he began to bark and the assessor had him then, too."

ARE YOU A TIRED, WORN-OUT WOMAN?

Every Woman Needs a Tonic and Nervine at Some Period of Her Life. Toronto, Ont.—"As a tonic and bulider I can highly recommend Dr. Pierce's Favorite Prescription to tired and run-down women. I am the mother of eight children and have frequently had need of such a tonic but did not know what to take until my sister gave me some of the 'Favorite Prescription,' which she herself had found to be good. It was exactly the tonic my system required and one bottle did wonders for me, so I take pleasure in telling others, hoping that they will give the 'Prescription' a trial and be benefited just as I have been."—Mrs. Elizabeth Taylor, 261 Ontario St.

HEALTH IS MOST VITAL TO YOU

London, Ont.—"I can highly recommend Dr. Pierce's Favorite Prescription to the expectant mother. I was in a terribly run-down state. Was very weak and nervous and suffered with nausea. I was miserable until I began taking Dr. Pierce's Favorite Prescription, but my strength returned very quickly and my general health was better after taking it. My baby was strong and healthy, too, and has never seen a sick day."—Mrs. Harry Harris, 195 William St.

Go to your neighborhood drug store at once and obtain this Prescription of Dr. Pierce's in tablets or liquid, or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. tablets and write for free confidential medical advice.

Daisy Churn, new; about 8 tons Hay; Sugar Kettle; Pig Trough; Pig Loader; Forks, Chains, Shovels, and other articles too numerous to mention. Sale commences at 1 o'clock sharp. Everything must be sold. Terms.—All sums of \$10 and under Cash; over that amount, 12 months' credit will be given on approved joint notes bearing interest at 6 per cent. per annum.
