C. O. F. ATTENDED SERVICE IN BAPTIST CHURCH, SUNDAY

The local Court of the Canadian Order of Foresters attended divine service in the Baptist Church Sunday evening, and listened to a good sermon by the pastor, Rev. E. Cameron. In all, about 75 Foresters were present, including a few visiting brethren from outside points.

Mr. Cameron pointed out to the brethren that the happenings of a world are placed before the young people of to-day. From these mingled events they must choose their God and select the material from which to build their character. In this world, experience and friendship changes, but the love of God, and the mercies and forgiveness of God does not change. The soul is the most valuable thing which changes hands at the beckon of the human will. We choose eternal life as God in Christ offers it to us, or we reject it forever. It is an enormous turnover which means eternal life or eternal death. "For what is a man profited if he gain the whole world and lose his own soul; or what shall a man give in exchange for his soul?"

Principal Upshall and Miss Holmes of the High School leave on Wednesday for their holidays, but the former will return to preside at the Entrance examinations here.

KEPPEL TOWNSHIP HOME DESTROYED BY LIGHTNING

(Warton Canadian-Echo.)

During the thunder storm which swept over this section Friday evening, lightning destroyed the home of Mrs. I. Berry, who lives some three miles east of Warton.

Mrs. Berry and her son were sitting in the dwelling when the lightning struck, apparently entering on the telephone wire. Within a few seconds the building was a seething mass of flames, and it was impossible for them to save any of the contents of the home.
