With the prospect of almost certain death in the event of an accident, the aviators will set out from opposite sides of the Pole to fly over land, open and frozen seas, glaciers and the barren wastes of the Arctic regions to the North Pole.

After Suffering 25 Years, Completely Relieved by "FRUIT-A-TIVES"

MR. EDWARDS MAPLEHURST FARM, HILLHURST, P. Q.

"I am in my 78th year. About 25 years ago, I began to have trouble with my Stomach. One doctor said I had Cancer; another said, Ulcer of the Stomach; another, Gall Stones; others, Ulcers of the Liver and Inflammation of the Gall Bladder.

Three years ago, I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an Ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."

Then, I began to take "Fruit-a-tives". I found they helped me a lot, and I still take them occasionally, and I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much."
