**Held Picnic at Wilder's Lake.**  
The Swinton Park Pipe Band held a picnic at Wilder's Lake on Friday afternoon last and were the guests of Dr. Jamieson at his summer home there. Needless to say, they enjoyed themselves and favored their genial host and others with abundance of good pipe music. The audience was smaller than it otherwise would have been owing to the inclement weather that prevailed all day.

**Young Girl Called by Death.**  
We regret very much to chronicle the death of Susie May Eden, the fourteen-year-old daughter of Mr. and Mrs. Robert J. Eden of Varney, who passed away about midnight on Saturday from an infectious disease of the spinal chord somewhat similar to spinal meningitis. The young girl was ill only about a week. She was an only daughter, and besides her parents leaves an elder brother, W. J. Eden, of Egremont. The funeral was held on Monday to Maplewood cemetery, the services being conducted by the family pastor, the Rev. Mr. West of Holstein. The sympathy of the community is with Mr. and Mrs. Eden in their loss.

**Hanover Won the Game.**  
Hanover's intermediate team were too much for the Durham Bluebirds at Hanover yesterday afternoon, and smothered them to the tune of 23 to 1. Just why Hanover allowed Durham to get the "1" worries us a little, but not half so much as how Hanover managed to get that "23." It surely spelled "skiddoo" for Durham yesterday. We were not witnesses of the barbecue, but have been informed that the Durham team were playing away below form and that some of their men spent too much time on the fence. Twenty-two goals of a lead is "some" advantage, all right, but you can bet your boots that the Durhams will step on the field next Monday (Labor Day) in the return match here, with a determination to overcome the lead.

### BIG FIRE AT FLESHERTON

(Flesherton Correspondence.)  
At an early hour on Tuesday morning Flesherton met with a baptism of fire, the most destructive ever experienced here. At 12.30 o'clock it broke out in W. Cargoe's grocery from cause unknown and despite the strenuous efforts to stay its progress it spread to adjoining buildings, which fell a prey to the rapidly spreading flames. A call to Markdale brought assistance to the fire-fighters here and a light shower of rain helped to check the flames and danger to other buildings from flying embers. The places destroyed were: the Cargoe grocery, rented; A. M. Gilchrist's good brick residence; W. H. Bunt's furniture store, rented; and John Runstadler's provision store and residence, owned by him. The loss on the buildings will be only partly covered by insurance. The contents were mostly saved. The residences of Mrs. VanDusen, W. A. Armstrong, W. Moore and Dr. Murray had a close call. A big crowd came in from the neighboring villages and all the country around. Dr. Murray, when advised of the fire, motored from Wasaga Beach in an hour and a half, which was an anxious time for him.

### HERE AND THERE

Inland Revenue Officer Feik states that licenses have been issued to no less than 600 Kitchener and Waterloo citizens allowing them to brew their own beer.

Shelburne Agricultural Society has pulled down the grand stand and will not re-erect it this year on account of the high cost of material and a shortage of funds.

Mr. George Riechen of Hanover appeared before Magistrate McNab of Walkerton on a charge of speeding on July 27. He denies the charge and the evidence was so conflicting that the magistrate reserved his decision.

The Dover Oil Company has completed Well No. 3 near Inglewood. The superintendent of drilling operations reports that in this well gas was first struck at a depth of 460 feet. The volume of flow at this depth was 91,000 cubic feet. At 553 feet the volume was 750,000 cubic feet. The well was completed at a depth of 630 feet.

Mr. and Mrs. Harry Staples and three small children are back in Owen Sound from a motor trip to Calgary and return. They went by way of Sarnia and Detroit, Chicago, Minneapolis and St. Paul. From here they passed through Dakota and Montana. They visited Banff, Lake Louise and other places. They made the return trip through the United States on much the same route as they passed over going out. They went in twelve days, but required fourteen to return, the total distance being 6,500 miles. The report doesn't say they were eight-hour days. It was a Durant car, averaged 22 miles to the gallon, and didn't even relieve the monotony by a blow-out or a puncture.

**Rooms To Let.**  
School girls wishing comfortable rooms at reasonable rates, apply to Mrs. Walter Dunn. 1pd

**Historical Society Meeting.**  
A meeting of the Historical Society will be held in the Public Library on Friday evening at 8 p.m.

**Death of Edwin Johnson.**  
The death of Mr. Edwin Johnson at Holstein on Tuesday is fittingly referred to by both our Holstein and Corner Concerns correspondents. Mr. Johnson was a man who commanded the respect of all with whom he came in contact and his death will be a distinct loss to his community.

**Grain Wanted.**  
We are in the market for any quantity of Milling Oats, Feeds Oats, Barley, Peas and Mixed Grain. Will pay highest prices. We have a stock of Ground Feed on hand that we are selling cheap while it lasts. If you have grain to sell or want to buy feed, call us up.—Rob Roy Mills, Limited, Durham.

**The Baseball Gabfest.**  
Last week and the week before has been "baseball" week with The Chronicle, and the battle goes merrily on. While the Durham management have no statement to make as yet in rebuttal of the charges made in Secretary Horning's letter last week, they are working on the case and intend to go further with it. As a result, The Chronicle has been told to keep mum for the time being until the evidence is all in. We have also been assured by the management that no effort will be spared to get the local club a hearing before the executive.

### SOUTH GREY FAIR NEXT MONTH

The Durham Fair will be held on the 13th and 14th of September, about two weeks ahead of the dates used for several years past. For some time they have been unfortunate in running into bad weather, with a consequent loss of revenue. With a number of reverses, the funds are getting low and the management is hoping for greater prosperity.

We inadvertently called it the Durham Fair, but it is in reality the South Grey Fair, and belongs to the farmers as well as the citizens of Durham. All should be interested in its success and push it along by their means and influence. The man who isn't a member has no license to condemn it. The man who is a member and does nothing to advance its usefulness, apart from his contribution for membership is little better than the other fellow. The management is unable to control the elements, and if we happen with a bad day they shouldn't be blamed for it. The knockers who do little or nothing more than knock are an undesirable factor and also do more harm than good.

The local fairs are only small concerns when compared with the Canadian National at Toronto, or the Western at London. Visitors don't get as much for their money, nor should they expect as much. Never go to a small fair with the expectation of finding the thrills and attractions of the larger exhibitions. If you do, you will be doomed to disappointment.

Help your own local fair, be members of your own local fair, exhibit at the fairs, talk them up, boost them and build them up.

This year an effort is being made to interest the visitors with a program of sports, for which prizes will be given, and furthermore, the Henderson Kiltie Band will furnish music and dancing on the grounds in the afternoon of the second day and at the concert at night. Make it a point to see and hear them.

With your help the management will be placed on a better financial footing and the fairs will become more and more attractive as the years go by. Let us aim to make the gate receipts the highest ever. A thousand dollars would be a modest objective. In smaller places, much larger sums have been taken, and when it comes to a show-down, in a good cause Durham has never been found wanting.

Meet your friends at the Fair on the 14th of September. Don't forget the date.

### FORMER DURHAM RESIDENT DEAD IN OKLAHOMA

A copy of the Oklahoma Catholic Advance before us gives an account of the death in that State on the 3rd inst. of Mr. John Feagan of Medford, Oklahoma, a brother of Mr. Nicholas Feagan of Durham, and a native son of this vicinity. The Advance says:

"John Feagan of Medford, Okla., died at St. Francis hospital, Wichita, Kansas, August 3, 1922, after a serious illness lasting several months. At his bedside were his six children: Sister Immaculata of San Antonio, Texas; Mrs. A. A. Loftus of Trinidad, Colorado; Mrs. Harry Schreiner of Littlefield, Texas and J. J. Feagan, Mrs. John O'Meara, Mrs. W. T. Gray, all of Medford.

"The deceased gentleman was born in Durham, Canada, and was a pioneer of Summer County, Kansas, coming West when just a young man and settling west of Wellington, where he remained until the opening of the "Strip," when he moved with his family to St. Marys, near Medford, Okla. Funeral services were held at St. Marys, Okla., Saturday, August 5, and the remains were taken to Prairie Creek, Kansas, where they were laid to rest beside his wife, who had preceded him to a better home in October, 1885."

### BOY INJURED YESTERDAY IN BICYCLE ACCIDENT

What might have resulted in a serious accident occurred yesterday afternoon about 5.30 when two young sons of Mr. and Mrs. Thomas Young, who reside on the Archie Hunter farm in Upper Town were thrown from their bicycle and somewhat badly injured. The boys were both riding on the same bicycle and when they passed over the crossing on the main square the "post" of the machine broke and precipitated them violently to the ground. One of the boys escaped injury, but the other was knocked out for a time and had to be taken home. Though quite ill yet, we understand he is now on the road to recovery, though for a time it was feared he was more seriously injured.
