A WORLD'S WONDER

Publishers of Europe and America have expressed surprise that a paper of such wonderful value as the Family Herald and Weekly Star of Montreal can be produced at the subscription price charged. It is not only the enormous size of the Family Herald that excites the wonder of the world, it is the vast variety and the super-excellence of its contents. The great success of the Family Herald of Montreal has resulted in securing for it the very best talent in all its departments. This is measure of its progressiveness. The bride for a number of years has been engaged as stenographer in the service of the Independent Telephone Construction Company, of Toronto, from whom she received a beautiful silver tea service. She was also made the recipient of a number of cheques, ranging from ten to a thousand dollars, the latter being the gift of the bride's father. In addition, many other presents were given. BENTINCK TOWNSHIP ASKED TO AID FIRE SUFFERERS

An appeal is being made to residents of Bentinck to make contributions of grain, roots, vegetables, potatoes, apples, clothing, or anything of value to aid the sufferers in the recent fires in Northern Ontario.

On Thursday and Friday of next week it is requested that all donations be sent to Allan Park, from which station it is hoped a car load of material comforts will be sent at as early a date as possible.

In a year of such bountiful crops there should be a ready response. No farmer will miss a bag of grain, potatoes or apples, and in some cases articles of clothing or bedding, all or any of which will be acceptable to the sufferers so recently deprived of everything, and facing a cold. northern winter.

We have no doubt a liberal response will be made to this worthy appeal. Any information or particulars may be had by applying to Mr. Robert Brigham at Allan Park.
