A Distressing Accident.
Miss Cooper, an aged lady, sister of the late Mrs. John Wright, had an accident on Thursday of last week, and some weeks will pass before she will be able to be around. In some way she slipped and fell on entering the home of Mr. Zenus Clark on Garafraza Street and caused a fracture of her hip bone. Her case is considered quite serious. Her nephew, Mr. S. Wright, had just left town to return to his home at Kingston and on arrival at Markdale received notice of the accident and returned on Friday. The injured lady was taken to the home of her niece, Mrs. Traynor, in Bentinck.

Passed Normal Examinations.
We congratulate Misses Gertrude Cole, Edna Browning, Annie Graham, Mary Lamb, Bessie Mather and May Davis on their success in passing the recent Normal examinations, by which they are legally qualified teachers. All have secured schools and will enter on their duties at the beginning of the next term. Miss Cole, who specialized in kindergarten work, is engaged in the primary department of the Public School here; Miss Lamb will have charge of the Rocky School, Miss Mather goes to Campbell's Corners, Miss Davidson to No. 12, Egremont and Miss Graham to Bunessan. We have not been informed as to where Miss Browning will teach.

"Old-Timer" Here Last Week.
We had a very brief call last Thursday from Mr. B. B. Miller of Warton, but a resident of this town when The Standard was started in February, 1857. He had no connection with the paper, but to get it going rendered assistance in securing the subscription list. He is a brother of Mrs. Gibson Collinson of Ceylon, with whom he is visiting for the past couple of weeks. He was accompanied here by Mrs. Collinson and her two daughters, Mrs. Cairns and Miss Jean Collinson, and called on friends here and in Bentinck, near Aberdeen. Mr. Miller is 87 years of age, and previous to his resignation a year or so ago, spent 40 years as a Justice of the Peace, of which time he was Police Magistrate for 25 years. He is still hale and hearty for a man of his years.

Out on Suspended Sentence.
The car stolen from Smith's Garage a week ago Sunday morning was returned by a boy named Lang from Bentinck, near Dornoch. As intimated last week, his stories had too many variations and aroused suspicions which led to his arrest and subsequent investigation before Police Magistrates Creasor and Laidlaw last Friday afternoon. Though Lang stuck to his innocence for a time, the tell-tale marks of a bicycle on the rear seat of the car forced him to wilt and acknowledge his guilt before the day of the trial. Lang is a young lad under sixteen years of age, but his record is none too good, though of respectable parents. The case Friday afternoon was tried in camera, when the lad was let off on suspended sentence, and for the next six months he will have to report weekly to the police magistrate. It is to be hoped his criminal tendencies have been nipped in the bud and that from now on he will lead a better life.

Had Hand Amputated.
Unable to stand the pain of a cancerous growth on his hand, Mr. Martin Phelan of Greenock, farmer, near Chepstowe, had his hand amputated at the wrist on Thursday last at the Walkerton Hospital.

Bunessan Picnic, August 2.
The Bunessan U.F.O. picnic will be held in John Beaton's grove on Wednesday, August 2. Hon. F. C. Biggs, M.P.P., Miss McPhail, M.P., G. M. Leeson, M.P.P., will be in attendance and deliver addresses. See bills for particulars.

Here From the West.
Mrs. Moncrief, of Vancouver, well-known here by her maiden name of Miss Gertie King, is visiting friends in Mount Forest and gave us a brief call Tuesday as she was motoring through to spend a week or two in Owen Sound. We are sure she is enjoying herself.

Will Take Mr. Cole's Services.
Rev. J. W. Greenwood of Waterous, Michigan, who is holidaying with his parents, Mr. and Mrs. Thomas Greenwood, has consented to take Rev. Mr. Cole's services here and at Zion for the next two Sundays and will preach at the usual hours. This will save Mr. Cole the trips here from his summer cottage at Oliphant Beach.

Renovating Their Residence.
Mr. Peter McArthur, who occupied the W. P. Paterson residence on Queen Street for the past two or three years, has moved up town and the Misses Grant, who purchased the property last fall, are having the place painted, decorated and a hot-water heating system installed. Other additions and improvements are contemplated and when completed it will make a fine home.

Arrived Safely in England.
Mrs. W. G. Lawrence, who left here about three weeks ago on a trip to her old home in England, reports a pleasant voyage, of which she and the children enjoyed every minute, and did not suffer in the least from seasickness. Mrs. Lawrence says the boat on which she sailed, the Empress of Britain, was held up for 36 hours off the Newfoundland Banks by fog, but otherwise the voyage was uneventful. When the fog lifted, they were surrounded by icebergs, big and small. Mr. Charles Cotton, who sailed on the same ship, was not so fortunate, and as unable to leave his stateroom but very little on the trip over. Mrs. Lawrence's friends here wish her a pleasant visit to her old home.

Auto Accident Near Flesherton.
Mr. and Mrs. H. W. Norton of Chatsworth, their daughter, Miss Carrie Norton, Miss Dorothy Smith of Holland and Miss Florence Strong of Smith, met with an accident on Saturday last about noon while motoring from Flesherton to Eugenia. They must have been going at a fairly high speed as the car upset on turning what is known as the "Morey House" corner. Mr. and Mrs. Norton, who occupied the front seat, were pinned under the overturned car and considerably shaken up, while the three girls who occupied the back seat escaped uninjured. The party consisted of one of five car loads on their way to Eugenia to hold a family picnic. Relief was at once afforded by the occupants of the other four cars and the whole party proceeded on their way to Eugenia. The damage to the car consisted of a broken windshield and smashed top.

Car For Sale.

Left For Trip to Pacific Coast.
Mrs. Staples of Markdale, left on Thursday, July 13, on a trip to Vancouver to visit her son, George, who is City Freight Agent there. On her way she will make brief stopovers at Toronto, Smith's Falls, Port Arthur, Winnipeg and Regina.

Methodist Sunday School Picnic.
The annual Sunday School picnic was held on Monday of last week at the home of Mr. Ernest Roseborough, when a large number of pupils and their parents assembled and had a very enjoyable time. Games and amusements were in abundance, and refreshments enough and to spare. The Sunday School is in a very flourishing condition.

Buggy Wrecked Near Varney.
While driving home from Durham last Saturday night, Mr. Cecil Barber had the misfortune to be run into by an automobile, and completely wrecked, the horse running away, we are informed, and dragging Mr. Barber a considerable distance before he extricated himself. We have no definite information, but are told that the car was driven by Mr. Chas. Drumm of Holstein.

I.O.O.F. Decoration Day.
Grey Lodge I.O.O.F. will hold a decoration service on Sunday afternoon, July 30, when the members, visiting brethren and others will leave their hall at 2:30 p.m. and march to the cemetery when the graves of departed brethren will be decorated. In the cemetery, before and after the decoration, brief and appropriate services will be held. The public is cordially invited to attend.

Preached in Baptist Church.
Mr. A. T. McNeill, former principal of Woodstock College, and brother of Rev. John McNeill of Walmer Road Baptist Church, Toronto, preached in the Baptist Church here and at Glenelg on Sunday last, morning and evening, to full houses on all occasions. His work was very much appreciated and the congregations will be again delighted to hear him on Sunday, July 30, when he will again take the services. The pastor here, Rev. Mr. Cameron, filled Dr. Somerby's pulpit in Maitland Street, London, and will take the work again a week from Sunday. Mr. Cameron reports good services in London.

"The Four Horsemen" a Good Picture
"The Four Horsemen of the Apocalypse," shown here Tuesday and Wednesday of this week, was one of the best photoplays seen locally in a long time. The theatre management, however, were not greeted with very large houses, especially on the last night, and the probability is that they will be in the hole on the venture. The management have endeavored to give the public good pictures, but it is needless to say that if the attendance does not pick up it may be found necessary to cancel some of the big super pictures contracted to appear here in the next few weeks. "The Four Horsemen" was worth seeing, and any who missed it denied themselves a big treat.

Where They're Going.
Miss McLean, who taught at the Rocky during the past year and a half, has been engaged at Rock Mills, about three miles east of Flesherton. Miss Lavina Mortley resigned her position here and will teach her home school at Latona. Miss Jemima Lawrence resigned Hutton Hill and goes to a school near Gorrie. Miss Armetta McKechnie has secured Edge Hill school, and Miss Sibyl Lawrence takes her home school at Hutton Hill. Miss Elizabeth McCuaig, who has taught at Bunessan for the past three or four years, has secured a school at Castor, Alberta, and will go West after the holidays. With the new list of Normal graduates, which appear in another column, this is all the information available at the time of going to press.

All Roads Lead to Durham on Civic Holiday, Aug. 7.

With most of the arrangements already completed, it is safe to say that next Civic Holiday, the 7th of August, will see one of the biggest crowds in Durham since the well-known Sons of Scotland celebration in years gone by. This year the celebration is being held under the auspices of the Red Cross Society, and with a strong committee of both sexes on the job who are leaving nothing undone to insure the success of the big day, failure is well-nigh impossible. With good weather, the celebration of Civic Holiday 1922, will be one long to be remembered.

In the afternoon, the committee are staging a Sports Day on the Agricultural grounds and besides the usual good line of athletic contests are pulling off a football match between Markdale and Holstein W. F. A. teams, a lacrosse match between Elora and Durham O. A. L. A., and a tug-of-war between teams from Glenelg and Bentinck captained by Angus McArthur and Jack Grierson respectively. For the football and tug-of-war, silver trophy cups are to be awarded, and as these two cups are worth in the neighborhood of \$75, they are worth competing for.

Henderson's Kiltie Band from London are coming, and, with Highlad Dancing, will furnish part of the program.

One of the best features of the afternoon will be a "water contest" between the members of the local fire brigade. This consists of a full pressure of water in each hose, and both teams, playing the water on each other will attempt to cross a given mark, as in the tug-of-war, and the first team over the line wins. As the stream of water is capable of taking a man off his feet, ripping boards off a building or other like performance, it will easily be seen that the team that wins will know it has been through something.

Something out of the ordinary this time will be a "Baby Contest" for babies of 18 months and under, for which good prizes will be given. This should be an interesting part of the program and create a lot of interest.

And last, but not least, it is expected that Premier Drury will be present and address the gathering. Miss Agnes MacPhail, M.P. for South-East Grey has already consented to be here and will say a few words to her constituents.

The above is but a "once over" of the big day to be put on here on Civic Holiday and as the committees have not yet finished, it is more than likely that other attractions will be secured.

In the evening a big concert is being put on in the Hall at which the Henderson Kilties will furnish the program.

The proceeds of the day are to be devoted to the funds of the Red Cross Memorial Hospital now under construction here.

PICNICKING AT HOLSTEIN
Durham Women's Institute are enjoying a picnic this afternoon at Holstein, where four other Institutes will also take part.
