fact in a prominent notice to the as clean as anthracite, but it can be public.

Fines running as high as \$500 are No one, it is claimed, need fear new regulations.

## THREE FINGERS IN BLOWER

Andrew Filsinger, deputy reeve of Normanby, had his hand caught in the chaff blower of a threshing machine while removing some obstruction on Friday of last week, and before he could withdraw it three of his fingers were cut off. Medical assistance was secured, the injury dressed, and the patient is doing as well as can be expected.

The Chronicle will do it.

## CANADA MUST CONSERVE

A dispatch from Toronto states from the United States only on a signed order from the fuel controller and then only fuel that is absolutely necessary for immediate consumption. None can be obtained at present for storage purposes or household use, but only for use in hospitals and other similar public institutions, and for manufacturers It is strong evidence that we are in who have quantities of perishable goods on hand.

J. A. Ellis made this puite plain last week when discussing the statements of W. C. Cox, president of the sorial artists assert, as the result of London, Ont., coal wholesalers, who said that there was any amount o American bituminous coal available. Mr. Ellis stated that he had been in-

provided for anyone violating the freezing. Exports form Canada of bituminous coal from east and western average about two million tons a year. The greater part of this goes to the United States. If an embargo is placed by American authorities upon importation by Canada of United States coal, there could be a fairly effective retaliation by placing a similar embargo upon the export of the Canadian product.

Imports of bituminous have latterly averaged about twelve million tons, and of anthracite about four million tons per year. While the Eastern States draw heavily upon the Maritime Provinces this inter-

dependence of the two countries ALL COAL FROM UNITED STATES upon each other's fuel suppy, may, it is believed, lead to a relaxation of that coal can be brought into Ontario | the attitude now indicated at Washington.

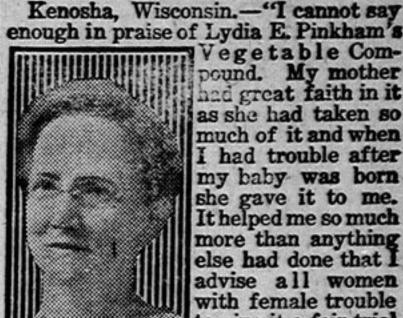

## BARBERS MUST PASS EXAMS.

Not many days will elapse now be- Her fore prospective barbers will have to go before a provincial board of examiners in Toronto, pass a rigid efficiency test and undergo a complete medical examination before they will be granted a formal diploma to serve the public, either as an employer or employee. Legislation to this effect will soon be forthcoming their appeal for action during the convention at Guelph several weeks ago. That the public will be doubly safeguarded is the plea of the barbers, who explain that while a board of examiners will demand that the applicant for the necessary credentials attains a certain standard efficiency, they will also insist upon a clean bill of health. A rule barring all persons from following the occupation while suffering from any one of several contagious diseases will be strictly enforced and all offenders will be severely dealt with.

## PRAIRIE FARMERS CAN

GROW THEIR OWN FUEL Prairie Provinces have a means of guarding to some extent against fuel shortages by growing fuel on their own farms is supplied in a report Setting forth these facts the Canadian a patch of soil measuring a little ducing \$16 per acre annually and more than one acre, 18 cords of fair that by liberal tree planting prairie years from Russian poplar cuttings. home conditions and increase farm The plantation averaged a little over profits. two cords per acre per annum, which valued at \$8 per cord would give a revenue of \$16 per acre for every able cost of living away.-Rochester year the trees were left growing. # To Holders of Five Year

# 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

#### CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 51 per cent interest, payable half yearly, of either of the following classes:-

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be ued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING.

Minister of Finance.
